Ottawa to Keep Succession Tax

Ilsley Declares Retention Vital to Canada's Interests

OTTAWA, May 1—(CP)—Premier Maurice Duplessis said today at a plenary session of the Dominion-Provincial Conference that he was ready to make an agreement that would take into consideration the principles of confederation, but if that agreement was not forthcoming he was "going back home."

OTTAWA, May 1.—(CP)—Finance Minister Ilsley told the Dominion-Provincial Conference today that the Federal government cannot meet demands put forward by the provinces, and he indicated that it now was up to the provinces to accept the Dominion proposals or see the conference break up in failure.

After an hour and 40-minute review of discussions at the current public meetings of the conference, Mr. Ilsley said the Federal government could not accept the Ontario counter-proposals. While it would like to meet the demands of the provinces, it could not do so without increasing its commitments.

WHEN MR. ILSLEY CONCLUDED, Premier George Drew of Ontario took the floor and said the Finance Minister's speech was a "bald statement to the provinces to take it or leave it."

Mr. Drew who did not complete his remarks before the luncheon adjournment, said the subsidy system as proposed by the federal government would lead to a breakdown of the Dominion's federal system.

HE SAID Mr. Ilsley's remarks had been directed at Ontario as though Ontario was the only province opposed to the federal proposals. However, Quebec, Manitoba, and British Columbia had been quite emphatic as Ontario on certain points. It was wrong to suggest that Ontario had "creat-

Manning Says Agreement Can Only Be Temporary

OTTAWA, May 1 (CP).—Premier Manning of Alberta, stressing the importance of the provinces and the Dominion reaching some agreement in their current discussions, said yesterday any agreement based on the federal proposals could at best be of a temporary nature.

THE LAST of the provincial premiers to speak at the current public meetings of the Dominion-provincial conference, Mr. Manning said it must be abundantly clear to all that the success of the conference and all that hinges thereon is hanging precariously in the balance."

There were wide differences of opinion which still had to be reconciled, despite the fact that discussions on financial relations had been in progress for nine months.

There could be no permanent solution of the problems of Do-

Douglas Urges Provnces Get All or Some Minor Tax Fields

By VICTOR MACKIE
Edmonton Bulletin Ottawa Bureau

OTTAWA, May 1—An Appeal to the Dominion government to give consideration to granting the provinces all or some of the minor tax fields such as amusement tax and gasoline tax, in order to facilitate an agreement being reached between the federal and provincial governments, was voiced by Premier T. C. Douglas of Saskatchewan when he presented his province's stand before the open sittings of the Dominion-provincial conference here Tuesday afternoon.

SASKATCHEWAN was prepared to conclude a tentative agreement on the basis of proposals made to the conference by the Dominion government, he said.

He rejected compromise proposals Ottawa had put forward in

Offers to P.E.I. Inadequate

OTTAWA, May 1.—(CP)—Offers made to Prince Edward Island under the dominion government's proposals now before the dominion-provincial conference are "totally inadequate" Premier Walter Jones of Prince Edward Island said yesterday in a brief to the conference.

FIGURES MR. JONES placed before the conference indicated his province required, exclusive of health insurance requirements, $2,901,000, compared with the dominion's offer of a minimum of $2,000,000.

The province suggested a per capita grant from the dominion of $31 while the dominion's proposals provided for a per capita rate of $15, with a minimum of $2,000,000 to any province.

Mr. Jones said regardless of whether the dominion's proposals were accepted a federal council should be established to control or advise on financial relations. The council would be composed of representatives of the dominion and provinces.

A LARGE PART of the brief was devoted to the historical background of the island province's relations with confederation in support of the argument that there had been failure to give the Maritimes a share of Canadian commerce which had been promised.

Rescued Airmen Now in Edmonton

In good health and spirits following the ordeal of being lost for two weeks in the northland bush, R. K. Ledward and his nephew, E. D. Ledward, Americans from Waukesha, Wis., forced down in a civilian aircraft near Grande Prairie on April 15, arrived in Edmonton Tuesday evening in an RCAF plane.

THE PAIR, who were uninjured when their plane made a forced landing in bad weather, walked along the Wapiti river until they came to a settler's cabin and thence on to Grande Prairie.

They are staying at the USAAF base until they leave for the States.

The Americans were on their way to Alaska when forced to land.

The undercarriage of their light civilian plane was too badly damaged to permit a takeoff.

AN INTENSIVE aerial search had been undertaken by USAAF search and rescue aircraft from North West Air Command, with thousands of square miles of the northland patrolled without successfully spotting the wreck.

Cadomin District Resident Is Dead

Exclusive to The Edmonton Bulletin

CADOMIN, May 1—One of this district's best known citizens, David Stene, Sr., 79-year-old resident of the coal branch, died here after a brief illness. He was a native of Greenhill, Scotland, and had resided at Pocahontas, Alta., before coming to Cadomin in 1920. He came to Canada in the early 1900's.

VETERAN OF THE BOER war and World War I, he was active in affairs of the Canadian Legion branch and the Mason order. In early days, he was a crack soccer player. He was predeceased by his wife three years ago. Surviving are three daughters, Mrs. L. Sanders of Mountain Park, Mrs. F. Wannamaker of Jasper and Mrs. S. Chesney of Cadomin.

There are five sons, Daniel at Vancouver, Alex of Edmonton and William, Thomas and David at Cadomin. In addition there are 19 grandchildren and two great-grandchildren.

Mr. Stene will be buried at Edson.

Appear in Court

Accused Cracksmen Given Adjournment

Charges of shopbreaking against James M. Graham and Kenneth Abbott, who were arrested at Vancouver one week ago in connection with the $7,600 robbery at Thompson and Dynes Ltd., 10336 Jasper avenue, last April 23, were adjourned until May 9 when they appeared before Magistrate A. I. Millar, KC, in city court Wednesday morning.

MAGISTRATE MILLAR set bail at $7,000 each and stipulated that the sureties offered for bail must be satisfactory to Detective Inspector Bert Petheram. Crown Prosecutor Kenneth McKenzie asked that bail be fixed at $10,000, while Fred Dunne, acting for Neil D. McLean, KC, who is representing the accused, asked that it be not more than "half that figure."

Inspector Petheram said Wednesday that so far none of the loot has been recovered. The men are accused of taking $2,671.80 in cash, $4,900 in bonds, five $5 gold pieces and a diamond ring from the firm's office safe.

The two men were brought to Edmonton under RCMP escort Tuesday evening after being held at the coast city for almost one week for questioning in connection with the robbery.

A charge of being an accessory to the robbery against a third man, Rex Johnson, has been adjourned until May 7.

Delinquency Count

Remand Accused For Sentencing

Bruce McPherson, 11302 94 street, 39-year-old ex-serviceman of the Second Great War, was remanded for sentence until May 7 when he pleaded guilty in city court Wednesday to a charge of contributing to juvenile delinquency.

THE ACCUSED was arrested last April 15 after a 15-year-old girl had phoned neighbors that a man was annoying her and that she was frightened by him. Police arrested McPherson as he was leaving the front yard of the premises where the girl lived.

According to statements presented to the court, the accused was on a party with the parents of the girl earlier in the evening and returned to their home with them. When the father and mother decided to go out for "a bite to eat," McPherson declined to accompany them saying he would rather stay and rest, as he was tired.

THE GIRL, and a younger sister, were asleep in a bed on the front porch when the mother and father

German Prisoners Go on Trial Today

MEDICINE HAT, May 1.—(CP)—Four German prisoners of war, Bruno Perzenowski, 31; Walter Wolf, 32; Willi Mueller, 33; and Heinrich Buch, 34, are scheduled to appear before Magistrate W. H. Ellis here today for preliminary hearing on charges of murdering Karl Lehmann, a fellow-prisoner, in Medicine Hat internment camp, Sept. 10, 1944.

The four were charged before Magistrate Ellis April 6, and remanded to the provincial jail at Lethbridge to await hearings. They will be represented at today's proceedings by George Rice of Lethbridge, appointed by Justice Minister St. Laurent to defend them.

Perzenowski, Wolf, Mueller and Buch were charged after investigations into Lehmann's death had been conducted by Royal Canadian Mounted Police.

Their arraignment followed by only a short time the trials of three other prisoners of war, Pte. Adolf Kratz, 24; L.-Cpl. Johannes Wittinger, 30, and Sgt. Werner Schwalb, 30, on charges of murdering August Plaszek, 42, in the Medicine Hat camp July 22, 1943.

Seek Man's Body After Coast Fire

LADNER, B.C., May 1 (CP).—Search parties last night probed the smoldering ruins of the net loft of Nelson Brothers St. Mungo cannery here in search of the body of Hilary T. Roberts, net foreman, who is believed to have perished in the $250,000 blaze. Firemen believe that if Roberts is not buried in the wreckage of the loft, his body may have fallen into the Fraser river. The room in which Roberts slept extended out over the river, and as it burned, the floor toppled into the Fraser.

Dr. Allan Nunn May Sentenced in London

Briton in Spy Ring Draws 10 - Year Term

LONDON, May 1—(CP)—The defence of Dr. Alan Nunn May, 34-year-old physicist who today was sentenced to 10 years' penal servitude for communicating information "which might be useful to an enemy," brought the first direct mention of Russia into the trial of the scientist.

DEFENCE COUNSEL Gerald Lardiner, in asking clemency for May, said flatly that the information the defendant was accused of disclosing was given to the Russians and that at the time of the offence—in February, 1945—the government had offered all possible technical or economic assistance to Russia.

"Rightly or wrongly", Mr. Gardiner said, "Dr. May felt full indignation that these promises of technical assistance were made one hour and ignored the next".

Gardiner told the court that May considered giving the information "the only contribution he could make to the safety of mankind" because he felt that the more people

But No Change in Liquor Ration

Beer Restrictions Off May 6

The lid is off on beer!

Which doesn't mean that the stuff is coming uncapped, but only that the irksome restrictions which permitted the sale of only three cases a month for home consumption from vendors stores are to be done away with commencing on Monday morning, May 6.

THIS ANNOUNCEMENT was made on Wednesday by Chairman J. A. King of the Alberta Liquor Control Board.

It will still be necessary for permit holders to have their purchases endorsed on that document, but only the amount the purchaser can carry—in the bottle—will limit his purchases after Monday—that—and, of course, the depth of his pocketbook.

No change will be made in the amount of liquor apportioned to each permit holder, however.

Industrial Importance Emphasized

Record Revenue Returns Are Reported For City

Bank clearings, city tax collections and land sales, customs collections and building permits issued all show record breaking advances for the first four months of 1946, compared with 1945 and previous years, to indicate the ever expanding importance of Edmonton as an industrial and trading centre.

BANK CLEARINGS during April totaled $53,970,354.59, compared with $42,219,611.19 for the same month last year, an increase of $11,750,743.40. The total of clearings for the four months of 1946 was $196,097,611.61, compared with $160,741,807.27 for the same period of 1945, an increase of $35,355,804.34.

City tax collections rose to a new all time record as $2,402,690.02 poured into the city treasury during the four months ended April 30, 1946, compared with $2,137,926.59 for the same period of 1945, an increase of $264,763.43.

TAX COLLECTIONS during April totaled $245,007.92, compared with $170,637.65 for the same

Quebec Cancels Liquor Rations

MONTREAL, May 1. — (CP) — Liquor ration books in Quebec province become merely something with which to start the morning fire as of today. The Quebec Liquor Commission announced that the rationing of Scotch whisky was lifted last night, thus ending all liquor rationing.

Clear, Blue Skies Here For May Day

Absence of the strong winds which have marked Edmonton's weather for the last ten days or more Wednesday combined with clear, blue skies to bring a return of the spring-fever feeling, just in time for May Day.

The forecast was "clear and warmer" and the estimated high for the day was 60. At 10 a.m. the reading was 50.

High temperature Tuesday was 57 at 5 p.m., while the low was 39 at 6 a.m. Overnight low was 30 at 5.30 a.m. Wednesday. The sun rises Thursday at 4:59 a.m. and sets at 8:02 p.m.

Wartime Housing To Quit Building

LONDON, Ont., May 1.—(CP)—It was learned reliably yesterday that Wartime Housing Limited will undertake no new housing contracts after the middle of May but will become an agency to control all new building in Canada.

Veteran pilot has great record. Page 15.

Picked Up Among Demonstrators

M'Arthur Death Plot Suspect Is Arrested

By RALPH TEATSORTH
Exclusive to The Edmonton Bulletin

TOKYO, May 1.—(BUP)—Allied authorities today seized a suspect in connection with a plot to assassinate Gen. Douglas MacArthur, as a huge May Day celebration came to an end without an untoward incident.

THE UNIDENTIFIED suspect, said to resemble Hideo Takayama, youthful Japanese overseas policeman sought as the alleged ringleader of the plot against the life of the supreme commander, was picked up from among 500,000 demonstrators. He was being questioned by American military police.

Tokyo metropolitan police officials, however, said there were no new developments in the hunt

CCF Radio Motion Is Lost on Division

OTTAWA, May 1—(CP)—The Commons today voted 97-75 against a motion by M. J. Coldwell, CCF leader, for the production of correspondence dealing with provincial ownership of radio stations.

The Progressive Conservative and Social Credit parties supported the CCF group in the vote. Most independents voted with the government against the resolution.

THE MOTION, moved by Mr. Coldwell, sought correspondence, reports and recommendations exchanged between the transport department, the Canadian Broadcasting Corporation and provincial governments regarding the ownership of stations by provincial crown companies or by provincial governments.

Revenue Minister McCann, the minister responsible for the operation of the CBC, opposed the motion on the ground the CBC was a separate corporation and its correspondence could not be produced in the house.

He suggested Mr. Coldwell seek

'Take It or Leave It' Stand, Claims Drew

By VICTOR MACKIE
Edmonton Bulletin Ottawa Bureau

OTTAWA, May 1.—Finance Minister Ilsley's summation of the Federal government's stand at the Dominion-Provincial Conference Wednesday had "lifted the veil" on the Dominion's attitude and was "a bald declaration to the provinces that we can either take it or leave it," Premier George Drew of Ontario told the conference here today.

ON HIS FEET immediately following the federal finance minister the Ontario speaker spoke with obvious heat, raising his voice as he hammered home his points. He prefaced his reply to Mr. Ilsley with the statement, "I shall do my utmost to be as restrained as I can under circumstances which warrant anything but restraint."

As he spoke there appeared no hope of the present conference ending in success. But later in his remarks Premier Drew himself expressed the hope that there was still a chance that some way out of the deadlock between the Dominion proposals and desires of some of the provinces could be found.

HE SAID, "I hope that there will be evidence of a willingness still to compromise displayed in spite of what might appear to be the closing of the door."

Mr. Ilsley's refusing of arguments that adoption of a subsidy

For Improper Care

Fine, Suspension Given to Doctor

Dr. J. C. Andreas, Wetaskiwin physician, has been fined $500 and placed on one year's suspension by the Alberta College of Physicians and Surgeons, according to information disclosed in Edmonton Wednesday.

DR. ANDREAS, a former Edmonton surgeon, was charged with improper care of a patient following an operation last January. The patient was William Charles Dearing, 56-year-old Wetaskiwin district farmer, who died.

A coroner's jury, investigating the death at the time, returned the verdict that Mr. Dearing "died at the Community hospital in Wetaskiwin, Alberta, on the 26th day of January, 1946, at 12:05 a.m., from shock, while undergoing an emergency operation which was being performed as a result of improper care following a previous operation by Dr. J. C. Andreas."

EVIDENCE GIVEN at the inquest showed that, according to Dr. Andreas' testimony, the patient was recovering until stitches which had been used to close the wound came out several days later. He said he decided to avoid restitching the wound and about this time, left Wetaskiwin for several days.

During the subsequent emergency operation, performed by Dr. John Melling of Wetaskiwin—after conferring with Dr. Walter Anderson, Edmonton, former associate of Dr. Andreas, the patient died.

Meyer Is Secretly Brought to Canada

By JOHN LANGLOIS

HALIFAX, May 1—(CP)—So tight was the secrecy surrounding the transfer to Canada aboard the Aquitania of S.S. Maj.-Gen. Kurt Meyer, sentenced to life imprisonment for responsibility in the shooting of Canadian prisoners of war, that workers in the ship's hospital, just a few yards from the cells, were unaware of his presence during the crossing.

MEYER WAS TAKEN off the vessel under his heavy provost corps escort last night and immediately whisked off to the penitentiary at Dorchester, N.B.

Witnesses who saw him disembark said at the time he was wearing the uniform of a Canadian army private.

Members of the crew and storekeepers on "F" deck, deep in the

Maximum Prices Of Potatoes Given

OTTAWA, May 1—(CP)—Maximum 1946 prices for new potatoes, imported and domestic, were announced by the prices board today. The announcement said practically no change from 1945 prices will result, with increases varying from a quarter cent to a half cent a pound expected in the prairie provinces, the Maritimes, Northern Ontario and Northern Quebec.

Maximum prices at the basing points—Harrow, Ont., and Vancouver—are the same as for last season. The maximum allowance of 40 cents a hundredweight for transportation from basing points has been eliminated, however, and this year's price throughout Canada will be the schedule price at the basing points, plus transportation costs to distributing centres from the closest point.

Dairy Subsidy Gets Extension

OTTAWA, May 1 (CP).—Dairy subsidies, which were scheduled to expire at midnight last night, have been extended for one year by order-in-council, Agriculture Minister Gardiner announced yesterday in the commons. He said there was no change in the rate of the subsidies. Mr. Gardiner, in replying to a question from John Bracken, Progressive Conservative leader, said the subsidies dealt with milk entering cheese production, butterfat used in butter production and on whole milk, thus, the whole list of dairy products was covered.

Soviet objects to Italo peace treaty. Page 3.

Effective June 1

New Hours Are Set For Beer Parlors

Alberta beverage rooms will dispense their beer in eight-oz. glasses after June 1 and will remain open from 10.00 a.m. to 10.00 p.m., according to an announcement Wednesday by J. A. King, chairman of the Alberta Liquor Control Board. The new glasses will be of the type now being used in Saskatchewan and British Columbia on which a ring appears below which must be all beer—no foam.

WARTIME RESTRICTIONS reduced the size of Alberta's beer glass from eight to seven and a half ounces so that the announcement augurs a return to more normal times. License holders may commence making use of stocks of the pre-war glassware at any time, the chairman of the liquor board stated, since in some cases they are short of the seven and a half size and have a stock of the larger con-

Farm Body Heads Meet at Calgary

CALGARY, May 1—(CP)—Representatives of the "Big Three" farm organizations met here yesterday to draft a program of action to bring about parity prices.

THE LEADERS WERE: George Church, president of the United Farmers of Alberta; Carl Stimpfle, president of the Alberta Farmers' Union; Lew Hutchinson, president of the Alberta Federation of Agriculture, and J. R. McFall, secretary of the federation. (These three organizations are now in process of amalgamation; their most recent annual conventions having urged the move).

The threat of inflation is considered by farmers a real and serious menace, Mr. McFall said after the meeting.

"We are taking a very strong stand on this question", he said, "we know that the farmers and the wage-earners will be the first to suffer from its effects. We wish the government had held the price line

Terrorists Delay Jews' Migration

LONDON, May 1 (CP).—Prime Minister Attlee told the house of commons today that large numbers of migrant Jews cannot be admitted to Palestine "until illegal armies have been disbanded and surrender their arms."

THE ANGLO-AMERICAN commission's report on Palestine, made public last night, recommended the admission of 100,000 Jews as soon as possible.

"The practical difficulties involved in the immediate absorption of so large a number of immigrants would obviously be very great," Mr. Attlee said.

The present policy, outlined by the British government's 1939 white paper, permits the entry of about 15,000 Jewish immigrants annually, although hundreds of others attempt to slip into the country without immigration certificates.

MR. ATTLEE SAID the government wished to learn to what extent the government of the United States would be prepared to share military and financial responsibilities implied in the execution of the report.

"The report must be considered as a whole, in all its implications.

"Its execution would entail very heavy, immediate and long-term commitments.

"The British government wishes to be satisfied that they will not be called upon to implement a policy which would involve them single-handed in such commitments, and in the course of a joint examination they wish to ascertain to what extent the government of the United States will be prepared to share the resulting additional military and financial responsibilities.

"The report recognizes that 100,000 certificates for admission of Jews to Palestine should be authorized immediately and awarded so far as possible in 1946 and that actual immigration should be pushed forward as rapidly as conditions permit.

"THE PRACTICAL difficulties involved in immediate reception and absorption of so large a number would obviously be very great. It is clear from the facts presented in the report regarding private armies maintained in Palestine, and from their recent activities, that it would not be possible for the government of Palestine to admit so large a body of immigrants unless and until these formations had been disbanded and their arms surrendered.

"As the report points out, private armies constitute a danger to the peace of the world and ought not to exist. Jews and Arabs in Palestine alike must disarm . . ."

"The British government recognize that decisions must be taken as soon as possible. Meanwhile the house will understand I am unable to make any further statement."

WINSTON CHURCHILL, leader of the Conservative opposition, asked if the government would enter action necessary "to do justice to this very important and far-reaching report," and Mr. Attlee interrupted him to say that his assumption was correct.

That being so the opposition would not press for a debate at present, Mr. Churchill continued.

JERUSALEM, May 1.—(Reuters)—The Arab higher committee today decided to call a country-wide Arab general strike for Friday in protest against the Anglo-American report on the future of Palestine.

Woman Awarded $11,300 by Court

VANCOUVER, May 1 (CP). — Damages totalling $11,300 and costs were awarded Kathleen Elizabeth Richmond in supreme court here yesterday against Dr. Williamson F. Shaw, Vancouver physician.

Miss Richmond sued Shaw for damages on the ground that he persuaded her to marry him in 1933 by fraudulently misrepresenting to her that the divorce he had obtained in Nevada a few months previous from his first wife, was valid here.

Last year, she sued the doctor for divorce, but it was refused by Mr. Justice J. O. Wilson, when he found there was no valid marriage. Later, she obtained an annulment.

Meyer in Canada

(Continued from Page 1)

hold of the vessel where the cells are located, told The Canadian Press today few passengers on the vessel knew of Meyer's presence. Even employees closest to the ship's jail knew only that one prisoner—"a brigadier or a general"—was being carried across.

THE THEORY was advanced aboard ship that Meyer was kept so closely guarded for his own protection, as well as the fact he was a prisoner.

The closely-guarded secret of Meyer's arrival in Canada broke only early this morning—hours after the Aquitania had docked here last night.

Among her passengers were more than 1,000 dependents of Canadian servicemen. Also aboard were Sir Gordon Macdonald, governor-designate of Newfoundland, and Maj. John Weir Foote, VC, returning from England where he was formally invested by the King with the Victoria Cross.

Douglas Objects To Ont. "Poorbox"

OTTAWA, May 1.—(CP)—Premier T. C. Douglas of Saskatchewan said yesterday he was not clear what the Ontario proposals were with respect to proposed federal subsidies to the provinces.

Addressing the Dominion-provincial conference, Mr. Douglas said the Ontario proposals did not indicate how much the proposed subsidy would amount to, or whether it would be reduced by the amounts colected in gasoline, amusement and other similar taxes which Ontario wanted to have collected by provinces only.

NEITHER WAS the Ontario brief clear on the matter of fiscal need. The brief mentioned the setting up of a fund into which the provinces would pay certain amounts. The fund would then be paid to the provinces. Basis of payments was not clear, said Mr. Douglas.

"As we understand it, the brief calls for the setting up of a confederation poor-box with the poor relatives lining up at Christmas time to get a hamper," he said.

Saskatchewan did not want that kind of charity.

Veteran Detective Retires From RCMP

Member of the detective branch at RCMP "K" Division since 1937, Sgt. W. L. Staley went on retirement Wednesday morning. He plans to remain in Edmonton—with his family, at their home, 10032 147 street and his plans for the future, other than that, are indefinite.

Born in Essex, Eng., Sgt. Staley came to Canada in 1911 and joined the RCMP two years later. He served in Edmonton as a constable in 1918, was posted here in 1937 from Castor, where he headed the Mounted Police detachment.

Remand Accused

(Continued from Page 1)

left. A short time later the younger girl was awakened by McPherson who allegedly made improper advances and suggestions and took out some money, offering the girl a dollar.

The frightened youngster kept telling the accused to get out of the porch bedroom and leave her alone. He finally left the house after which the girl locked the door.

The accused returned to the front door and the alarmed youngster phoned a neighbor, who in turn called police to the scene where McPherson was arrested.

A FOUR-PAGE report prepared by the authorities at the Oliver provincial institute after examining the accused for one week was submitted to court. The report recommended that he be placed on the interdiction list.

The defence said that the accused was agreeable to being interdicted and that the effect of alcohol on him was responsible for the predicament in which he found himself.

McPherson, who served overseas for almost six years and took part in the fighting in Italy and Holland, was shot in the foot last Feb. 6 by the father of two young girls, who claimed that he had made improper suggestions to them as they were on their way home after getting off a street car.

MAGISTRATE A. I. MILLAR, KC, remanded the accused for sentence for one week, saying, "before I sentence the accused I want to carefully study the report."

Veteran of British Army Sentenced

WINNIPEG, May 1.—(CP)—Cpl. John Hugh Harvey, 34-year-old veteran of the Royal Army Medical Corps, has been sentenced by an all-British court martial to a reduction to the ranks and one year's detention, it was announced here today. Cpl. Harvey was convicted on nine charges involving misappropriation of Red Cross parcels, refusing to obey an order of an officer, and several incidents in which prisoners-of-war in the Japanese camp at Oeyama, Japan, had been slapped or beaten.

Terminate Highway Control in Alaska

ANCHORAGE, Alaska, May 1. —(AP)—All control on civilian travel over that part of the Alaska highway lying within Alaska will be relinquished by the army today, the Alaskan department announced yesterday. Civilians desiring to travel over the highway within Canada will be required to obtain the necessary permission from the proper Canadian authorities.

Irate Taxpayer Hands Over Shirt

HAMILTON, May 1 (CP).—The angry fellow shouted, "You've got everything but my shirt; you might as well take that," and proceeded with an impromptu strip-tease before crowds of last-minute income tax payers in the Dominion public building. While women giggled or shrieked, the man removed his shirt and sweater in the main lobby and trampled them underfoot. Police persuaded the irate taxpayer to don the garments again.

Plaintiff Seeks Damages of $15,774

Damages totaling $15,774 are sought by Mrs. Charlotte and M. J. Quebec, Edmonton, in a supreme court action filed Wednesday for injuries received by Mrs. Quebec when struck by a Checker Taxi Co. Ltd., cab as she walked on the west sidewalk of 102 street, immediately in front of the Hudson's Bay Co.

Defendants to the action are the City of Edmonton, and the Checker Taxi Co. Ltd. The statement of claim was filed by the law firm of Duncan, Cross and Johnson.

The taxi which struck Mrs. Quebec, previous to the accident, had been in collision with a trolley bus operated by Harry Sauliner. The taxi was operated by Eric Roosevelt McConnell.

Seize Suspect

(Continued from Page 1)

for Takayama. They said they did not believe he was anywhere in the metropolitan area.

POLICE ESTIMATED that between 1,500,000 and 2,000,000 persons participated in May Day demonstrations in major cities throughout Japan. Communist officials, leading sponsors of the Tokyo celebration, said at least 500,000 participated in the capital.

The demonstrations were all noisy, but peaceful.

Acting Japanese premier Baron Kujuro Shidehara called at MacArthur's headquarters to express his anxiety over the supreme commander's safety.

THE ONLY EVENT that faintly resembled an "incident" occurred in mid-afternoon, when two truckloads of soldiers with fixed bayonets were rushed to a gathering of 500 demonstrators near the Army Air Transport Command building. The group milled beneath a huge banner labelled "Democratic Conference for Food," but did not become disorderly.

The May Day celebration was sponsored by the Communists. Trade Union groups and the Social Democrats participated.

THE PROVOST MARSHAL'S office said that the thin-lipped Takayama had been seen in Tokyo within the past five days. Col. H. I. T. Cresswell, head of the civil intelligence section, said he believed that four or five men were involved in the plot.

The plot was revealed to counter-intelligence agents, headquarters said, by a member of the gang whom Takayama grew to mistrust and tried to poison. The unidentified tipster said the plan was for Takayama and his followers to shoot the supreme commander and toss grenades into his automobile while he was driving from his office to his home in the U.S. embassy. They hoped to escape in the confusion of the May Day crowds.

CCF Motion

(Continued from Page 1)

information at sittings of the commons radio committee, when it begins sessions shortly.

Mr. Coldwell said the committee would not begin its sessions for several weeks and he needed the information before that time.

DR. McCANN then said the permision of provincial governments would be required and this would cause delay.

Persisting, Mr. Coldwell asked the minister to take steps to obtain permission.

He called for the recorded vote after Dr. McCann based his objection on the ground the papers could not be produced because of the status of the CBC.

Power Production

Production for city requirements at the city power plant for the period Jan. 1 to April 28 totaled 40,801,500 kilowatt hours compared with 39,360,700 for the same period last year, an increase of 1,440,800 kilowatt hours, according to a statement filed Wednesday with the city commissioners by W. I. McFarland, power superintendent.

Home-Made Bomb Is Tossed in Truck

MONTREAL, May 1—(CP)—Montreal's recurrent crime wave took a new turn late yesterday when a home-made bomb was thrown from a passing automobile into a parked National Breweries truck, causing considerable damage although injuring no one.

While there is a month-old partial strike over wages and hours at four Montreal breweries, officials of the International Union of United Brewery Workers (AFL) denied any connection with the incident.

TWO MEN in a black sedan drove slowly past the parked truck and the front-seat passenger tossed a package into the truck. Twenty seconds later, as the car sped away, a sharp explosion shook the area. Kegs of draft ale were shredded, two holes blown through the bottom of the truck and lead shrapnel pierced the window of a nearby Chinese restaurant.

The bomb was discovered to be made of dynamite packed in sand and fitted out with detonating cap and fuse.

Funeral on Friday For E. H. Macklin

WINNIPEG, May 1 (CP).—Veteran members of the mechanical staff of the Winnipeg Free Press will be active pallbearers at the funeral here Friday of E. H. Macklin, 83-year-old dean of Canadian journalism, who died yesterday.

The funeral will be held at 4 p.m., CST, in a downtown chapel with burial in Kildonan cemetery, resting place of many prairie pioneers. The services will be conducted by Rev. W. Gerald Burch, rector of St. Lukes Anglican church.

THE HONORARY pallbearers will be men long associated with Mr. Macklin in the newspaper world, and friends and business associates in Winnipeg.

They include F. I. Ker, publisher of the Hamilton Spectator and president of the Canadian Press of which Mr. Macklin was one of the founders; Senator W. A. Buchanan, publisher of the Lethbridge Herald, and recently retired as president of the Canadian Press; E. Norman Smith, the Ottawa Journal; H. P. Robinson, Saint John Times-Globe; Victor Sifton, the Winnipeg Free Press; W. McCurdy, the Winnipeg Tribune, and Clifford Sifton of Toronto.

Beer Parlors

(Continued from Page 1)

tainers held over from pre-war days.

HOWEVER, THE NEW glass with the "high water mark" and the eight-ounce capacity becomes compulsory on June 1. It is felt, Mr. King said, that ample stocks of that type of glass will be available by that time.

The increase in the hours during which beer rooms may remain open is subject to an agreement being reached between employers and employees and will likely form a problem for the Board of Industrial Relations during the next month. Pre-war hours for beverage rooms were from seven a.m. to 10 p.m., Mr. King pointed out, so hours of sale have not yet returned to their peace time length.

TO COMBAT a tendency for brewery-owned hotels to sell only the brands of bottle beer which are manufactured by their own company, licensees are to be required to carry a stock of all beers made in the province and are to display signs in prominent spots in their beverage rooms showing the kinds of beer available.

The cards are to be of a design approved by the Alberta Liquor Control Board and may be issued by that body, unless the Hotelmen's Association assumes that responsibility on their own.

Salvation Army's High Council Meets

SUNBURY-ON-THAMES, Middlesex, Eng., May 1.—(CP)—The high council of the Salvation Army met today for the sixth day but nominations for a new Army leader to succeed Gen. George Carpenter are not expected before tomorrow. The council still is working on procedure and the meeting is likely to last 14 days instead of 10 as expected earlier.

Legs Amputated

BROCKVILLE, Ont., May 1. —(CP)—Harry Lane, 31, Canadian National Railways trainman, lost both legs between the knees and ankles, when run over by a boxcar in the shunting yards last night.

Farm Worker Is Injured by Plow

Exclusive to The Edmonton Bulletin

GRANDE PRAIRIE, May 1—Hans Sendinger, 40-year-old employee of Louis Stickney, Hythe district farmer, was in serious condition in Grande Prairie municipal hospital Wednesday as a result of being thrown beneath the sharp blade of a plow Tuesday morning.

SENDINGER was thrown from a tractor when the machine struck a deep bump. When he collapsed on the ground, the blade of the plow went through his back. In an attempt to save his life, the injured man grasped the blade with his hands, while the tractor continued to move in circles about him. The rotating tractor was noticed 15 minutes later by a school girl who called Mr. Stickney and Sendinger was rescued. He is under care of Dr. A. M. Carlisle.

Douglas Stand

(Continued from Page 1)

return for its agreeing to vacate the gasoline and amusement tax fields. Such compromise proposals, under which Ottawa had suggested it withdraw its offer to assume 50 percent of the old age pensions cost to persons 65 to 69 years in return for vacating the gasoline tax field and withdraw its offer of a public health grant in return for vacating the amusement field, were not acceptable to Saskatchewan.

HIS GOVERNMENT was prepared to surrender to the Dominion government the sole right to levy personal income and corporation taxes and succession duties said Premier Douglas. He added, however, that his government felt that the grants made to the provinces in lieu of those taxes by the Dominion should be based on the fiscal needs of the various provinces.

The Saskatchewan government regretted that Ottawa should "apparently abandon the Sirois report." He said that report took the position which Saskatchewan endorsed, namely, that the proceeds from the income, corporation taxes and succession duties is not the wealth of the provinces, but the wealth of the nation and should be distributed so as to make possible a minimum standard of social services throughout the Dominion.

THE ORIGINAL proposals made by the Dominion to the conference were not based on fiscal need, and the modifications to those proposals introduced since last August had moved even further away from that basis, said Premier Douglas.

"Under the present modified proposals Saskatchewan will receive about 20 per cent more money while some other provinces will receive about 100 per cent more. We are not objecting to what other provinces get, but we are pointing out that the basis of fiscal need should be largely abandoned in arriving at the subsidies, with the result that Saskatchewan is in a relatively worse position than it was before, even though it is being offered a slightly larger grant," said Mr. Douglas.

HE NOTED THE Dominion had refused to give up the right of set-off in any agreement which it signs. He pointed out Ottawa holds several million dollars' worth of treasury bills from four of the provinces and suggested it was apparent that the provinces could not sign an agreement under which the Dominion could withhold a province's entire subsidy or a large portion of the subsidy by applying it against the treasury bills.

The right of set-off with regard to future obligations Saskatchewan would agree with. But it would require an undertaking that Ottawa would not make demand for the relief obligations represented by treasury bills now held by the Dominion except under terms of an agreement which Saskatchewan was prepared to negotiate with the Dominion.

PREMIER DOUGLAS stressed that when Saskatchewan said it accepted the Dominion proposals in their amended form it was referring not only to cash subsidies proposed but also to the health insurance, old age pensions and other proposals contained in the Dominion government's brief of last August. He advocated provision be made for assisting needy self-employed during depression periods.

A national scheme of crop insurance financed by contributions from the Dominion and provincial governments and from all farmers in Canada was called for by Mr. Douglas. Failing such a scheme said an extension of PFAA benefits was essential if farmers were to be guaranteed protection against loss of income roughly equivalent to that projected for industrial employees.

PREMIER DOUGLAS said he endorsed the Dominion proposals to remove the means test in the case of old age pensions for persons 70 years old and upwards and asked it be applied also to the group 65 to 69.

Referring to the Dominion's proposals to provide planning grants he said his government and municipal bodies in his province had been disappointed that no announcement has been made concerning the availability of those planning grants, to date.

Telephone Dept. Revenue Is Up

Revenue from the city telephone department this year to April 22 totalled $321,765.53, compared with $304,349.93 for the same period last year, an increase of $17,415.60, according to a report filed with the city commissioners Wednesday by Robert Christie, superintendent of the department. On April 22 there were 25,446 telephones in service, an all time record. Of this number 14,829 were in residences, and 10,617 in places of business. On the same day last year there were 14,453 telephones in use in residences, and 9,864 in places of business for a total of 24,317.

Weather

A trough of low pressure lies along the Manitoba-Saskatchewan boundary and is moving slowly eastward. It will pass Brandon in the early afternoon and Winnipeg late Wednesday evening. To the east of the trough the temperature will range in the high seventies accompanied by strong southerly winds. To the west of the trough a moderate strong northwesterly flow of cool Pacific air prevails, causing variable cloudiness over eastern Saskatchewan and relatively clear skies over Alberta and western Saskatchewan.

PEACE RIVER REGION

Clear becoming cloudy after sundown Thursday. Low at Grande Prairie tonight 35, high Thursday 60. Strong westerly winds 25 mph decreasing to light tonight and becoming strong southerly winds of 200 mph tomorrow afternoon.

EDMONTON AND RED DEER REGIONS

Clear tonight and Thursday. Low tonight at Edmonton 35 and at Red Deer 30. High Thursday at both cities 75. Strong westerly winds 20 mph becoming light tonight and strong southerly 25 mph Thursday.

CORONATION REGION

Clear. Low at Coronation tonight 35, high Thursday 75. Strong northwesterly winds 25 mph decreasing to light tonight and becoming strong southerly at 25 mph Thursday.

LLOYDMINSTER REGION

Clear. Low tonight at Vermilion 35, high Thursday 75. Strong westerly winds 20 mph decreasing to light tonight and becoming strong southerly at 25 mph tomorrow.

Briefs Criticize Income Tax Laws

OTTAWA, May 1.—(CP)—Briefs critical of present income tax legislation were presented to the senate income tax committee yesterday by two groups, the Canadian Chamber of Commerce and joint stock companies engaged in fire, automobile and casualty insurance business.

The chamber asked for changes in the legislation removing broad discretionary powers now held by the minister and providing a simplified appeal procedure. The brief also proposed abolition of excess profits taxes.

The organization said taxation should be uniform for all forms of business and double taxation on corporate earnings should be eliminated.

"THE PRESENT SYSTEM of tax exemptions for various forms of public and co-operative enterprises penalizes all tax-paying business to the advantage of tax-free competitors," said the chamber.

The brief giving the viewpoint of 223 insurance companies complained of discrimination against joint stock companies and favored treatment for mutual companies.

The companies brief discussed the recent report of the Royal Commission on co-operatives and opposed its suggestion that dividends or surpluses returned by a company to its customers should be tax-free.

Farm Groups

(Continued from Page 1)

on machinery and other things that the farmer has to buy. But it didn't. Now the only possible course of proper action is to establish a new price level for everything, one as low as possible, and bring the price of grain, livestock and other farm produce up to it".

MR. McFALL SAID the farm groups propose to communicate with federations of agriculture in other provinces, particularly in Ontario, Manitoba and Saskatchewan, find out what they are thinking and planning, and then fall in with the demand of the Ontario Federation for a parliamentary investigation into the relative position of farm prices.

"If that doesn't get results," said Mr. McFall, "we may send a delegation to Ottawa to press for the investigation."

One of the most serious complaints of the farmers is the present tax policy, he said. In spite of high taxation most farmers worked long hours of overtime during the war mainly out of patriotism. Now the war is over, the farmers are tired and short of help, and the tax penalty for working overtime still exists. Therefore hog producers and many others are slackening off in spite of critical shortage of food.

That is one of the biggest causes of the low food production, said Mr. McFall. The producers have no encouragement to put in an extra few hours looking after cattle or hogs, after they have already put in a full day in the field.

5 Presumed Dead After Ship Blast

LEONARDO, N.J., May 1 —(BUP)—Five men were listed as missing and presumed dead today as the navy opened an investigation into the munitions blast which wrecked the destroyer escort Solar yesterday. Thirty-five of the 165 persons injured were still in nearby hospitals, 20 of them in serious condition. Twenty civilian dockers were among those injured. Names of the missing, including four enlisted men and one officer, will be made public today.

Happy Knight Wins U.K. Race Classic

NEWMARKET, Eng., May 1—(Reuters)—Happy Knight today won the 2,000 guineas, first of the season's five classic races for three-year-olds, over a one-mile course Second was Khaled and Radiotherapy ran third in the field of 13. Happy Knight started at 100 to 30.

Continued Lumber Demand Is Seen

The present high demand for Canadian lumber in the United Kingdom will be stable up to the spring of 1948, and for "a few years" beyond that, according to the prediction of R. Douglas Roe, Canadian timber trade commissioner to Britain.

CONFERRING Wednesday with Reg. T. Rose, secretary of the Alberta Forest Products Association and executive secretary of the Edmonton Chamber of Commerce, Mr. Roe said the post he represents was established in January as an initial move by the department of trade and commerce to set up a specialty department in Canadian lumber.

The commissioner is in Edmonton in the course of a tour of inquiry regarding Canada's lumbering industry and will visit provincial government officials and the principal lumber distributers. He was to leave Wednesday night for Fort William.

Commenting on the building boom in Canada Mr. Roe said that never before in the history of Canadian lumbering had the export market been so great. This widespread demand for lumber was also true of Canada, and that lumber shipments to points in the Dominion had reached an all-time high.

FROM 1934 TO 1940 Mr. Roe represented British Columbia in timber market extension work in the United Kingdom. During the war he was a colonel in the Canadian Forestry Corps, and was awarded the OBE.

Mr. Roe will leave Canada for London some time in August to take up his appointment to the new office of Canadian Timber Trade Commissioner there.

Record Revenue

(Continued from Page 1)

month last year, an increase of $74,370.27.

Sales of city-owned land for April totaled $222,938 to bring the cumulative total of sales for the first four months of this year to $605,622. This compares with $115,158 of sales in April of last year, and a four months total of $404,531.

Building permits issued during the first four months of 1946 total $4,479,993, compared with $1,192,857 for the same period of 1945. The total of permits issued in April this year was $2,142,320, against $581,446 for April 1945.

CUSTOMS COLLECTIONS for April show an increase of $55,413.49 over last year when the collections amounted to $611,276.28. Collections for April 1946 totaed $666,689.77.

City rentals collected show an increase of $9,176 for the four-month period of 1946 climbing from $48,219, taken in during the four months of 1945, to $57,35[…] for the period ended April 30, 1946. The collections during Apr[…] this year amounted to $12,306, compared with $14,034 in April, 1[…]45. Sale of city rental property is [g]iven as the reason for the decline [i]n collections in April.

UP TO APRIL 30 this year a total of 1,075 parcels of land had been sold by the city land department. Of this total approximately 800 of the sales were to persons purchasing for homebuilding purposes.

Home building [p]rojects in Edmonton for which permits have been taken ou[t] now total $2,441,825, and there are more than 600 homes now under construction on 946 permits, and approximately 700 of the 1,500 homes started in 1945 are being completed as rapidly as materials can be procured.

Abitibi Elects New President

TORONTO, May 1.—(CP)—D. W. Ambridge of St. Catharines, Ont., yesterday was elected president of the Abitibi Power and Paper Company, Ltd., as the firm's directors met for the first time after the company's receivership ended. Earlier, Mr. Justice W. D. Roach of the Ontario supreme court granted an application for discharge of G. T. Clarkson, received and manager. An application for the discharge of the liquidator, R. S. McPherson, was granted yesterday.

Sam Carr's Wife Receives Subpoena

OTTAWA, May 1 (CP).—An RCMP official said yesterday a subpoena had been served on Mrs. Sam Carr in Toronto "to be transmitted to her husband" but repeated that "until we get a warrant we can't go searching for him."

The new subpoena was issued because of failure of Carr to show up in answer to the one served at the same Toronto home some time ago. The crown has said Carr, deposed national organizer of the Labor-Progressive party, is wanted as a witness in the espionage trials.

THE NEW STEP was taken because of the necessity in Ontario of issuing a subpoena to the wife when an original subpoena fails to produce a man.

A government source predicted that "some new details" would come out of the 10 espionage trials scheduled to begin next Monday before the Ontario supreme court.

TORONTO, May 1 (CP).—Mrs. Sam Carr said last night she hasn't been able to get in touch with her husband, wanted by federal authorities as a witness in the espionage trials.

Mrs. Carr said the last time she heard from her husband was four weeks ago, when he was in Montreal.

Drew Speech

(Continued from Page 1)

system was dangerous to the future of the federal system in Canada aroused Mr. Drew's ire.

"The finance minister has rather belittled the suggestion of danger in the subsidy system—federal system after federal system has broken down through too great centralization of authority and a diminishing of the power of the states. This is no new deal that is being offered us here, this is the oldest deal imaginable. The dependence upon money coming from another government ends the federal system," the Ontario premier stressed.

HE QUOTED Sir Wilfrid Laurier's stand on subsidies wherein the Canadian statesman had warned such a system lead to extravagances, in support of his argument. And with a flourish and rising voice Premier Drew said he would commend to the Dominion finance minister the reading of Mein Kampf. In that book authored by Adolf Hitler it was clearly set out that in a modern state the authority of the states must be diminished and power centralized.

The people of Germany had not believed such a stand was dangerous and had voted in support of that theory to their sorrow, the Ontario premier reminded his conference colleagues.

Mr. Drew said it was a form of flattery to have Mr. Ilsley devote so much attention to the submission from Ontario in his summation before the conference Wednesday. However, he wished to point out that Ontario's stand did not differ "substantially" from that of Quebec, British Columbia or Nova Scotia.

TO THE PROVINCES of Saskatchewan, Manitoba and Alberta he directed the warning that under Ottawa's proposals if the prairies experienced a sudden increase in population it would mean a drop in their per capita subsidy. He said he did not think it was in keeping with the spirit of the conference when Premier T. C. Douglas of Saskatchewan had described Ontario's plan to set up a fund to assist poor provinces as a "poor box" from which "poor relatives would get annual Christmas grants."

He was critical of those who might try to create the impression Ontario was unwilling in any way to share its advantages with the other provinces. Ontario's original proposals had displayed its willingness to share with the rest of Canada. "At no time had the government of Ontario put forward an arbitrary position at the conference from which it was not prepared to recede subject to basic principles."

Stalin May Day Message

Soviet To Be True To Peace Policies

LONDON, May 1.—(CP)—Prime Minister Stalin promised last night the Soviet Union would be true to a policy of peace and security but charged that what he described as "international reaction" was hatching "plans of a new war."

IN AN ORDER of the day in connection with Russia's May day celebration, broadcast by the Moscow radio, the Russian leader also declared "The nations of the world do not wish a repetition of the calamities of war." He added:

"It is necessary to be constantly vigilant, to protect as the apple of one's eye the armed forces and defensive power of our country (Russia)."

Generalissimo Stalin called on Soviet workers to reach—and exceed—the production goals set up in the Soviet Union's new five-year plan.

Addressing the Russian people he said:

"WE SHOULD NOT forget for a single minute the intrigues of international reaction, which is hatching plans of a new war."

Soviet armed forces would be successful in defending peace, he said, only if there was a "further growth of military culture and military skill of the Red army, navy and air force.

Generalissimo Stalin also declared:

"The entire world has had an opportunity to convince itself, not only of the might of the Soviet state, but also of the fairness of its policy based on the recognition of the equality of all peoples, on respect for their freedom and independence."

"THERE IS NO REASON to doubt that in the future too the Soviet Union will be true to its policy—the policy of peace and security, the policy of the equality and fraternity of peoples."

Generalissimo Stalin said: "The popular masses," through the war, had learned that "the destinies of states cannot be entrusted to reactionary leaders, who pursue narrow caste and selfish anti-popular aims.

"It is for this reason," he said, "that the nations, which no longer wish to live in the old way, take the destinies of their states into their own hands, establish a democratic order and actively fight against the forces of reaction."

Succession Tax

(Continued from Page 1)

ed differences here." In many respects, the stand of Nova Scotia, for instance, was "percisely" the same as that of Ontario.

Mr. Ilsley said he hoped there would be agreement, and if such was possible the co-ordinating and economic committees of the conference could return to work for the drafting of the necessary legislation.

HE SAID ONLY three provinces —Manitoba, Saskatchewan and Alberta—had indicated a willingness to accept the Dominion proposals as now modified.

Ontario had submitted the only alternative to the Dominion proposals. The alternative would mean so great an increase in the commitments of the federal government that it could not possibly be accepted.

The Maritime Provinces and British Columbia had indicated a willingness to agree, if the federal government met certain conditions which would put the Dominion in a less favorable position and the provinces in a more favorable one.

WHILE THE DOMINION would like to meet the requests of the provinces, it could not do so, because of the increased commitments such a move would bring about.

Mr. Ilsley said six provinces were ready to give up income, corporation and inheritance tax on a limited period, and a seventh was ready to give up inheritance also if there was a unanimity of opinion. Ontario alone wanted sole possession of inheritance taxes.

"Failure of the conference will be extremely serious for the future of Canada", said Mr. Ilsley. He felt that a practical thing would be for the provinces to discuss among themselves and see if some agreement could be reached.

He said the federal government could not agree to vacate the succession duties field because it was "very much in the interests" of Canada that that source of taxation remain with the Dominion.

DISPUTE OVER WHETHER the provinces or the Dominion should have prority in the collection of succession duties has been one of the main stumbling blocks in the path of successful conclusion of the conference.

"We cannot agree to vacate the field of succession duties," said Mr. Ilsley.

"WE REGARD IT as very much in the interests of Canada that that field remain with the Dominion. Since Ontario and Quebec have taken the stand they have we have modified our stand as has been outlined by the prime minister. But further than that we cannot go."

(Prime Minister King said Monday that if a province wished to continue to levy succession duties, the amounts payable by a taxpayer to that province would be treated as a credit to the taxpayer against amount due under the Dominion succession duty. The total annual payments to the province by the Dominion would be reduced by the amount of such credits.)

Mr. Ilsley said that while succession duty was a smaller taxation source than some of the others involved, there were "powerful arguments" in favor of the federal government holding sole occupancy of that field.

THE DOMINION had given the matter "very, very careful consideration" and had come to the conclusion that it was necessary that succession duties remain with the Dominion because their administration was essential to successful administration of personal income taxes.

One of the "great" advantages was that administration of succession duties resulted in the Dominion obtaining "far more" income taxes. The Dominion could not afford to make changes which would hamper its income tax administration.

Mr. Ilsley said the original proposals to the conference last August had not been presented in a "spirit of take them or leave them."

THE PROPOSALS had been modified. The proposed subsidy to the provinces had been raised from $12 to $15 per capita. The subsidy was to be based on population and gross national production and could not drop below the $15 minimum.

The Dominion agreed to turn over to the provinces half of the corporation taxes collected from companies selling electricity, gas and steam. It also agreed that a province could remain in the succession duties field with the taxpayer in that province being given credit by the Dominion for any payments made at the 1946 rate of taxation.

Federal authorities had undertaken not to increase taxes on gasoline, pari-mutuels, and amusements unless there was a national emergency. They undertook not to enter real estate and auto license tax fields. They offered to get out of gasoline and amusement fields if the provinces accepted reduced subsidies or gave up some of the proposed grants from the Dominion.

MR. ILSLEY SAID that under the British North America Act the provinces were restricted to direct taxation. The Dominion was given the right to collect direct and indirect taxes. It was not correct to say the Dominion was occupying fields not belonging to it.

Ontario had urged that all double taxation be avoided. The federal government had never taken the stand that all double taxation should be eliminated. If the principle was put into effect it would mean an unknown loss of revenue to the government.

Mr. Ilsley said Premier Maurice Duplessis of Quebec had not shut the door to the federal proposals. The premie took the position, however, that direct taxes belonged to the provinces.

MR. DUPESSIS interjected that he had said the provinces had a priority on direct taxes.

"I am no just sure what that priority mean," said Mr. Ilsley.

"You shoul; we had many of them during he war," quipped Mr. Duplessis.

Turning to Nova Scotia, he quoted Premier Angus Macdonald as saying acceptance of the proposals would mean the provinces would become mere annuitants of the Dominion that provincial autonomy would vanish and that provincial life would be debased.

THE PROVICES had never had any exclusive fields of taxation. There would be just as many sources of revnue open to Nova Scotia under the proposals as ever in the past with the exception of income and corporation taxes.

As a Nova Scotian, he would not lend himself to he Dominion proposals if he thought Mr. MacDonald's prophesies would be borne out.

He did not think Mr. MacDonald had closed the door on the proposals by the Dominion. He hoped he would see his way clear to come in.

OF NEW BRUNSWICK'S proposals, he said he thought that on the whole Premier J. B. McNair had been favorable to the Dominion viewpoint.

Mr. Ilsley said he had hardly been able to tell whether Premier Hart of British Columbia would accept the Dominio proposals but he thought that province would have every justification for doing so.

The minister thought Mr. Hart would accept. He told him the Dominion government could not enter into an interm agreement by which the rate of payment would be subject to change each year. The rate must be set for all three years.

THE GOVERNMENT HAD given careful consideration to the special position of Prince Edward Island.

The three prairie provinces had said they were prepared to accept the proposals on a temporary basis. This spirit of compromise would have to be followed by others if the conference were to succeed.

He appreciated their attitude of subordination of their objectives in the common interest.

Coal is a source of vamins, sulfa drugs, rubber, fertilizers, paints insecticides and disinfants.

PRAISED.—George Kovich, carrier salesman for The Edmonton Bulletin, who won high praise this week from a former Edmontonian now serving in the women's branch of the Royal Canadian Navy. The Wren, Beda P. Murray, in a letter to George's parents, commended the youth's morale-boosting efforts in sending through the war years clippings from Edmonton newspapers designed to keep all city girls at Miss Murray's Halifax station, posted on developments in Edmonton. He was recently presented with a wrist watch and a gold pen in tribute to his voluntary service.

Spy Sentence

(Continued from Page 1)

knew about atomic energy the more seriously they would take it.

MAY WHO FORMERLY was employed in Canada in connection with the development of atomic energy, had reversed his plea of not guilty and pleaded guilty to the charges of communicating information "to some person unknown" which might be "useful to an enemy".

Attorney - General Sir Hartley Shawcross, acting as prosecutor, replying to Mr. Gardiner's defence statement, said:

"There is no point in suggesting that the Russians are enemies or potential enemies. The offence was in giving information which might eventually have reached enemy hands".

AT MAY'S HEARING March 19, Mr. Gardiner had made an indirect reference to Russia which the court had ordered ruled out of the evidence.

At that time Mr. Gardiner had asked during cross-examination of a witness: "In February last year, Russia was a gallant ally, was it not?"

The prosecution then asked "why Russia has been mentioned at all" and the magistrate ordered Mr. Gardiner's remarks ruled out.

MAY RETURNED to Britain last September from Canada where he was employed in work related to atomic energy. He was arrested March 4 as he completed a lecture at King's College in London where he was an instructor.

According to the prosecution, May held a vital position in the Nuclear research team sent to Canada in 1943 to work on atomic research.

He was said to have served on two committees which gave him access "to secret reports and the latest information on the production of uranium" although he was not working directly on the atomic bomb.

The "enemy" referred to in the charge against May was not specified. The prosecution said it might be any "potential enemy."

Manning

(Continued from Page 1)

minion-provincial relations until the respective fields of responsibility of the various governments had been clearly defined.

EACH GOVERNMENT had to have guaranteed sources of revenue under its jurisdiction and control in order to carry out its duties and responsibilities. It was obvious that the federal proposals did not meet these two points, said Mr. Manning.

Because of that fact he was forced to the conclusion that any agreement arising out of the current talks would have to be of a tentative nature, remaining in effect only while a permanent solution was being worked out.

If no agreement was reached the position of the provinces would become progressively worse, business would be hampered in its operations and public morale would suffer.

Find No Trace Of Missing Girl

WALTHAM, Que., May 1 (CP).—Parties combing the thick bushlands of this upper Ottawa valley district so far have failed to find any trace of Pansy (Pat) Spinks, 13-year-old girl missing since Sunday. Miss Spinks left home alone with a revolver, apparently intending to shoot small game.

Farmers Protest Tax, Price of Gas

Exclusive to The Edmonton Bulletin

VERMILION, May 1.—Resolutions condemning the two-and-one-half cent increase in the cost of gasoline per gallon and the method of collecting income tax, endorsing demands of the AFU to stage a non-delivery strike, and threatening to stage a non-delivery of produce strike unless the ceiling price of wheat is raised, were passed at a stormy protest meeting of 350 farmers here Tuesday.

J. L. McMILLAN of Clyde, addressing the gathering, declared that "a Philadelphia lawyer could not properly fill out the income tax forms supplied farmers." He termed the federal income tax staff at Edmonton "people . . . who just don't know where they are at."

Dealing with the threatened non-delivery strike, Mr. McMillan said the AFU had assurance from railroad unions that "they would not turn a wheel in delivery of scab produce."

THE SPEAKER also protested Canadian members of parliament voting themselves an added $2,000 income, all exempt. He scored the raising of ceiling price on farm machinery by 12 and one-half per cent and pointed out that parents of men in the armed forces who had worked hard to pay off old debts, now had to pay taxes on extra earnings.

The Alberta government, he said, had devised a land settlement scheme for returning heroes, but that an unfair share of the earnings of these men went to pay an American firm for breaking the land.

AT THE CLOSE of the meeting, 119 new members joined the AFU.

To Discuss Cut In Gas Charges

Executive officers of the Northwestern Utilities Ltd., will meet the city commissioners Thursday morning to discuss reduction in gas rates charged to Edmonton customers of the company. It was announced by Commissioner John Hodgson. In the annual report of the company issued recently it was announced that the Northwestern Utilities Ltd., following its usual custom, would revise downward the gas rates charged in Edmonton.

The favorite ornament among Roman women was a safety pin.

TO PRESIDE.—Past president of Rotary International Richard H. Wells of Pocatello, Idaho, will preside at the three-day conference of Rotary District 116 which will mark the official opening of Jasper on June 16. President T. A. Warren, who visited the district in a tour about six weeks ago is now in London, Eng., and will not be able to be present. Among many from various provinces who plan to attend the conference is Dr. N. A. M. MacKenzie, president of the University of British Columbia. He is scheduled to address the conference.

Veteran Employee Of Bank Retires

Thirty-two years of service to the Bank of Montreal and the former Merchants' Bank of Canada concluded on Tuesday for F. S. Rowsell of Edmonton's main branch of the bank. Mr. Rowsell joined the Merchants' Bank when he first arrived in Canada in 1906 and stayed with it for five years, when he went into business for himself.

IN 1919 HE re-entered the service of the bank and two years later was transferred to Edmonton where he has been in charge of the bank's liability department since.

He was guest of honor at a staff gathering before he retired and received a cheque from staff members and from previous managers and assistant managers with whom he had worked. The presentation was made by Thomas Dickson, local manager, who paid tribute to the retiring employee for his attention to duty and his unfailing courtesy.

Argument Develops Over Minor Matter

Enforcement of Italian Treaty Brings New Russian Objections

By JOSEPH W. GRIGG
Exclusive to The Edmonton Bulletin

PARIS, May 1.—(BUP)—The Big Four foreign ministers today engaged in a warm - tempered argument over enforcement of the future Italian peace treaty, with Foreign Minister V. M. Molotov ranged against the representatives of Britain, France and the United States.

THE DISPUTE arose over a relatively minor matter—the question of setting up a control commission and inspection group to see that Italy carries out the terms of the still-to-be-written peace treaty.

Molotov vigorously objected to setting up that machinery, contending it would infringe upon Italian sovereignty.

The Big Four had agreed at London last September to establish such machinery to enforce the naval, military and air clauses of the peace treaty until Italy becomes "a reliable member of the United Nations."

HOWEVER, MOLOTOV brushed his previous agreement aside and insisted on his present objections, forcing the council to lay the matter aside.

Molotov said that the Soviet had long doubted the desirability of such a commission because it would be inconsistent with Italian sovereign rights."

Byrnes retorted hotly to Molotov, saying the commission would not infringe on Italian sovereignty any more than the treaty itself would and that furthermore it would only be set up to enforce the treaty.

THE PURPOSE of Molotov's objections was not entirely clear to council members but it was suggested that he might wish to avoid agreement which would bring about establishment of similar commissions to enforce the treaties with the smaller Axis powers of eastern Europe.

Byrnes told the council that the United States had no intention of keeping troops in Italy indifinitely and would be prepared to reduce American forces in both Italy and Austria immediately to 15,000 men for each country and would withdraw all troops from Italy as soon as the peace treaty is signed.

The ministers have not yet gotten to the thorny Trieste question and no decision on the fate of the port city is to be made until after representatives of Yugoslavia and Italy are heard.

BYRNES TOLD Molotov Saturday night, it was learned, that he would press for a settlement of both the German and Austrian questions on which the United States had prepared draft treaties regardless of Russian opposition.

In connection with the German treaty, Molotov was said to be concerned over Byrnes' stand, and said he would insist on time to study the question further. That was taken to mean he would consult Moscow.

Beautification Week

Beautification Week in Edmonton begins next Saturday when a movement headed by the Junior Chamber of Commerce will urge citizens to clean up their yards and lanes, paint and repair their premises, dispose of rubbish and junk and beautify their immediate area in every possible way.

This campaign for cleanliness and tidiness and beauty is a very essential undertaking, not only from the aesthetic standpoint, but because it promotes health and civic pride. Edmonton people should and will co-operate to the fullest possible extent.

But worthy and necessary as this movement undoubtedly is, it is a pity that the force which above all others would inspire civic pride and zeal in Edmonton's appearance is unaccountably delayed. We refer to Mayor Ainlay's program of civic rehabilitation and beautification upon which, with the overwhelming approval of the electorate, he was voted into office.

All this constant prodding of citizens to clean up and beautify their premises would be totally needless if they had before them the example of fine paved and boulevarded streets, frequent park areas, splendid school buildings and grounds and a beautiful river area.

Nothing would more vigorously stimulate private beautification than the immediate implementation of Mayor Ainlay's excellent program.

On the other hand, nothing is more depressing and discouraging to householders who are anxious to keep their property tidy and clean than the dust-swept streets, pitted roads and the daily sight of that iniquitous eyesore district alongside the Macdonald hotel.

Beautification Week is a useful institution meriting all possible public support. The immediate launching of Mayor Ainlay's program would be infinitely more valuable and would transform Edmonton into the lovely city for which nature has supplied such an adequate setting of scenic beauty.

Standard Time For Alberta

The Calgary city council reversed its former decision, and will not require the people of that city to shove their clocks ahead an hour as had been ordered. This means that standard time will be the rule throughout Alberta for the present year. Not because Edmonton and Calgary have so decided, but because standard time fits better into the farming business—upon which both cities and all other centres in the province depend.

In Calgary, as in Edmonton, farmers objected to "daylight saving" time because they would have to knock off work in the middle of the afternoon in order to get to the city before the stores closed. They couldn't, it was pointed out, start work an hour earlier in haying and harvest because they must wait until the dew evaporates. To advance the clocks would therefore mean they must lose an extra hour in the day in these busy seasons.

The same situation would of course apply if any other trading centre went on fast time. Whatever may be the facts elsewhere in Canada, standard time is by all odds preferable from the view-point of the Alberta farmer; therefore from the standpoint of keeping town and country in satisfactory trading relations.

Flour Rather Than Wheat

The world is short of food; short of wheat, even in countries like Britain, where there has been a great tendency, as in Canada, to eat more meat and other such foods.

The answer to the problem is going to be increased production of food in the world, or there will be no answer. But that is a long term proposition, and things have to be done right now to meet the situation.

One thing which is being done is that, both in Britain and the United States, there have been orders issued that more flour is to be made out of a bushel of wheat. Less of the wheat is to be left in the form of bran, shorts, and middlings. That is one way of making a given supply of wheat make more loaves of bread.

It is not as simple as that, however. The bran, shorts and middlings are not wasted. They make cattle feed. The more of the wheat that is used for flour, the less there is to feed livestock, and that means less meat, cheese, butter and eggs.

This, of course, is just what they are trying to get at in Britain. They are trying to reduce the consumption of expensive foods, because a bushel of wheat will furnish more nutrition as wheat than it will after it has been fed to livestock.

The Canadian Government has wisely decided not to follow this policy of extraction of the wheat for bread-making in Canada. The Canadian bread will be kept white, to aid in the fight against world hunger. The nine-point program has been undertaken to send more of our wheat abroad as possible.

The number one in this program is that wheat available for domestic milling is being reduced by ten per cent. This is a useful move in providing that more wheat will be shipped out of the country. It has the disadvantage, however, that not only will the Canadian consumers do without that much wheat, but that there will be less mill feed available for the feeding of livestock.

One way to help fight the world famine and still keep our mill feed would be to mill more of our wheat into flour. Then we could ship the flour out of the country and keep the bran, shorts and middlings here for cattle and other stock feed.

There is no unfairness to foreign consumers in such a policy. Admittedly their necessities force them to reduce the amount of meat and other high quality foods which they use. Canada is willing to share the Canadian supply of wheat with other countries. It does not follow that, as a consequence, we have to reduce the numbers of livestock produced in Canada, and one very effective measure for avoiding this is to mill more Canadian wheat into flour and export it as flour rather than as wheat.

A Journalistic Force

The death of E. H. Macklin in Winnipeg removes from the journalistic scene one of the great figures in the newspaper world of this century.

After 55 years in journalism, Mr. Macklin retired from the active presidency of the Winnipeg Free Press in 1935. But his 83 years did not diminish his vigor. Fiery and colorful, his influence was impressed too deeply upon Canadian journalism to be forgotten.

Mr. Macklin began his career in Toronto in 1879 and went to Winnipeg in 1900 where, associated with the late J. W. Dafoe, he exercised his great vigor in the development of one of the continent's most powerful newspapers.

He was one of the founders of the Canadian Press and one of the earliest exponents of co-operative newsgathering.

It is not for a newspaper writer to define or to emphasize the part played in community life by the great figures of journalism. The public must be the judge of that. Nevertheless it would be to blind oneself to an obvious fact were one to ignore the tremendous impact of men like E. H. Macklin upon the manners and thought and civilization of this country.

As a dynamic force in journalism, he was a dynamic force in this country's thinking. For in all modesty even a newspaper can say that a man who shapes newspapers also helps to shape men.

The Government of Manitoba tells the federal department of labor that from 1,600 to 1,800 German prisoners-of-war will be needed to help take care of the crops in that province. If this reflects a farm-labor scarcity general over the prairie provinces, the question may not be whether the federal-provincial officials should have advised the farmers to sow more wheat, but whether the farmers can handle a crop of the same acreage as last year.

Looking Backward

From The Bulletin Files

1886: 60 Years Ago

R. Minnie, Fred Walter and M. Turnbull left for Peace River on a prospecting trip. They take the old Fort Assiniboine trail, and up the Athabasca and Lesser Slave lakes.

The interior report gives the prices of Galt or Lethbridge coal at Portage la Prairie, Brandon, Moosomin, Regina and Moose Jaw at $8 a ton; at Winnipeg and Calgary, $7.50; at Maple Creek, $6.50; Medicine Hat, $5, Dunmore, $4. Edmonton coal costs $3.75 delivered.

The new Lands Act continues the pre-emption privilege until 1890.

1896: 50 Years Ago

J. H. Ashdown, Winnipeg hardware merchant, is Liberal candidate in Marquette.

George Gouin, Calgary, has been appointed returning officer for Alberta.

1906: 40 Years Ago

Frank Conroy, Indian treaty commissioner, left for the north, where he will spend six months distributing treaty money.

Maj. S. Patton has received instructions to proceed with the enrolment of men in "A" Squadron, Canadian Mounted Rifles, Edmonton's new cavalry squadron.

R. J. Manson has taken out a permit for the erection of a Roman Catholic school on Third street.

1916: 30 Years Ago

Dublin rebels have been driven from their position on St. Stephen's Green. Four hundred were taken prisoners.

London.—The King drove from Windsor to confer with Premier Asquith and Lord Kitchener. The incident has revived talk of a conscription measure.

1926: 20 Years Ago

London.—The threatened coal strike, involving a million men, went into effect at midnight.

Law officers of the attorney-general's department have discovered that though Alberta oil companies operating under Dominion charter have been subject for years to a provincial tax of 40 cents on each $1,000 of capitalization, it has not been collected.

Union of Great West Presbyterian and Westminster United churches, Edmonton, will take place Sunday.

1936: 10 Years Ago

The village of Lamont made history by ignoring the Aberhart government's sales tax, which went into effect this date.

The Dunning budget disclosed an overall Dominion deficit of $162,191,000.

Annual May Day demonstration by more than 2,000 men and women, accompanied by children, took place at the Edmonton market square.

A Taxpayers' Protective Association was formed at a meeting in the North Side Library with the following officers: President, J. S. McCallum: first vice-president, A. F. Duncan; second vice-president, E. Skaling; treasurer, G. P. Fonton; secretary pro tem, F. W. Race; district representatives: L. Winterburn, Dr. G. J. Hope, H. Bassett, Dr. J. P. Johnson, N. R. Weber, E. E. Howard, A. M. Turner, and S. J. McCoppen.

THE UNSEEN AUDIENCE -:- -:- by Webster

Trend Is Seen Toward Normal Financing

The Budget and Taxes

Savings In Normal Expenditure Being Considered Unwise, $300 Millions Cut In Taxation Is Estimated To Be The Utmost To Be Hoped For If Balanced Budget Is To Be Achieved.

By Grant Dexter

Ottawa Bureau of The Edmonton Bulletin

OTTAWA.—Since Hon. J. L. Ilsley tabled the main estimates of expenditure for the fiscal year which began in April, there has been much speculation on two points: The size of the normal national peacetime budget, and the prospects for tax reductions.

There is a general agreement that these estimates indicate clearly a normal peacetime expenditure, excluding capital account, of some $1,800 millions per year and that, if the Dominion-Provincial conference comes to an agreement later this month, this sum will rise speedily to not less than $2,000 millions per year.

When it is recalled that the normal pre-war budget was some $500 millions annually, the effect of the war and of the trend we expanding in social services can be appreciated.

Having this figure of $2,000 millions in mind the chances of the taxpayer can be measured. If we are to have balanced budgets in the future there is, in hard fact, small hope for the taxpayer. Estimates here say. But a cut in taxation of $300 millions would seem to be about the limit.

* * *

ALL THIS, of course, ignores two possibilities. Relief for the taxpayer would be possible if substantial cuts in normal expenditure could be made in future. But for reasons which will be given there are great difficulties in the way of such savings. On the second count, it is possible that there will be a substantial inflation in the next few years which would increase government revenues. It would also do other and less pleasant things.

The present main estimates call for an outlay of $2,769 millions against $4,650 millions for the year just ended. The $2,769 millions, of course, is not the limit of spending. There will be supplementary estimates before the present session ends, and there will be large capital expenditures for loans to the United Kingdom, France, Holland, Belgium and other countries. The over-all expenditures may well run to $4,000 millions.

Certainly, there will have to be another and very large loan this year. Not all the over-all deficit of, say, $1,500 millions will need to be covered by the loan. The treasury will doubtless do a considerable amount of short term borrowing. But assuredly a loan of about $1,000 millions seems impregnable. Such a loan would add some $30 millions per year to ordinary expenditures.

The reason for the loan will be apparent when total expenditures are set off against revenues. The treasury stands to receive some $2,100 millions in the current year. Mr. Ilsley gave several figures in the budget speech of last October. The range was from $2,000 millions to $2,515 millions.

* * *

AS MATTERS STAND, therefore, and ignoring later supplementary estimates, the government faces a deficit on current account in the year which will end on March 31, 1947, of from $200 to $600 millions—depending on the revenue yield and the amount of tax cuts. And on top of this deficit there will be the capital expenditures already referred to.

To lighten this sombre picture, it may be pointed out that much of the 1946-47 expenditure is due to the war, and there will be a substantial reduction on war accounts in 1947-48 and, no doubt, a further reduction in 1948-49.

With regard to tax reductions there are evident at Ottawa two points of view. The position of the Government on deficit financing is reasonably clear. The government is opposed to it. Speaking to a Dominion delegation which waited on the government a few days ago, Mr. Ilsley said this:

"If we are to conduct the affairs of the Dominion with a measure of responsibility, we must prove capable of balancing our budgets during the years of peace. There will be some years when this will not be possible, but that should certainly be our aim—if we are to have perpetual deficits, the value of our currency would be destroyed. If this should happen, no system of price control—no amount of artificial bureaucratic control—can check prices from rising to high levels. It would mean a collapse, the destruction of our monetary system. Continual deficits would destroy the value of the bonds which you hold and the wages which you are earning."

* * *

BUT IN THE NEXT BREATH, Mr. Ilsley added that the demand for reduced taxation is "logical, understandable, and could not be ignored."

Mr. Ilsley, the advocate of balanced budgets, would seem to rule out any appreciable reduction in taxation. Perhaps it might be argued that future cuts in abnormal expenditures might be anticipated and immediate relief given to the taxpayers. But the size of the permanent post-war peace time expenditures would appear to shut and bolt the door against such reductions.

In any event, the supreme need for balanced budgets to head off inflation is one point of view which is to be found on parliament hill. The first part of the quotation from Mr. Ilsley puts this point of view with clarity.

* * *

BUT ON THE OTHER HAND, Mr. Ilsley insists that the demand for lower taxes is logical, understandable and not to be ignored. He did not elaborate here and there is no intention of attributing views to them. But, whether or not he holds it, there is a second point of view and it is held just as sincerely as the one already referred to.

This second viewpoint is that far too much emphasis is placed on the monetary peril of inflation. Don't think exclusively of deficits and the further piling up of purchasing power. Think of increasing the amount of goods available for purchase. Is it not true, it is being asked, that the present level of taxation on personal incomes and, more particularly, on corporations, is a serious deterrent to output? To the extent that existing taxes weaken the incentive to produce, the peril of inflation is increased. Thus you have the monetary peril and the incentive peril.

Deficits in the next year or two, it is agreed, will increase the monetary peril. But a cut in taxation might more than offset this peril by increasing the output of goods.

But while the way in which the government will resolve these conflicting views in the forthcoming budget is not clear, it is plain that the result will not alter the pattern of expenditures.

This'n That

Father had decided that he must administer a stern lecture to his six-year-old son. The boy had been naughty, but did not seem to appreciate the fact that it was with some reluctance that the parent undertook a scolding.

He spoke judiciously but severely he recounted the lad's misdeeds and explained the whys and wherefores of his solemn rebuke, while his wife sat by, duly impressed.

Finally when the father paused for breath and, incidentally to hear the culprit's acknowledgment of error, the lad, his face beaming with admiration, turned to his mother and said: "Mother, isn't father interesting?"

Referendum Will Set France's Course

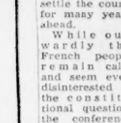

Today in Europe

Foreign Ministers Attending Paris Conference Exercise Quiet But Palpable Pressure In Hope Of Influencing Public Opinion Each Toward His Own Ideology

By Randolph Churchill

Exclusive to The Edmonton Bulletin

PARIS.—While Paris with all her traditionally gracious hospitality is playing host to the conference of foreign ministers, France's domestic political situation is still unresolved. On May 5 there will be a referendum on the new constitution. One month later there are to be general elections which may settle the course of French politics for many years ahead.

CHURCHILL

While outwardly the French people remain calm and seem even disinterested in the constitutional question, the conference of foreign ministers is undoubtedly keenly conscious of France's political situation. The whole balance of power in Europe may be shifted by the June elections. So one feature of this conference is that all three visiting delegations are doing their utmost to conciliate French public opinion and so influence the elections.

Indeed, at the moment the conference is doing more electioneering than is under way by the French politicians. The Russian delegation got off to a flying campaign start by unexpectedly withdrawing their previous objection to French attendance at meetings which discuss the Balkans.

* * *

FRANCE'S ABLE foreign minister, Georges Bidault, is plainly conscious of the way the hand has been strengthened by the imminence of the elections and the desire of the great powers to affect the result. He knows that Britain and the United States are as anxious that France should not go Communist as Russia is determined that she shall. He is making use of this fact in seeking to persuade Bevin and Byrnes to adopt a German policy more in harmony with French interests and desires.

French Communists will be quick to exploit for their electoral advantage any concessions that Bidault can win from the Russians and, at the same time, to advertise widely any opposition to French interests that may be shown by Britain or the United States. The 300,000 tons of Russian wheat, which France is buying and paying for with rapidly diminishing dollars, is advertised as a very handsome, generous Russian gesture. This, notwithstanding the fact that the United States had promised to ship wheat by rail to carry wheat from Odessa and nearby Crimean ports.

There is unanimity among political observers here as to the outcome of the plebiscite on the new constitution. It will be ratified by a vote of about sixty to forty. Few except the Communists really like the constitution, but there is no alternative before the public. Although some attempt has been made to incorporate some feature which will make for stability, such overwhelming power has been given the proposed new Assembly at the cost of French governments, which averaged less than twelve months during seventy years of the Third Republic, seem likely to be scarcely longer under the new constitution. There is no effective system of checks and balances. The Assembly can change and the president of the republic will scarcely have the responsibilities of a office boy.

* * *

THERE ALSO SEEMS a fairly general agreement as to how elections will go in June. The Socialists are thoughtsure to lose votes to the Communists, who have caught them in a grizzly embrace and have been steadily nibbling away. George Bidault's MRP (Mouvement Republicain Populaire (Popular Republicans)—may also pick up some disillusioned Socialist votes but is likely at the same time to lose votes right and extreme parties.

Many right-wing voters who plumped for the MRP at the last elections feel that the MRP has moved too far to the left in domestic legislation to warrant their continued support. These voters will probably switch to the newly formed group PRL—Partie Republicaine de la Liberte.

The net result is likely to be that the Communists will be decisively the largest single party, but probably without a clear majority over all others. In this case, some form of coalition government still will be necessary. But a major regrouping will be inevitable.

Copyright, 1946, by United Feature Syndicate Inc. Reg. in the Edmonton Bulletin

MP's Salaries

EDINBURGH SCOTSMAN

Although few people will be disposed to argue that in these times of changed monetary value the pre-war salaries of Members of Parliament are in any sense adequate, the Socialist Government cannot hope to escape criticism if among its earliest measures must be included the adoption of a revised rate which in effect practically doubles their income.

The Select Committee's proposal to increase the normal payment from £900 to £1,000, of which £500 is to be tax free, may do no more than recompense the MP for the growing cost of residence, travel, and incidental outlay, but it introduces an element of cancelled taxation that renders a comparison of MP's salaries with those of other professions illusive and invidious.

It would ill become a Socialist Government to give concessions and preferences to its own body at a time when the masses of the people are groaning under the weight of taxation.

And a Wormy One?

HAMILTON SPECTATOR.

Peaches cost five dollars apiece in London, England. That would make even a green one blush.

Next to Great Britain, the United States is the world's greatest user of tea, with about 100,000,000 pounds annually consumed there.

No Bad Debts

LONDON NEWS STATESMAN

Do doctors realize that under the new Heath Bill they will never again be bad debts? This is quite a consideration. A doctor friend reckons that between 25 and 30 per cent of a doctor's bills are never collected, either because he forgets to send them out, because patients move away or are dishonest, or because, for the honor of his calling, he is expected to treat, say, an indigent victim, whether he is likely to be paid or not. The panel guaranteed his income from insured patients but if he was called in to treat the panel patient's family he could not be sure of payment. Now everybody is included and there is no longer any need for dunning letters.

The Bulletin's Readers Say:

(These letters are from Edmonton Bulletin readers. The views expressed may differ widely from The Bulletin's own views. Brief letters are the most interesting. They will be shortened if lack of space requires. You must give your name and address. Write only on one side of the paper. Letters and their contents become the property of the newspaper and cannot be returned. No attention will be paid to unsigned letters.)

* * *

Price Control

Editor, Bulletin: We have heard a lot about getting rid of price control.

If you are an economic wolf you may demand removal of your muzzle—control of prices—whatever may be said of your ethical standards. To us who are in the classification of economic rabbit, however, to all wage earning and small salaried groups it is patently foolish to advocate the removal of the muzzle.

The wolves are hungry. Let them stay that way.

VERY INTERESTED

Red Deer, Alta.

To Dog Lovers

Editor, Bulletin: Recently my dog was poisoned, an animal that never did anyone any harm, but was just a faithful companion and pet to my little girl. I phoned the city pound to enquire about the removal of my dog, and what do you thing they sent? Nothing but a garbage truck and pu him on top with more garbage piled on top of him.

They say dogs have no souls, but after that action it seems to me that there are city employees that have no souls. Never as long would not have done such a disgraceful and insulting thing to anyone's pet, even if he was dead and couldn't feel. It certainly upset my little girl to see the pet that she loved being taken away in a garbage truck.

Few

You would think that in an up and coming city like Edmonton they would have a dog cemetery like Calgary. I am sure all animal lovers wouldn't mind paying to have their pets given a decent place to be buried in as they deserve. You will find no more faithful and trusting friend than your dog.

What are they doing with the money collected on dog taxes every year? It seems to me if they are worth collecting taxes from they deserve something better than a garbage truck to cart them away in and treated like a bundle of refuse.

A DOG LOVER.

90 Street.

Beautiful Edmonton?

Editor Bulletin: I would like a small space in your column. I see a lot about beautifying and cleaning our City of Edmonton. I would and am extending an invitation to Mayor Ainlay, and also the city health inspectors to a quiet, slow stroll from 76 avenue to 75 avenue on 108 street, near where the new huts are located.

On the left-hand side of 108 street, between the above avenues, we have accumulated the largest variety of paper, bread wrappings, tarpaper, cans, even soap boxes, left there and blown there since last summer when the above huts were started. This is where all the men and boys ate their lunches.

Believe me, it is quite an eyesore to taxpayers and people who try and keep their places neat, and to top it all, with last Friday's windstorm, we gathered all the other loose papers and rubbish from some of the above huts which should in the first place be built and never be. So all in all, we have a very nice showing. Hoping this thing will be done about this real soon.

JUST A MOTHER

75 Avenue.

* * *

Pensions and Allowances

Editor, Bulletin: No single thing has been so often asked for by the public as better old age pensions. No single thing has been asked for less than family allowances and got, by a small, but powerful group back east, interested in large families.

Any man working earns enough to support an average-size family. If he does not, it is time to put wages up, not for the government to give him a handout.

The taxpayers have been asking for a long time that pensions start at an earlier age, without the "means test," and the public naturally expects to pay for them. The government should be the servant of the people, to bring in a bill covering the demand and charge it up to the taxpayers. They, by the way, spend millions on drink every month, and are quite able to spend a few more on a worthy pension scheme.

FAIR DEAL.

Jasper, Alta.

Alberta District News Briefs

200 at Olds Recital By St. Mary's School

OLDS.—A musical event which has been held here annually for many years, recital of St. Mary's school of music attracted 200 persons last week, when 15 violin students and 50 piano students presented a program. A miscellaneous shower was held recently by girls from the provincial 4-reasury branch staff at the home of Mrs. C. Owen in honor of Miss S. Mitchell, summer bride-elect. A banquet was held last week by the Olds and District Board of Trade when W. Mead was principal speaker. The Lions Club is sponsoring a series of dances in the Arena with well-known dance bands featured. Alberta Women's Institute girls club, to be known as the Maple Leaf Girls' Club was formed recently under the following officers: supervisor, Mrs. it Monday; president, Elaine Paton; vice-president, Helen Hudson; secretary-treasurer, Ellen Hendrickson.

$8,500 in Fund

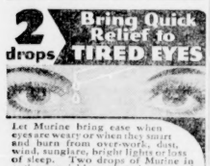

LACOMBE.—Funds for the proposed Memorial Recreation Centre here topped the $8,500 mark last week was canvassers continuing their calls. Good response was noted and officials are optimistic about reaching their objective of $40,000. Unveiling of a stained glass window at St. Andrew's United Church took place Sunday morning in memory of those who gave their lives and served their country in the recent war.

F. A. Chilton Dies

GRIMSHAW.—F. A. Chilton, resident of Grimshaw for the last 14 years, died last week in Peace River hospital after a lengthy illness. He was Grimshaw's representative on the Peace River Hospital Board. Official "welcome home" of district war veterans was held recently in the form of a social evening at the Elks hall. The evening was sponsored by the Citizens Rehabilitation Committee with R. Haining as master of ceremonies. Mervyn "Red" Dutton, president of the National Hockey League, was a business visitor here last week.

Hold Social Night

CORONATION.—More than 150 persons attended a Canadian Legion social evening last week held in honor of district war veterans. T. Anderson, formerly of Coronation and now of Innisfail, was awarded the DSM at a ceremony in Calgary recently. G. F. Bittner, last week received four hundred 25-cent coins in final payment of a tiller.

Let Murine bring ease when eyes are weary or when the smart and burn from overwork, dust, wind, sunglare, bright lights or loss of sleep. Two drops of Murine in each eye, quickly soothes, cleanses and refreshes. Thousands use Murine regularly—say there is nothing quite like it. Ease your eyes with Murine. Always keep it handy.

Wabamun Ice Out

SEBA BEACH.—Waters of Lake Wabamun have been freed to the spring sunshine with the long-anticipated moving out of the ice now a thing of the past. The ice broke up at 2:30 p.m. Friday. Under pressure of a heavy west wind the ice piled up in large cakes and receded rapidly towards the shores of Kapasiwin Beach.

Poles Blown Down

MANNVILLE.—Dust storm last week cut down several electric light poles. At a wedding solemnized Saturday, Nancy Mercer became the bride of John Coxford.

Joins Movement

CAMROSE.—This central Alberta town has been included in the circuit of the Youth for Christ movement, joining such other towns as Wetaskiwin, Red Deer, Didsbury, Lacombe and the City of Edmonton. Meeting of those interested will be held here May 3 at the Baptist church.

—Photo by Carl W. Walin, Wetaskiwin.

SPRING WEDDING—Shown above are the principals in the recent marriage of **Beth Elaine**, daughter of Mr. and Mrs. Benjamin Ouimette, to **Eric Melville Irvine**, son of William Irvine, former member of Parliament for Cariboo riding, B.C., and Mrs. Irvine. The wedding took place in Wetaskiwin United Church with the Rev. R. Binning officiating. Bridesmaid, right, was **Frances Vassar**, while best man, left, was **Thomas Groves**, who served with the groom in the RCAF. The couple will reside at Mulhurst Beach after a holiday at Banff.

$150 Missing

KILLAM.—An estimated $150 is missing following the alleged breaking and entering of the Killam Co-operative Store during the week-end. RCMP are investigating. J. Schreier of Strome has been placed in charge of the egg grading station here.

Edmonton Police Seeking 4 Men

Information concerning four men is being sought by the missing persons bureau at police headquarters as a result of requests received by the bureau from California, Washington and Holland.

Otto Breenabead of North Hollywood, California, and Payette, Idaho, is seeking news of Gregor Treech Pfarer and Stefan Gregorsky, both of whom were born at Hyrni, near Siryj, Poland. Mr. Brenabend said that when last heard of the men were living near Edmonton and that he had important letters for them.

Information concerning Paul Rosenthal, who served overseas with The Loyal Edmonton Regiment as a sergeant, is wanted by Miss Alice deVries of Amsterdam, Holland. His regimental number was M57010.

A 63-year-old man, Jasper Bunny, is being sought by Mrs. Laura Watcher of Tacoma, Wash. He is believed to have come to the Edmonton district after leaving Garden Grove, Iowa, in 1903.

Water Conservation Is National Problem

While no definite commitments have been made by the federal government as to the amount of financial and other aid to the offered, officials of the senior government are prepared to admit that the development of the eastern slope of the Rocky Mountains as a water conservation area is a national problem, according to Hon. N. E. Tanner, minister of lands and mines, who returned Monday night from Ottawa.

WHALE IN THE EAST. Mr. Tanner met with the reconstructionist committee of the House of Commons, which includes Hon. C. D. Howe, minister of reconstruction, Hon. James A. MacKinnon, minister of trade and industry, and Hon. J. A. Glen, minister of resources.

At the meetings Mr. Tanner presented Alberta's case and found that the committee was in sympathy with the contentions of the province. He is now preparing a written statement which he will forward to the committee for further consideration.

"I was quite happy to learn that the Dominion regards this development as a national problem, and I feel that a definite step forward has been taken," Mr. Tanner said.

IN THE AGREEMENTS where by the province assumed control of the natural resources, it also assumed the responsibility of providing lands for Indian reserves. Mr. Tanner said, and announced that surveys will be made in the Hay River area to set aside new lands for this purpose.

He had no comment to make on the progress of the Dominion-provincial conference, which he attended briefly during his stay in the capital city.

FABBY WILL FLY TO YELLOWKNIFE

And now a cat is going to get an airplane ride from Edmonton to Yellowknife.

C.P. Air Lines expressmen are crating a tabbycat to be shipped to Mrs. V. McKale at Yellowknife where it's seems that mice have been having the time of their lives of late.

The cat is being shipped by Dr. A. J. Malmas, Edmonton veterinarian.

Previous to this C.P. Air Lines has had shipments of canaries, parrots and dogs.

Blind War Bride Might See Again

NAPANEE, Ont., May 1.—(CP)—When Mrs. Alenbrack, Canada's first blind war bride, arrived in Canada three weeks ago she found her husband had built her a neat little bungalow on the outskirts of Napanee. Lacking were two things —an electric stove for the home and, what she wanted most of all, to have her sight restored. Yesterday the Canadian National Institute for the blind sent her an electric range and a letter from Dr. James E. Ward, retired eye specialist of St. Petersburg, Fla., said he would operate on her eyes this summer.

Jewellers Plan Craft Institute

VICTORIA, May 1 (CP)—Plans for a $100,000 endowment of a new organization known as the Canadian Jewellers' Institute, were revealed here yesterday by Robert E. Day of Toronto, president of the Canadian Jewellers' Association.

The new institute is planned to give training in silversmithing, watchmaking and gem-setting here in Canada instead of, as hitherto, turning to Europe for trained craftsmen in these lines.

THE INSTITUTE will grant certificates to qualified men in all parts of Canada, and a nation-wide board of examiners is being appointed to bring this program of certification within reach of every working craftsman.

The institute's first goal is to offer the certificate program to war veterans now training under government rehabilitation, Mr. Day said.

Princess Is Busy At Public Duties

SUNDERLAND, Durham, Eng., May 1.—(CP)—Princess Elizabeth yesterday launched and named the British Princess, a 12,000-ton oil tanker.

"Greater heroism has never been shown than by the men who served in our tankers," she said.

"In their own quiet, devoted way, they endured almost greater hardships than anyone."

DURHAM, Eng., May 1.—(Reuters)—Princess Elizabeth, heir presumptive to the British throne, yesterday formally opened an eye infirmary near here and talked with 13-year-old Harold Blackett, whose eyes were swathed in bandages after an operation for squint.

Depreciation Plan Is Given Extension

OTTAWA, May 1.—(CP)—The "double depreciation" plan of assisting industries in reconversion programs has been extended to March 31, 1948, Reconstruction Minister Howe announced last night. The plan, which came into effect Nov. 10, 1941, was scheduled to expire Dec. 31, 1946. It provides that manufacturers and other industries desiring to extend their plants or add new equipment to fit themselves for peacetime production may seek a certificate which, if approved, permits them to claim up to double normal depreciation for taxation purposes. Applications for certificates must be made before March 31, 1947.

Alexander Becomes Chief Canada Scout

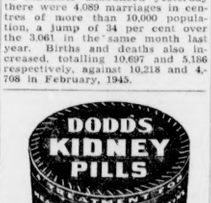

OTTAWA, May 1.—(CP)—Viscount Alexander yesterday accepted the office of chief scout for Canada in a ceremony at Government House. "My own son was a Wolf Cub in England, and I can assure you my family will be closely identified with the movement in Canada," His Excellency said. Maj.-Gen. Dan Spry, CBE, DSO, accepted the office of chief executive commissioner of the association earlier.

Object to Jazz At Lake Galilee

LONDON, May 1.—(Reuters)—Reference to swing music being played on the shore of Lake Galilee, scene of the miracle of the loaves and the fishes, is made in the report of the Anglo-American committee on Palestine. "The Lido, with its dancing and swing music on the shore of the sea of Galilee," it says, "offends the sensibilities of many Christian people."

Marriages Show Jump in February

OTTAWA, May 1.—(CP)—Friend cupid apparently outdid himself in February. The Dominion Bureau of Statistics announced yesterday there were 4,089 marriages in centres of more than 10,000 population, a jump of 34 per cent over the 3,061 in the same month last year. Births and deaths also increased, totalling 10,697 and 5,186 respectively, against 10,218 and 4,708 in February, 1945.

Would Allow Jews Entry to Palestine

LONDON, May 1—(CP)—An official Anglo-American committee of inquiry on Palestine last night recommended that the gates of the Holy Land be thrown open immediately to 100,000 European Jews—homeless victims of Axis persecution.

In a 30,000 word report on its four-month investigation released simultaneously here and in Washington, the committee went firmly on record against making Palestine either a Jewish or an Arab state, and said that the government ultimately established there "under international guarantees" must protect Christian, Jew and Moslem.

It called for continuance of Palestine under a mandate—held by Britain since 1922—"pending the execution of a trusteeship agreement under the United Nations." This, if accepted, would nullify Britain's plan to terminate the mandate by establishment of an independent Palestine state.

SIMULTANEOUSLY, the committee said that, if its report is accepted, "it should be made clear beyond all doubt to both Jews and Arabs that any attempt from either side, by threats of violence, by terrorism, or by the organization of use of illegal armies to prevent its execution, will be resolutely suppressed".

Beyond its recommendation for the admittance of 100,000 Jews immediately, the committee did not make specific recommendations on the number to be admitted in the future. It approved a clause in the original mandate saying that Jewish immigration should be facilitated "under suitable conditions".

Balsa is one of the lightest commercial woods in the world.

See Price Rise Coming in States

ATLANTIC CITY, N.J., May 1 (AP).—The United States chamber of commerce, the board of directors of which has recommended abolition of the major powers of the office of price administration by next October, was told yesterday a general rise in prices for the next several years was almost inevitable.

After a statement by chamber president Eric Johnston that the end of the OPA in the immediate future would put American business in the "national doghouse," a Harvard university professor, Sumner H. Slichter, said termination of the OPA should be based on conditions rather than an arbitrary date.

ROF. SLICHTER predicted in a speech before 2,000 delegates to the chamber's 34th annual meeting that the current sellers' market would keep labor unions in a strong bargaining position and they would make large, new wage demands next winter.

Success by the unions would result in higher prices and still further wage demands, he said.

"All of this means that a general rise in prices for several years at least is almost inevitable," he declared.

Man Cut in Two By Circular Saw

QUEBEC, May 1.—(CP)—Jean Baptiste Racine, 48, a wood merchant of nearby Stadacona, lost his life Monday when he was cut in two by a circular saw at which he was working in rear of his house. He was pushed against the revolving saw when his horse suddenly backed up.

"No, no, I don't want the whole set—just one of the paddles, please!"

The Bulletin's SPORT SHOW by Hal Dean

SPORTS EDITOR

TENNIS is headed for a big year in Edmonton, according to Harry Kinloch, one of the game's veterans in this city and with several titles to his credit. Harry long has been actively identified with the Garneau Club.

"There'll be more players in all the city clubs and there has been considerable improvement in the equipment outlook," is the way Harry views the present situation.

"More balls are available right now than at any time a year ago and there should be no scarcity as the season progresses."

KINLOCH is of the opinion that the synthetic product has been improved and an increase in the rubber content can be expected late in the season. He also stated that racquets "appear plentiful," and that repair supplies for stringing including nylon "are easier".

Capt Ray Gould, U.S. Army, is tennis coach at Garneau this year.

* * *

FACT THAT SHORTSTOP Johnny Galvin informed Capt. John Beatty by phone Tuesday he would be returning to Edmonton and to Renfrew Park this season, is big news for the three-club city league.

Galvin, a standout performer for the Yanks both in 1944 and again in '45, was usually considered one of the best big time baseball prospects in the league.

Johnny played in 17 league games last season and batted .347, his list of extra-base clouts including four doubles, a pair of triples and one home run. His RBI column shows 12. Galvin hit .412 during the final series against U.S. Signals.

* * *

HOCKEY CUSTOMERS who arrived fairly early for the Hamilton-Calgary Allan Cup final at the Arena here last Saturday, were probably under the impression the crowd at the entrance meant an already full house.

However as they elbowed their way forward, they discovered the fans merely weren't hurrying inside, but were listening to the broadcast of the third period of Monarch-St. Mike junior struggle in Toronto. Several owners of cars radio equipped had obligingly left the doors open.

A cheer went up when Robertson scored the winning goal, but it was only a whisper compared to the roar which greeted the final result announcement eventually made inside the Arena with the Calgary-Hamilton game in progress.

* * *

TOD SLOAN, St. Michael's junior speedster yesterday reported signed by Toronto Maple Leafs, received the Red Tilson Memorial trophy during last Wednesday's junior game in Maple Leaf Gardens.

The award goes to the player judged the most sportsmanlike and most able in the OHA. Tod promptly got himself two penalties for roughing.

Edmonton Flyers are to be the guests of the Edmonton Exhibition Association at a banquet at the Macdonald tonight.

G. R. Davison Convener

Appoint Committee Heads For Canadian Amateur Event

Chairmen of committees for the Canadian amateur golf event scheduled for Mayfair Golf and Country Club here in July, were named at a meeting held Tuesday afternoon.

General chairman, or convenor is Dr. G. R. Davison and the heads of the various committees are as follows:

Transportation and housing — Alex Cunningham.
Grounds—Andy Eagle.
Entertainment—Bob Bradburn.
Finance—Ken Duggan.
Publicity—H. Arnold Hopps.
Concessions—Lorne Muir.

CANADA'S BIGGEST annual golf event, a casualty during war years, will be played over the Mayfair course commencing on Monday, July 29 and plans for handling the affair are already well advanced.

It is anticipated that the first post-war title play will draw a record entry, with competitors from all parts of Canada.

Johnny Galvin Will Play Here

John Galvin, shortstop for the U.S. Yanks, champions of the Edmonton Senior Baseball League during the 1944 and '45 seasons, will be playing at Renfrew Park again this yearr.

Galvin, who is now just completing his year's studies at Purdue university, will arrive in Edmonton on May 8.

Blind Bowling Cup to Edmonton

An Edmonton team of alley bowlers, made up of blind residents of this city, was named winner of the Martin trophy, presented by Chief Justice W. W. Martin of Regina, in competition for highest scores in "blind" games held at various Western Canadian cities. Playoffs concluded last week.

Final scores were: Edmonton, 1,875; Regina, 1,803; Winnipeg, 1,787; Vancouver, 1,648; Saskatoon, 1,506; and Calgary, 1,397. Members of the Edmonton team, with their scores, were: F. Schrader, 405; Mrs. Christopherson, 368; H. Lacey, 320; A. de Coursey, 332; Alice Fitzgerald, 450.

THE ROWLANDS TROPHY, which has been up for competition annually for the last seven years for inter-city competition, was won by Winnipeg, with the following scores: Winnipeg, 2,548; Vancouver 2,417; Calgary, 2,368; Edmonton, 2,205; Regina, 1,933; Saskatoon, 1,525. Edmonton's best score in any of the Rowland competitions placed this city second.

On the 1946 Rowland team, with scores, were: Mrs. Christopherson, 364; H. Lacey, 450; F. Schrader, 482; Alice Fitzgerald, 485; M. Wagner, 424.

Local playoffs were held in the Recreation bowling alleys.

Cricket League To Open May 11

The four-team Edmonton Cricket League will open its season on Saturday, May 11, with all four clubs seeing action in games at the Golf Links and South Side. Edmonton cricketers meet Wanderers at the Golf Links and Canadian Legion opposes Radials in the other contest.

Each club will play a total of 18 games during the schedule nine at each field. Following is schedule with the first named team the home club:

May
11—Edmonton vs. Wanderers at Golf Links; Legion vs. Radials at S.S.
18—Wanderers vs. Legion at Golf Links; Radials vs. Edmonton at S.S.
25—Legion vs. Edmonton at Golf Links; Wanderers vs. Radials at S.S.
June
1—Radials vs. Legion at Golf Links; Wanderers vs. Edmonton at S.S.

South Side Girls Practice Friday

South Side senior girls fastball team will hold a workout at Victoria High (east diamond) on Friday commencing at 6:15 o'clock.

Membership in this fastball organization is not necessarily limited to players from the south side. Coach Nin Gray stated last night and all positions are still open.

Leaf Juniors

Maple Leaf junior baseball team will hold a practice at Clarke Stadium tonight, commencing at 6 o'clock. All prospective players are urged to attend.

New World Record Set for Pacers

ARCADIA, Calif., May 1.—(AP)—A world record for two-year-old pacers at a half-mile was set at Santa Anita Monday as Old Grandad, owned by J. A. Neville of Delaware, Ohio, stepped the four furlongs in 1:01½. The former mark of 1:05 was held jointly by several juveniles.

Old Grandad paid $8.20 straight, with two long shots, Anna Chief and Cherokee Chief, finishing second and third.

Cleveland's Rapid Robert Baffles Powerful New Yorkers for 1-0 Win

Feller Hurls Second No-Hitter of Career

HELPS FELLER. — Frankie Hayes, Cleveland Indian catcher, yesterday guided Bob Feller to his second no-hitter in the majors and also homered in the ninth inning for the Indians only run in the 1-0 game.

Edmonton Girls Defeat Red Deer

Edmonton Jays, of the junior girls' basketball league defeated Red Deer high school girls' team on the latters' home floor Tuesday night by a score of 28-3.

Eleanor MacIntosh and Gerry DeGraves, both with six points, led the scoring for the winners, while Edna Orme and Dorothy Dodds contributed the Red Deer points.

THE EDMONTON GIRLS counted five points in the first quarter, and they added four more in the second, eight in the third and 11 in the final period.

Allan Armstrong coaches the Red Deer team and Clare Hollingsworth the Edmonton girls.

A return game will be played in Edmonton on May 11, the same day the Red Deer high boys team will be here to meet the South Edmonton Teens.

LINEUPS:

Edmonton: Sylvia Calder, Evelyn Cramer (3), Doris Nufer (3), Eleanor MacIntosh (6), Gerry deGraves (6), Edith Skitch, Marie Schwarz, Phyllis Cox (2), Ruth Douglas (2), Del Wilson, Mona Creighton (2), Shirley Wentworth (2), Lee Bornstein (2), Evelyn Richardson; total, 28.

Red Deer: Jean Carter, Jean Wallin, Betty Inglis, Pat Parcello, Dorothy Dodds 1, Vera Churchill, Ella Houston, Edna Orme (2), Lois Gillette, Wilena MacDonald; total, 3.

Westlawn Bowling Meeting Thursday

A meeting of the Westlawn Bowling club will be held on Thursday evening at 7.30 p.m. in the club house for the purpose of organizing for the coming season. Bowling this year will take place on the new green, between 109A and 110th avenues, on 124th street. Members of the club and any others interested are asked to be present.

Joe Louis Expects Carry the Fight

NEW YORK, May 1 (AP). — Heavyweight champion Joe Louis declared yesterday he intends to carry the fight to Billy Conn "All the way" in their war-postponed return bout June 19 at Yankee Stadium.

Arriving here from Indiana to begin serious training for the defence of his title, the bulging bomber disclosed his plan in response to a question as to just how he intended to start getting "wound up" after several years of ring idleness.

"I got just one thing in mind," he replied. "That's to keep goin' forward, bobbin' and weavin' and keepin' my hands out in front all the time. I'm going to carry the fight to Billy Conn all the way this time."

Peden and Rodman Pick Up Two Laps

CHICAGO, May 1.—(AP)—Standings were but slightly changed last night as the 43rd international six-day bike race at the Coliseum neared the 48-hour mark.

The only change occurred when the team of Torchy Peden of Victoria, and Jerry Rodman picked up two laps to move from third place to a tie for second will Bill Jacoby and Yacky Yaccino at 163 points.

Only Three Yankees Get Past First

By STEVE ROBERTSON

NEW YORK, May 1—(AP)—One after another the vaunted New York Yankees faced Bobby Feller and one after another he set them down and when it was all over and he had tossed the second no-hit, no-run game of his career, he then tossed the credit to his catcher, Frank Hayes.

"Hayes caught a great game," Bobby told scribes after Cleveland won the American League ball game 1-0 yesterday. "I didn't shake off his signals once." Hayes' homer was the winning run.

For Feller, it was sheer, joyous triumph after being beaten in his last two starts for Cleveland prior to yesterday. Only Monday he had been the object of some good-natured raillery as to whether he still had his stuff.

WITH 133 PITCHES he left no doubt for 37,144 fans what he still has. The Cleveland speedball artist threw 54 balls, 35 strikes (17 called and 18 swinging) 29 fouls and 15 balls hit to infield or outfield.

As always when a flinger turns in such a performance as Feller's the Indians' dressing room was in turmoil for many minutes after the final out was made. One teammate after another hugged the big fellow from Van Meter, Ia., as the flash bulbs exploded.

"My fast ball was my best pitch all the way," Bob said, "but I also used a lot of curves and sliders. I believe I had better stuff than when I pitched my no-hitter against the White Sox in the 1940 opener."

In addition to his two no-hitters, Feller has registered six one-hitters in his brilliant major league career.

He was a majestic figure out there yesterday. Pitching with only three days' rest, he had the slugging Yanks buffaloed all the way with his lightning fast ball and his wide, sweeping curves. From first to last he appeared to have the Yanks swinging before they were ready.

ELEVEN OF MANAGER Joe McCarthy's bombers went down on strikes. Up to the ninth inning, when George Stirnweiss reached first on an error and made his way around to third, only two Yanks had reached second, both after drawing walks.

Hayes, whose ninth-inning wallop into the left field stands at about the 340-foot mark prevented the game from going into extra innings, and manager Lou Boudreau were the most-congratulated members of Feller's supporting cast.

In the first inning the nimble Indian shortstop raced clear across second base to grab a roller off Stirnweiss' bat and throw him out at first by a step. After making the play Boudreau turned a complete somersault. The ball had been deflected by Feller. It was the only piece of really good fielding that Bob needed to achieve his goal.

THE CLEVELAND infield was extremely jittery toward the end. Ken Keltner at third muffed an easy pop foul by Phil Rizzuto in the eighth, and Fleming simply let Stirnweiss' bunt roll through his legs in the ninth. Feller said he didn't let either misplay upset him. "What the hell," he said, "we're all in there trying."

When Charlie Keller rolled toward second baseman Ray Mack for the final out of the game, Mack, playing back on the grass, fell flat on his hands and knees in his haste to meet the ball. But he recovered in plenty of time to make the throw.

"When I saw Ray fall down I started over there to help him," said Boudreau. "So did I," laughed coach Oscar Melillo.

Nothing in the schedule was quite on a par with the Yankees-Indians duel. Washington Senators took a 3-2 victory over Chicago on Bud Lewis' seventh-inning double that drove in the winning run while the Athletics made good use of some wild St. Louis pitching to beat the Browns 12-8.

In the other American League Joe Dobson gained his third victory with a three-hit shutout as Boston Red Sox set down the league championship Detroit Tigers 4-0.

Emil Kush, Chicago's relief pitcher got credit for a 2-1 11-inning decision over Brooklyn before 18,984 National League customers at Chicago and at Pittsburgh Pirates won 4-1 from the Phils.

ROUNDING OUT the National schedule for the day Pittsburgh Pirates defeated Philadelphia 4-1 and Chicago edged out Brooklyn 2-1 when pinch-hitter Heinz Becker scored a single in the ninth inning to send home Eddie Waitkus who scored both runs.

Canadians Will Work Out Tonight

Canadian Athletic club junior baseball club's practices are as follows:

Tonight at 6.30 o'clock, Friday at 6.30 p.m., and Sunday from 3 to 5, all at Victoria Park (golf links) diamond.

Junior Fastball Practice Tonight

Medico Welders junior boys' fastball team will hold a practice tonight at the Boyle street diamond commencing at 6.30 o'clock. All players will be welcomed.

SECOND NO-HIT EFFORT: Off to a tough start with a pair of losses in his first two starts, **Bob Feller** (above) highly rated major league pitcher, proved he still has the stuff that makes a winning hurler in baseball's highest class Tuesday when he stopped the "power house" New York Yankees with a no-hit performance at Yankee Stadium. In twirling his second no hitter in the majors to give Cleveland Indians a 1-0 win, the former serviceman made only 133 pitches. In addition to the two no-hitters, Feller has registered six one-hit jobs in the big leagues.

Fans Jam Station

Winnipeg Declares 'Holiday' As Monarchs Arrive Home

WINNIPEG, May 1—(CP)—Amid gigantic waves of cheering from thousands of hockey fans, the Winnipeg Monarchs came home Tuesday, proud possessors of the dominion junior hockey crown and the historic Memorial Cup.

Business was forgotten, bankers and office clerks skipped office hours, and children forgot the clanging of school bells, in a wild demonstration to welcome the new hockey kings.

The station was jam-packed by a hand-shaking, back-slapping crowd of fans, civic and hockey dignitaries. In the rotunda, Mayor Garnet Coulter presided at a welcome ceremony.

THEN CAME a parade through downtown streets, past cheering crowds, and with ticker tape and balloons floating from countless windows.

The Monarchs appeared a little embarrassed at such a tremendous ovation.

Conquerors of Toronto St. Michael's College after a thrill-packed series, Monarchs came home with high praise of eastern hospitality, the crowds in Maple Leaf Gardens, and the St. Mike's players.

"Stepping off this train is very like stepping onto the ice at Maple Leaf Gardens," said Coach Walter Monson. "The ovations are practically identical."

AT A BREAKFAST in their honor, Lieut.-Governor R. F. McWilliams thanked the Monarchs for keeping Manitoba the dominion's "hockey headquarters."

"Hockey is the great Canadian game—the Winnipeg Monarchs are the darlings of the city," he told them.

Billy Tindall, star defenceman, said the team had to refuse dinners and parties in the east because "it was beginning to tell a little on the boys." The same may happen here. Several functions are scheduled in their honor.

Two of the regals greeted fellow-players at the station. Jackie Gibson, netminder, and Cam Miller motored home, arriving a few hours before the train.

Europe Is Asking For Puckchasers

WINNIPEG, May 1.—(CP)—Hanson Dowell of Middleton, N.S., president of the Canadian Amateur Hockey Association, said Tuesday one of the matters the CAHA annual meeting in Vancouver will consider is the controlled transfer of Canadian players to British and European leagues.

He expected a tremendous increase in the demand for Canadian players, he said.

Secretary G. S. Dudley of Midland, Ont., said England had been unable to send a delegate to the meeting but Scotland had appointed a Canadian proxy. "We haven't heard from Russia yet but I doubt if they will attend."

Scotland already has requested 60 Canadian players but English leagues remain unsettled.

Legion Bowling Meeting Friday

Annual meeting of the Canadian Legion Lawn Bowling Club will be held on Friday evening at 8 o'clock in the club office. All important business will be discussed.

Hedlunds Defeat Winnipeg 30-23

WINNIPEG, May 1 (CP).—Vancouver Hedlunds, queens of Canadian basketball for the last four years, vanquished Winnipeg 'Pegs 30-23 here last night in the second game of a best-of-five series for the western Canada women's senior crown and took a 2-0 lead in the series.

The third game will be played here tonight and the remainder of the series, if necessary, will follow on consecutive nights. Hedlunds took the opener 42-17 without difficulty.

THE BRILLIANT British Columbia team which lost only one game in its elimination of the Alberta and Saskatchewan champions, held a 15-9 edge at half time.

Grabbing a narrow 8-7 lead in the first quarter, Hedlunds managed to stay in front all of the way but the 'Pegs forced them to work harder for their victory than they had in the first game. With the exception of the second quarter when the champions tossed in seven points to Winnipeg's two, it was fairly even battling, Hedlunds netting eight to 'Pegs seven in the third and each getting seven points in the final 10 minutes.

RITA BELL, Vancouver's fast-stepping centre, paced her clubmates for the second straight night with 17 points. Kay Watson with six and Fay Burnham with five were the other stars.

Eleanor Wallens led the 'Pegs with five field goals and Sylvia Ferris was just behind with nine points.

LINEUPS:

Vancouver: Bell (17), Watson (6), Burnham (5), Stoddard (2), Scowby, McArthur, McKenzie, Fraser, Smith, McDermott; total, 30.

Winnipeg: Wallens (10), Ferris (5), Cuthbert (3), Barr (2), Fasken (2), Duncan (1), Robertson, McCalder, Hebner, McDougall; total, 23.

Officials: George Sborne, Vancouver; Syd Glenask, Winnipeg.

BASEBALL

American League

NEW YORK, May 1—(AP)—Rapid Robert Feller, Cleveland's fireballing righthander, convinced 37,144 fans and New York Yankees yesterday he isn't slipping—by throwing a no-hit, no-run game against the Bronx Bombers for a 1-0 decision on Frankie Hayes' ninth-inning homer.

Tod Sloan Signs With Maple Leafs

TORONTO, May 1.—(CP)—Youthful Sky Aloysius (Tod) Sloan, dynamic spark plug of the defeated St Michael's college Memorial cup finalists, signed a contract Tuesday with the Toronto Maple Leafs, heralding the first step in the formation of a line which Major Conn Smythe, managing director of the Maple Leaf Hockey Club, predicts will develop into one of the most colorful kid lines ever introduced into major professional hockey.

Names of his linemates have not been announced.

The Governor of North Carolina is the only governor in the Union without the power of legislative veto.

Baker Leads Scoring

Dominoes Trounce Windsor In Canadian Final Opener

WINDSOR, Ont., May 1—(CP)—The Victoria Dominoes last night came from behind a first-quarter deficit to wallop the Windsor Assumption College squad 53-35 in the first game of their best-of-five series for the Canadian senior "A" basketball title.

After the rampaging Dominoes got the bit between their teeth they were never headed. Behind 7-3 at the end of the first quarter, they surged into a 20-15 lead at the half time and increased their lead to 37-23 at the three-quarter mark.

Forward Norm Baker was the standout star of the Victorians, rattling in six goals and making two foul shots good for a total of 14 points. Henry (Hank) Rowe, ill Monday, came out as reserve centreman and checked in a stellar performance with four baskets and three fouls for an aggregate of 11 points.

Gino Sovran, Assumption's left forward, chalked up the most points for the Windsorites with 14, made up of six goals and two fouls made good.

With the exception of Bill Coulthart of Assumption, recovering from a sore throat, both teams were at full strength as the rangy forwards ran in on the defence in an action-filled contest. Dominoes ran up a total of 22 goals to Assumption's 15 and made good on nine foul shots as against Windsor's five.

Jean Pusie For Next Mat Show

Jean Baptiste Pusie, the original bad man of the puck lanes, and one of the most colorful hockey defencemen of his day, will be included amongst the foursome performing in Tommy Tasker's tag wrestling show at the Empire theatre next Monday night.

PUSIE, who switched over to the mat game after finally quitting hockey, will be paired with Chief Thunderbird against Walter Sirois and Texas Jim Wright. This also will be the first grappling appearance here for Sirois.

Pusie played many hockey games in the Edmonton arena, in the Western Canada league during the early thirties. Regina and Vancouver were two of the many clubs Monsieur Jean performed with.

Montrealer Again Heads Marksmen

MONTREAL, May 1.—(CP)—W. J. (Bill) Lafferty, well-known Montreal marksman, was re-elected president of the Canadian Small Bore Association at its annual general meeting, it was announced Monday. Also returned to office was Ken Morris, secretary-treasurer.

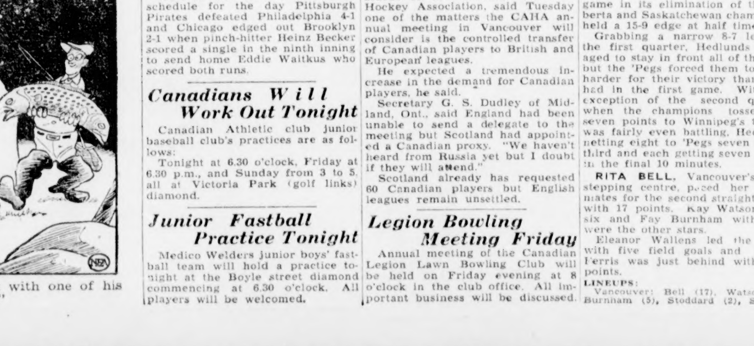

Other officers include: vice-presidents, C. H. Schwartz, Winnipeg; D. E. C. Campbell, Edmonton; J. A. Irvine, Vancouver and H. Collings, Esquimalt.

It was announced the famous Lord Dewar match has been reinstated after a wartime lapse of four years, and the Association has been invited to sponsor Canada's team. Great Britain and United States also are expected to enter teams.

The Association voted to petition the government to make its indoor and outdoor rifle ranges available to properly organized groups of civilian marksmen for purposes of practice and competition.

By Oscar Fraley

Today's Sport Parade

LOUISVILLE, Ky., May 1—(BUP)—Dear Boss: I need some scratch. The horse race country really has walloped my wallet, with the deluxe denitasse right in the presence of the head man of them all—Col. Matt Winn.

As I told you, I went down today to get an interview with Colonel Winn, who has promoted this Kentucky Derby into the top drawer of sports events. But, what with bellboys, porters, waiters, cab drivers, shoeshine boys and all holding out that palm in this horse-nutty town, I showed up in the Colonel's swanky quarters with a Confederate dollar and a two-buck ticket on the last race in my pocket.

THE COLONEL was very gracious, boss. He stood up on that red plush carpet, leaned over that gleaming mahogany desk, dumped the ashes from a dollar stogie into a golden monogrammed cuspidor, and smiled pleasantly at the poorest pauper this side of that joint over the hill. It made me feel swell, but the picture of Jeff Davis on that Confederate dollar was crying for company and the two dollar mutuel ticket didn't seem to be doing much answering.

Winn has a very lovely spot there. His desk sits back in a corner of a room that looks as big as Carnegie Hall and he has a commanding view from the second floor. Down below, through a battery of three windows which run from ceiling to floor, are acres of tulips, geraniums and other flowers and the paddock. And staring him right in the kidder, are the beautiful lights of the new tote board which show him how many of the citizens' dollars are pouring into the till.

THE ONLY trouble, boss, was that my timing was off. I stepped into turfdom's sanctorum just before they went to the post in that last race—and that two dollar ticket trying to cheer Jeff was on an 80 to 1 shot.

Being three miles away from the hotel you can understand that I was a little nervous. After all, boss, my feet are plenty tired from going all out like I do in the assiduous pursuit of my duties.

The trouble was that Colonel Winn could see the double featured on the tote board from his spot, but all I could make out was the odds part which showed that my horse was now 90 to 1.

So he starts telling me that he's making great plans for the next year, imagine, and the guy an octogenarian. They're going to blow quite a few thousands rebuilding the infield so everybody can get a good gander at the race, he said.

AND MEANWHILE, the section of the tote board I can see has stopped flashing and now they're off and running. Whoa, let Churchill Downs toss their cash around but there goes my 90 to 1 shot with me and Jeff Davis sitting it out. I'm nervous I'll spill your scratch.

But as I said boss, I need some scratch.

I had to walk back to the hotel.

Golf

By BYRON NELSON

THE average golfer makes so many mistakes starting again to play golf after having been snowed in all winter that this seems to be the ideal time to offer a few hints on how to start the season correctly.

Whether you realize it or not your muscles have become soft after a winter away from golf. I don't care how active you have been at squash or any other indoor sport. The fact remains that golf exercises a different set of muscles and it would be well for you to go slow.

Nelson

One of the commonest faults of golfing fans is that of not properly preparing. The first warm day they start out to play 18 holes. They feel so good at the end of 18 that they immediately elect to play 36. The next day they're an stiff and sore they can't pick a handkerchief off the floor without having their joints creak.

WHAT'S MORE, they have started themselves off in a lot of bad habits, faults which will add strokes to their game. They have lost their swing, and gotten out of the groove during the winter, and they have made no effort to make sure they are swinging correctly before they start playing an actual round of golf.

My suggestion to anybody who has had to lay off golf any length of time would be to start out slowly hitting a few short shots with a No. 8 iron or niblick and gradually working up, day by day. If your progress is satisfactory, you can go through the clubs a little faster.

It is a good idea also to take a couple of lessons from a competent pro at the start of the season. Even if you can't afford to take instructions all season, a few lessons at the outset will do your game a lot of good.

MANY PEOPLE START out in the spring by themselves before they make sure their swing is in the groove and they develop a bad slice. They can't understand why they're not playing as well as they were at the end of the previous season. Then they will wait too long before taking a lesson to get themselves straightened out that the professional has to tear down all they have built up in the way of bad habits and start all over again. If, however, they had taken a little instruction at the start of the season this golfing grief could have been avoided.

AS FOR THE ACTUAL playing of the game itself, remember that during the early spring the ball will not roll on the fairways or greens because they have been made soft by winter snow and rain. For that reason I would suggest that, at this time of year, you always take a long enough club so you won't have to force a shot to attain your objective with the ball on the fly.

It all goes back to what I have said before about the atmosphere being heavier during the spring and fall. Remember that, everything else being equal, you will shoot your lowest scores and your handicap will be lower during July and August when the fairways are hard and fast. During that part of the season each hole is shortened approximately 40 yards by the roll of the ball.

REVIEWING MY HINTS for starting the season again: Remember not to play 36 holes just because you feel so good after the first 18. Practice before you play to make sure your swing is in the groove. Take a few lessons from a competent pro. Don't stay out on the practice tee long enough to get blisters on your hands. It might be well to use a glove until your hand is toughened. If you're consistently bothered by blisters on your hand, you should have a competent instructor look your game over because there must be something wrong with your grip.

STOCKPORT, Eng. — (CP) — Lyme Hall and Park of 1,323 acres has been presented to the National Trust by Lord Newton. The hall, built in Elizabethan times, may be used as a teachers' training college or convalescent home.

Believe It or Not! by RIPLEY

Market Drops on Others

Rippey's Stock Takes Jump With Victory In Derby Trials

By SID FEDER

LOUISVILLE, KY., May 1—(AP)—Handsome Rippey moved in on the glamor boys of Saturday's Kentucky Derby by splashing his way Tuesday to a neck decision in the old jinx of Derby horses—the one-mile Derby Trial.

In a drive all the way up the stretch of Churchill Downs, the mud-running speedster overcame the highly-touted Spy Song in the final strides to take a commanding spot among the top Derby dandies.

Toronto's Derby hope—Wee Admiral—was in contention three-quarters of the way but fell far off the pace in the stretch run through the Kentucky mud.

While Rippey's stock went up, and the market dropped on Spy Song and seven others in yesterday's trip through the slop, the field for Saturday's $100,000 run for the roses lost its first "name" horse of the week with Mist O'Gold being declared out because of a fever.

Hope of automobile-body builder Charlie Fisher to end a Derby "drought" that has lasted 17 years since he sent his first horse to Col. Matt Winn's big show, Spy Song has been third only to the fancy favorites, Lord Boswell and Knockdown, in all future books.

Four lengths back of Rippey—given a brilliant ride by Ferril Zufelt, who'll have the leg up Saturday—came Oscar Breacutt's With Pleasure, a tiring third.

A $7.60 for $2 second choice, Rippey ran out 1 1-8 miles in 1:55 2-5 and picked up $9,775 for the job.

Senators Charged Unfair Practices

BOSTON, May 1.—(AP)—Charges of unfair labor practices have been made against the Washington American League baseball club by the American Baseball Guild, director Robert Murphy of Boston said Monday night.

A copy of the charges listed as "case 5c-2081" by the Baltimore District National Labor Relations Board, where the charge was filed said:

"On or about April, 1946, the Washington American League Baseball Club, Inc., did, by its officers, agents and servants, and more particularly by Clark C. Griffiths, its president, make statements derogatory to the American Baseball Guild, a labor organization within the meaning of section two, subsection five, of the National Labor Relations Act; did counsel and urge the players of said club against joining the guild and, further, did make statements calculated to intimidate and coerce the players on the club from exercising their rights to self-organization, to join or assist the guild or any other labor organization."

District Engineer

Announcement was made by the department of municipal affairs on Tuesday of the appointment of J. M. Forbes, formerly district engineer in the department of public works to be director of municipal assessments to replace J. W. Judge, now deputy minister of municipal affairs, who formerly occupied that post. Mr. Forbes has 29 years in the civil service of the province behind him.

Lignite is a dark brown coal with low carbon and high oxygen content.

Cancer Campaign Drawing to Close

Opportunity for the citizens of Edmonton to do their share in the current Dominion-wide cancer campaign is drawing to a close, Red Cross officials warned Tuesday.

The cancer booth on the main floor of the Hudson's Bay Company store will be open until store closing time on Saturday, they stated, and urged that those who have not been approached by a canvasser with a request for aid should leave their donations at the store before that time. Some very encouraging results have been achieved so far, Red Cross officials said, but more is needed to aid in the fight against the scourge of this dread disease.

Two Reach First

Harrist Blanks Bisons 5-0 With No-Hit No-Run Game

SYRACUSE, May 1—(AP)—Earl Harrist scored his second victory of the season against no defeats Tuesday when he hurled the first no-hit, no-run game of the 1946 International League season as Chiefs defeated Buffalo Bisons 5-0.

The 25-year-old blond right hander allowed only two batters to reach first, where they died.

Backed by errorless fielding, Harrist struck out three batters and had the Bisons popping up most of the way. The outfielders handled 10 easy chances.

Harrist, discharged from the army in the midsummer of 1945, finished last season with Cincinnati Reds. The National Leaguers released him outright to Syracuse a month ago.

Monarchs Make Few Extra Dollars

TORONTO, May 1 (CP).—Members of the Winnipeg Monarchs' Junior Hockey Club made themselves a few extra dollars by selling tickets to the Memorial Cup seven-game series here at prices far beyond the regular admission fee, the Toronto Daily Star said in a sports-page story Tuesday.

"It wasn't exactly blackmarket business although the specious might insist there were slight tinges of gray to be discerned as some bright-eyed young Winnipeg Merchants acted in the happy role of auctioneers," the paper said, adding that the western club received 400 tickets for each game in addition to complimentary tickets given the players.

The paper quoted one player as saying he received $25 for two box seats. The regular price was $2 for each. Another Monarch, the Star said, told his mates he got $17.50 for two seats, regular price of which were $1.50 each.

Demand for tickets far exceeded the supply. The paper added the dealings mostly were carried out in a downtown hotel, Monarch headquarters.

FAVORED FISH

BERALA, Aus.—(CP)—Anxious that his 600 goldfish should be well-cared for, the owner of a cottage in this New South Wales town made their purchase a condition of the leasing of the cottage. There have been several offers for the fish—said to be worth more than the £100 ($450) asked.

CANADIAN SPORTSHOTS

By MEL SUFRIN

VANCOUVER, May 1—(CP)—For a while it didn't look like they'd make it, but the pucksters somehow managed to put the hockey season in mothballs before May set in.

Doubtless eastern fans were disappointed with the way the junior and senior divisions wound up, but with the exception of Vancouver, it's a good wager that few were sorry to see the end of ice hostilities for this season.

WHAT THE COAST fans would like to have seen was a North America amateur senior series between their Vancouver Canucks, U.S. amateur champions, and Allan cup winners, Calgary Stampeders.

The Canadian kings felt they had enough with 50 games, and while Canucks were still raring to go after coming through 75 tilts, it was not because they weren't dired.

The team apparently felt it had missed a chance at the coveted Canadian laurels because of the Pacific coast league playoffs.

In addition, the boys resented the feeling in prairie circles that they wouldn't have much of a chance against the Stamps.

CHARMED, I'M SURE.

Both the Allan cup and Memorial cup series were good examples of superstitions in sport.

Among numerous supposedly lucky manoeuvres, Winnipeg Monarchs pinned their main hopes on Betsy, the li'l elephant. It took them seven games to prove that if Betsy were facing east on the ice surface Monarchs would win the junior crown.

Then of course there were Hamilton Tigers' dirty sweaters. But their charms apparently gave out before the Calgary Stampeder series.

On the other hand, maybe the crystal gazers can see something meaningful in the names of the sleeping cars used by Calgary and Hamilton.

Bob (Calgary Herald) Mamini notes that in the first three games, won by the Stampeders, the westerners rode in the sleeping car, "Naughton".

Tigers meanwhile rode in "Nightingale" on their way to the fourth game at Saskatoon the cars were switched, Tigers rode in "Naughton", and scored their only victory of the series.

THREE ACES:

Holes-in-one are becoming what might almost be called commonplace for Bill Mawhinney, who recently dropped his third in the last few years.

But to make the story more impressive Bill is only 17 years old and three aces is probably a record for a divoter of his age.

WINGED TRAFFIC COP

AINTREE, Eng.—(CP)—From a plane circling above the Grand National race course, Capt. A. F. Hordern, Lancashire chief constable, spotted traffic jams on Grand National day and informed mobile radio stations on the ground.

Gold-Beaters Ply Romantic Craft in Belleville

George Gee, 70-year-old grandfather, learned the art of gold beating in England. He no longer pounds the gold leaf, but helps by placing it between skins for the beaters.

G. W. (Bill) Gee followed in his father's footsteps. He is seen rolling out gold with the only piece of machinery that has been introduced into the craft.

William Gee, grandson, is also learning the trade. He is pounding out the gold leaf with a seven-pound hammer.

Ella Wannamaker, who trims and cuts the gold leaf, wears an apron which is attached to the table and tied around her waist to catch every particle of the precious metal.

Follow Pattern of 3,000 Years Ago

Belleville Family Plies Aged Gold Leaf Art

By GODFREY SCOTT

BELLEVILLE, Ont., May 1.—While the world moves into the atomic age, with the possibilities of atomic power soon being used in industry, three generations of one family ply the ancient art of gold beating that has not changed since the days of the Pharaohs, some 3,000 years ago.

IN A LITTLE garage on North Front St., George (Bill) Gee, with the assistance of his 70-year-old father and his 16-year-old son, operates the Canadian Gold Leaf Mfrs., the only organization of its kind in Canada. This firm makes gold leaf for signs, decorations and window dressings.

Three thousand years ago slaves of the Pharaohs beat gold into thin sheets for the decoration of regal chariots and chairs. Today in this little converted garage, three men are busy beating gold into sheets so thin they are transparent when finished.

FROM ONE TINY ingot, three and a quarter inches square, hammered patiently for many hours, 2,500 sheets of gold leaf are produced.

The art of gold beating was learned by George Gee 57 years ago, when he was first apprenticed in the craft at the age of 13 in England. In 1908 he moved to Canada with his family and started business in Toronto.

Only one piece of machinery has been introduced into the business. This is a machine that rolls the ingots into ribbons approximately 25 feet long and one-thousandth of an inch thick.

EACH RIBBON is cut into squares one inch in width. Two hundred of these squares are placed between the same number of "kutch" skins, made in France from a mixture of paper and vegetables. This package of skins and gold squares is wrapped in parchment obtained in England.

Here another romantic phase enters the craft. The parchments in many cases are ancient legal documents, some dating back to 1500. The documents are generally old wills and deeds, but they withstand the continuous pounding of the seven and 14-pound hammers for many days. No parchment made today is half so strong, stated Mr. Gee.

THESE THIN PIECES of gold are beaten by one of the workers until the gold has spread over the edges of the "kutch." They then are quartered and placed between sheets of gold-beaters' skin, a specially processed material made by an English family who still keep the secret of the process to themselves.

Mr. Gee took a piece of gold leaf and tossed it in the air. It was so light that it floated to the floor like a feather.

For pounding the gold huge granite blocks, weighing 300 pounds, are used as a base.

SPECIAL CANE, brought from India, is used to cut the gold leaf throughout the processing. An ordinary knife would cause the leaf to tear or wrinkle.

West Phone Co. Buys Service Lines

VANCOUVER, May 1.—(CP)—The British Columbia Telephone Company has purchased part of the vast communications network built in British Columbia during the war, a despatch from Ottawa received here said yesterday. The announcement was made by J. H. Berry, president of War Assets Corporation.

He said the telephone company acquired the lines because of a prior agreement with the former department of munitions and supplies.

In 1942 the Dominion government appropriated $4,000,000 for construction of needed telephone connections in the province for the purposes.

THE NEW SYSTEM covers 2,336 miles and is made up of 16,266 miles of wire.

Remainder of the system probably will be sold to Canadian National Railways and Dominion Government Telegraphs.

Naval Trainees Going to Alaska

VANCOUVER, May 1.—(CP)—The frigate HMCS Charlottetown, now based at Esquimalt, will make three cruises to Alaska this summer for practical training of university naval training division ratings, it was announced Tuesday by Cmdr. A. W. Baker, RCN staff officer for university training.

About 200 ratings from universities of Alberta, Saskatchewan and British Columbia and a contingent from Western University, London, Ont., will be instructed in seamanship and other naval duties.

THE TRIPS are scheduled for May 7, May 23 and June 8.

Speaking at a press conference, Cmdr. Baker said "this will be a major phase of postwar naval training. We expect to have 1,800 reservists across Canada."

This year for the first time, he said, 15 universities across Canada will have naval trainees in uniform on the campus. They will take 60 hours of naval instruction during the academic year and two weeks of training afloat.

Grant Promotions To CPR Employees

WINNIPEG, May 1.—Changes in the motive power and car department, Canadian Pacific Railway, effective today, bring promotion to Norman Woolley, air brakes instructor, western lines, Winnipeg, and Martin (Rosey) Russell, machinist, Moose Jaw. Mr. Woolley has been appointed air brake foreman, Ogden shops, Calgary, and is succeeded in Winnipeg by Mr Russell in the western lines post. With the retirement under railway rules of John McColl, night foreman at Lethbridge, John R. Motto, charge hand at Red Deer, is raised to the vacated position at Lethbridge, and W. E. Seaburg, machinist at Weston shops, Winnipeg, takes the position of charge hand at Red Deer.

Franco Victory Statue Scene Of Bomb Blast

BARCELONA, Spain, May 1.—(BUP)—A bomb exploded Tuesday at the base of a monument erected in 1939 to commemorate the victory of Generalissimo Francisco Franco in the Spanish Civil War.

The bomb exploded at 4.30 a.m. The monument was not seriously damaged by the blast.

The statute, which is a bronze figure of a woman representing victory, was overturned by the explosion.

A similar bomb was exploded at the same site March 30.

Says Grain 'Change Is "Black Market"

OTTAWA, May 1.—(CP)—Robert Fair (SC—Battle River) said last night in the Commons that if the Winnipeg grain exchange was kept in operation then black markets in meat also should be legalized since they were the same.

Mr. Fair spoke in moving second reading of his bill to amend the Canadian Wheat Board Act to broaden its powers and thus eliminate the grain exchange.

HE SAID that under the present system there were fluctuating prices without there being any change in the wheat in western Canada. The grain exchange was of his "know-how." Sen. Eastland said, it appears that foreign governments can put together some devices still classed as "top secret."

The committee launched its investigation amid reports Russia was seeking to negotiate purchases of electronic equipment and to send engineers to the United States. Electronic equipment is used in radar and in many other military weapons.

Monty Takes Leave Of British Troops

BRITISH ARMY OF THE RHINE HEADQUARTERS, May 1 (Reuters).—Field Marshal Viscount Montgomery in a farewell message to the troops under his command yesterday recounted their achievements in fighting in western Europe and their role in the control of Germany, describing them as "a magnificent team."

Lord Montgomery is relinquishing his command of the British occupation zone in Germany to become chief of the imperial general staff.

"WHEN I THINK BACK to the day I took over the 21st Army Group in January, 1944, at that time getting ready to start its great adventure, I feel amazed at what has been achieved," Lord Montgomery's message said.

"Sailors, soldiers, airmen, civilians, men and women, we have all been in this business together. I would like to thank each one of you for the support you have given me in my task.

"The great results that have been achieved have been due to the united effort of a magnificent team, of which I think I can justly say each one of us can be proud to have been a member.

"And so with a sad heart I say goodbye, wishing all of you on your return to England, whether it be now or later, the happy home you deserve."

U.S. Secrets Said Too Poorly Guarded

WASHINGTON, May 1.—(AP)—A senate investigating committee yesterday reached a preliminary conclusion that safeguards on the secrecy of top United States military weapons are not tight enough to keep them out of reach of foreign powers.

Indications point so strongly that way Chairman James Eastland (Dem.-Miss.) said, that a senate judiciary sub-committee intends to "go much further into the matter."

SEN. EASTLAND SAID a good many parts of wartime secret devices have now been "declassified" or made non-secret, and the cloak of secrecy wrapped during wartime about certain industrial processes has been lifted.

By buying parts and making use detrimental to the welfare of western farmers.

Rene Jutras (L—Provencher) said the board had done a "magnificent" job during the war and he said he felt the house should concern itself mainly with the wheat board. The bill itself made no mention of the grain exchange.

The Community Chest of Edmonton

ANNUAL FINANCIAL REPORT

TREASURER'S REPORT

TO THE PRESIDENT AND MEMBERS: April 16th, 1946.

I beg to submit the Treasurer's report for the Community Chest of Edmonton. The statement of the Auditors, Peat, Marwick, Mitchell & Co., is appended. May I call to your notice that the period under review for the current (1946) campaign is for fifteen months—due to the change in the date of the Annual Meeting. The ratio of expense to collection has been kept extremely low and the percentage of losses in collection of amounts pledged is also below that anticipated. Yours truly,

J. G. NICKERSON, Honorary Treasurer.

BALANCE SHEET
As of March 31, 1946

Assets

Cash in Bank and on Hand		$ 60,138.33
Pledges Receivable:		
"1945 Campaign"	$ 464.50	
"1946 Campaign"	6,869.49	
	7,333.99	
Less reserve for doubtful pledges	2,964.50	4,369.49
Prepaid Insurance		23.30
Investments—at Cost and Accrued Interest:		
$51,000.00 Dominion of Canada 3% Victory Loan bonds (Quoted value $53,871.25)		51,537.50
Furniture and Equipment—at Cost	839.08	
Less reserve for depreciation	280.00	559.08
		$116,629.70

Liabilities and Surplus

Funds Held for Special Purposes:		
Allocations provided for Institutional members		$ 89,455.00
Less payments advanced		21,186.79
		$ 68,268.21
Excess of Revenue over Expenditure—"1946 Campaign" account, available for Surplus and additional allotments to Institutional Members in respect of their 1946 operations, if required		7,473.81
Surplus		40,887.68
		$116,629.70

Auditors' Report to the Members

We have examined the accounts of the Community Chest of Edmonton for the fifteen months ended March 31, 1946, and have to report that we have obtained all the information and explanations we have required and, in our opinion, the appended balance sheet as of March 31, 1946, is properly drawn up so as to exhibit a true and correct view of the state of the affairs of the organization as of March 31, 1946, according to the best of our information and the explanations given to us and as shown by the books.

PEAT, MARWICK, MITCHELL & CO.
Auditors.

Edmonton, April 9, 1946.

Statement of Revenue and Expenditure "1945 Campaign"

For the Period from May 15, 1944 to March 31, 1946.

Revenue:		
Amounts subscribed		$ 103,169.51
Less provision for doubtful pledges		1,875.79
		101,293.72
Add: New donations applicable to "1944 Campaign" received in 1945	$ 102.00	
Adjustment of overprovision for doubtful pledges—"1944 Campaign"	937.47	1,039.47
Total Revenue		$102,333.19
Expenditure on Campaign Expenses:		
Advertising	$1,376.63	
Assessment by Community Chests Division, The Canadian Welfare Council	150.00	
Salaries	1,000.83	
Stationery and office supplies	639.21	
Postage	106.00	
Telephones and telegrams	9.53	
Light	19.79	
Robbery insurance	12.00	
Unemployment insurance expense	4.05

Excess of Revenue over Expenditure, available for Surplus and Additional Allotments to Institutional Members in respect of their 1946 operations, if required		$ 7,473.81

TODAY'S MARKETS

Toronto Stocks

TORONTO, May 1.—(CP)—The price tendency was downward on the Toronto stock exchange today and trading was dull apart from the action in Denison Nickel. Denison traded more than a million shares and advanced about 10 cents.

Weakness increased in the gold list as the session advanced.

Western oils traded lightly and mainly at firm prices. Calmont and Mid-Continent were up slightly.

MARKET MOVEMENTS

MAY 1, 1946.

Stocks—
At New York: Mixed prices.
At Montreal: Uneven trend.
At Toronto: Downward slant.

Wheat—
At Winnipeg: Trading suspended.
At Chicago: Unchanged to ¼ lower, closing at 1.83½ (May).

May Rye Advances On Short Covering

CHICAGO, May 1.—(AP)—May rye advanced on short covering in a relatively quiet trade today. Although the number of transactions was small, price changes were fairly broad in view of the "thin" market existing in this future. Oats firmed late in the session in sympathy with the rye strength after selling off on moisture reports in early dealings.

At the close wheat, corn, barley and deferred rye contracts were unchanged at ceilings, oats were unchanged to ¼ higher, and May rye was 4½-4⅞ higher.

Cash grain—Wheat, No. 2 red and hard, 1.82 nominal, ceiling; corn, No. 2 yellow, 1.19 nominal, ceiling; no oats; malting, 1.25-1.43½ nominal.

Grain close:

Wheat—July 1.83½; Sep. 1.83½; Dec. 1.83½; May (1947) 1.83½.

Corn—May 1.21½; July 1.21½; ep 1.21½.

Oats—May 83; July 83; Sep. 81¾-⅝; Dec. 81⅝-¾.

Rye—May 2.62½-⅛; July 1.48½; Sep 1.48½; Dec. 1.48½.

Barley—May 1.26½; July 1.26½; Sep 1.26½; Dec. 1.26½.

Montreal & Toronto

MONTREAL, May 1—(CP)—Gains and losses were fairly evenly distributed in the list appearing up to the final hour today on the stock exchange and curb market with papers, industrials, utilities and banks getting lifts in the indices while golds were unchanged.

Active Trading In Winnipeg Pit

WINNIPEG, May 1.—(CP)—Rye futures gave a strong display in an active trading session on the Winnipeg Grain Exchange today which saw May climb to an all-time high at $2.83 bid.

Light offerings and good demand from United States and local interests were mainly responsible for the sharp upturns.

May finished five cents higher at $2.83 bid, July was quoted 4⅜ higher at $2.55¾, October 3⅞-3½ higher at $2.01½-$2.01¼ and December 4⅜-4½ higher at $1.92 asked to $1.93.

In the export market sale of 775,000 bushels of wheat was reported to the United Kingdom.

Name Official

MONTREAL, May 1. — (CP) — Capt. L. C. Barry, marine superintendent of the Canadian Pacific Steamships at Montreal and Saint John, N.B., was yesterday appointed general superintendent at Vancouver., He succeeds Capt. L. D. Douglas, retiring.

BOARD CHAIRMAN.—Wallace R. Campbell, who resigned as president of Ford Motor Company of Canada, was elected chairman of the board of directors at the annual meeting of the shareholders. Mr. Campbell is succeeded by D. B. Greig as president.

Ford of Canada Names New Head

WINDSOR, Ont., April 30. — (CP)—Douglas B. Greig Monday succeeded Wallace R. Campbell as president of the Ford Motor Company of Canada Limited. Official notice of the change was given at the annual meeting of the shareholders. Mr. Greig, with the company since 1919, was treasurer. Mr. Campbell becomes chairman of the board. He joined the company in 1905 and was appointed president in 1929. G. G. Kew, formerly assistant treasurer and secretary, steps up to the treasurer, succeeding Greig. F. G. Batters takes over Kew's former duties and Gordon G. Dewar becomes assistant treasurer.

The following directors were re-elected: W. R. Campbell, D. B. Greig, Henry Ford and Henry Ford II. R. M. Sale was elected to fill the vacancy caused by the resignation of B. J. Craig.

It is significant that now a majority of the board of directors and all of the officers of the company are Canadians.

Livestock

EDMONTON, May 1—Total receipts: Cattle 226, calves 54, hogs 358, sheep 5.

Trading was fairly active on the cattle market today, with prices steady on all classes. Short supplies will be well cleaned up. Practical top on steers $12 per cwt, with the odd one at $12.25. A few choice butcher heifers sold Tuesday at $11.50 per cwt. Choice light cows $8.25-$9.25.

The following are the quotations:

CATTLE—	
Good-choice fed calves	$11.00 to 12.00
Good-choice steers	11.50 to 12.50
Medium to good steers	10.75 to 11.50
Fair-medium steers	9.50 to 10.50
Common to fair steers	8.00 to 9.00
Good-choice light heif's	11.00 to 11.50
Medium-good heifers	10.50 to 11.00
Fair-medium heifers	9.50 to 10.25
Common-fair heifers	7.50 to 9.25
Choice light cows	8.75 to 9.25
Good heavy cows	8.00 to 8.50
Fair to medium cows	7.25 to 8.00
Common to fair cows	6.00 to 7.00
Canners-cutters	4.00 to 6.00
Bulls	7.00 to 9.00
STOCKERS AND FEEDERS—	
Good steers	9.00 to 10.00
Common to fair	8.00 to 9.00
Stock heifers	7.00 to 8.00
Stock cows	5.50 to 6.50

Stockers and feeders of suitable quality in good demand at prices quoted above.

Veal calves firm and in demand. Good to choice handyweights $12 to $13. Heavy and common kinds $11.50 down to a low of $7.50 per cwt.

Hogs steady. Grade A for shipment $19 Grade A at plants $18.25. Sows liveweight on yards $12.50 per cwt. Dressed $13 to $14. Feeders $13.50 to $14.50 according to weight and quality.

Lambs steady. Good handyweight locals $12 to $12.50. Off cars $13 per cwt. Medium $9.50 to $10.50. Yearlings $7 to $9. Light ewes $5 to $7. Medium ewes $3.50 to $5. Feeders in limited demand from $6 to $8.50 per cwt.

AT WINNIPEG

WINNIPEG, May 1—(CP)—Trade was ruling active on the livestock market today. Supplies were being cleaned-up on a steady to firm basis.

Cattle, 630. Steers up to 1,050 lbs. choice $12¼-$12½, good $11½-$12, steers over 1,050 lbs. choice $12¼-$12½, good $11½-$12, heifers choice $11-$11¾, good $10-$10¾, fed calves choice $12¼-$12½, good $11-$12, cows good $9¼-$9¾, bulls good $9½-$10½, stocker and feeder steers good $9¾-$11.

Calves, 210. Good and choice veal $13-$14½.

Hogs, 595. Grade B1 dressed $18.30-$18.40.

Sheep, 10. Good lambs $13.

AT TORONTO

TORONTO, May 1—(CP)—Prices were firm on early cattle sales at the livestock market here today with good butcher cows $10½-$11, and a few good butcher steers $12¼-$12½.

Calves were steady at $15-$16 for choice with plain vealers downward to $10.

No price was established for hogs which closed previously at, dressed, grade A $20, grade B1, $19.60.

No sheep or lambs were offered.

Receipts reported by the Dominion marketing service were: Cattle 160, calves 100, hogs 220.

AT CHICAGO

CHICAGO, May 1—(AP)—Hogs, 14,000. Good and choice barrows and gilts $14.85, sows $14.10 ceiling.

PREFERRED PROPERTY DAMAGE INSURANCE EXPLAINED

YOUR home may be fully insured against fire, but not against *lightning, wind and hail, explosion, riots, vandalism and malicious mischief, smoke, flood, water, ice and snow, collapse of building or impact by aircraft or vehicles.* No other policy covering on dwelling buildings or apartments is so broad in the protection that the "North America" Companies affords.

You can also secure from "North America" Companies a Personal Property Floater Policy to reimburse you and your family for losses of personal property from almost any cause at any time, anywhere.

To obtain complete protection, you are recommended to secure the *combination* of a Preferred Property Damage Policy and a Personal Property Floater Policy.

Ask your Insurance Agent or Broker for particulars of both these policies. The premiums are quite moderate . . . in view of the complete coverage they provide.

B-A Oil Expects to Expand Operations

TORONTO, May 1—(CP)—A 50 per cent increase in refining capacity yesterday was forecast for the British American Oil Company Limited in the next few years by the president, W. K. Whiteford, in his address to the annual meeting of the company's stockholders.

EQUIPMENT will have to be of a type that will produce not only high octane gasoline but also other new and different fuels and lubricants for entirely different types of prime movers, the president said. As a part of this expansion program the company is this year installing additional equipment at Moose Jaw and Calgary which will permit the manufacture of a wider range of asphalt products and utilization of the heavy gravity crude oils produced in Western Canada. The company has refineries also at Montreal, Toronto and Clarkson.

The president announced that the recent purchase of the Union Oil Company of Canada gave British American 313 additional outlets and 54 bulk plants, mostly located in British Columbia and two deep-water terminals. The company now has 5,619 outlets for retailing its products.

Sales of all products amounted to 341,925,734 gallons in 1945, an increase of 13.27 per cent. over the sales volume of 1944. These figures included output through Union Oil company outlets controlled in the last four months of 1945. Sales of petroleum products in the first quarter of 1946 show an increase over the first quarter of last year.

DRILLING FOR new oil fields in Alberta is planned for this year. Dealing with the company's efforts to utilize the low pressure gas from the Turner Valley field, the president said the company expects to get permission in September to assess a higher rate for the marketing of natural gas, which has up to the present been carried on at a loss.

LONDON STOCKS

LONDON, May 1—(Reuters)—There was nothing prepossessing about today's markets which, after a promising start, lapsed into semi-idleness.

In the gilt-edgeds market a combination of small sales and inter-section adjustments caused a minor decline in prices.

Industrials were mixed. The iron and steel section and building shares were strong while breweries were down.

Fresh interest developed for the junior home rail stocks, most of which finished a point better.

Oils were also in fair demand and South African gold mines were quiet.

Amendment Meets Defeat

Racial Origin Queries Delay Progress of Citizenship Act

By GEORGE KITCHEN

OTTAWA, May 1.—(CP)—The delicate question of racial origins yesterday delayed progress of the government's citizenship bill through clause-by-clause study in the Commons.

CRASHES MOVIES.—Dark-haired Mari Aldon, 20-year-old radio actress for the Canadian Broadcasting Corporation, has been given a post in "Forever Amber," which is being photographed in technicolor at Hollywood, Calif. Miss Aldon, who hails from Toronto, Ont., will engage in a hair-pulling fight with Peggy Cummins.

WITH STATE SECRETARY Martin piloting the bill through committee stage, the discussion arose over a section which will make a declaration of Canadian citizenship an adequate statement in reply to a question concerning national status.

Some Progressive Conservative members urged the section be amended to make the declaration also serve to include racial origins but other members, including some other Progressive Conservatives, contended racial origins should be retained because no Canadian was ashamed of the land of his forefathers.

An amendment by John Diefenbaker (PC—Lake Centre) to include racial origins in the declaration was turned aside on a vocal vote and the section was passed along with a half-dozen others. There were minor amendments.

Mr. Martin said he had "every assurance" United States immigration authorities would "fully respect" the operation of the citizenship act. United States officials had been invited to give the Canadian government the "benefit of some of their experiences" when the act was being drawn up.

IN MOVING his amendment, Mr. Diefenbaker said that in United States racial origin was asked only in the case of a person who was naturalized. Race was asked for as being the white race or the various colored races. Other than that, no information regarding race was required.

He could see no benefit in giving racial origin during a census. The matter of racial origin had been carried to the extent that a person coming back to Canada, regardless of the number of generations his people had been in the Dominion, was required to register his paternal ancestry with immigration authorities.

Mr. Martin said by "national status" the government simply meant "that sort of thing that has to do with the country to which the person owes his allegiance."

W. A. McMaster (PC—Toronto High Park) opposed Mr. Diefenbaker's amendment.

"I AM A SCOTSMAN and I am proud of it, but I cannot think of any race whose people need be ashamed of their origin," he said. "They can all be proud of it; and I do not believe any member of any race who is not proud of that race will ever make a good Canadian."

Alistair Stewart (CCF—Winnipeg North) said he could see no reason and no necessity for stressing racial origins. The insistence upon this was detrimental to "genuine unity."

Railway Workers Seek Union Shop

OTTAWA, May 1.—(CP)—A group of 35,000 railway workers yesterday asked a labor conciliation board to recommend a union shop agreement in the locomotive and car shops of major Canadian railways.

THE RAILWAY workers—largest single group to seek a union shop agreement in Canada—were represented by the railway employees department of the American Federation of Labor. Their application was opposed by the Railway Association of Canada.

Under the agreement sought all employees affected would be required to hold union membership and new employees would have to join the union within three months. Members suspended or expelled from the union could not continue in their jobs.

The union brief, presented by Harold Smith of Montreal, accompanied by a number of union officials, said:

"We seek this provision so that we can guarantee to management our full co-operation for the orderly operation of the industry and to demonstrate to the workers that through this form of co-operation it is mutually beneficial."

THE RAILWAY Association said it had both a duty and a prerogative to insist on retaining the right to select those who would enter and remain in service.

The brief continued:

"However well the constitution of the trade union may be devised so as to prevent the arbitrary exercise by the governing body of the union of its rights to suspend or expel its members, the fact is that the decision of the governing body upon the interpretation of its constitution and of the facts relied upon is not open to appeal or to judicial review."

Relations between the railways and their employees had worked out satisfactorily over a long period and the association said it saw no reason for changing the conditions.

The board which heard the application, and reserved its decision, was under the chairmanship of Chief Justice E. A. McPherson of Winnipeg with Senator Arthur Roebuck of Toronto and W. F. Macklaier of Montreal as members.

Atom Guards Told To Shoot to Kill

KWAJALIEN, Marshall Islands, May 1.—(AP)—United States Marines with shoot-to-kill orders will guard the world's greatest secret—the atomic bomb—as plans mature in preparation for tests to be held this July.

Security measures are being tightened daily at this base for "operation crossroads" in which a joint United States army-navy task force will make the multi-million-dollar experiment with nuclear energy.

BY JULY 1 it will be impossible for unauthorized travellers to pass this way.

Absolute secrecy will surround the bringing of the bomb to Kwajalein for even its size and shape is valuable information.

Meanwhile weather experts are worried. It will be their task to pick "one perfect day" in the first 20 days of July on which all conditions would be favorable for observation, photography, and scientific study of the explosion.

Given $500 Fine For Ticket Sale

MONTREAL, May 1.—(CP)—William Maureau of Montreal, arrested several months ago for the illegal selling of lottery tickets allegedly on behalf of the Kimberley and District Memorial Society in British Columbia, was yesterday fined $500 and court costs when he pleaded guilty.

Answer to Previous Puzzle

On May the Second, 1946, in many communities across Canada, the Hudson's Bay Company will celebrate its 276th Anniversary.

The occasion seems fitting to recognize the debt we owe the people of Canada for whatever measure of success we have achieved ... and more particularly to thank our customers for their understanding, loyalty and goodwill during the difficulties of war-time business.

We look forward with hope to peaceful years ahead ... for Canada and our customers ... and trust we may continue to merit your valued goodwill and patronage as in the past.

The ROAD AHEAD

By HARPER PROWSE, M.L.A.

IT is an ill wind which blows nobody good. And while there are a lot of people who are most unhappy about the housing shortage, there are a number of unscrupulous individuals who are taking advantage of other people's unhappiness to make themselves a mint of money. Because veterans have some savings, their gratuities and their re-establishment credits, and because so many of them are desperately in need of homes, they are being victimized right and left by slippery blackguards who don't care how they make their money.

DEPARTMENT of veterans' affairs officials report that nary a day goes by that they don't have to refuse to give their sanction to housing deals—because the prices asked are far beyond that necessary to provide the dealer with a fair and honest profit. In some of the deals reported the prices asked are 100 percent and more, above the value the assessor places on the property.

This is not illegal. It is what is known in legal circles as "puffing". That is, the selling "puffs" the price asked for the article. There is an old principle of law, established in the days of the Romans, called "caveat emptor"—"let the buyer beware."

In so far as the law is concerned if I pay too much for an article that is my own fault—unless the price has been fixed by law or the article misrepresented. After all, the value of any article, including a home, is what the purchaser is willing to pay for it. And if people are willing to pay more for it than the owner paid for it, then you can't blame him for taking a profit. Not legally. But on moral grounds, especially when the seller is taking advantage of the buyer's misfortune, there is a limit to the amount of profit a person is justified in taking.

OFTEN I HEAR people say that if a man is fool enough to pay an excessive price for an article, then that is his fault. After all, a fool and his money are soon parted. According to these people the veteran who lets himself be stuck is a fool. But it isn't as simple as that.

Today people who haven't got homes are desperate for them. Many people are living in hotel

Uniform Plumbing Code Is Requested

Uniform plumbing bylaws in all Canadian cities, a standard plumbing code for all of Canada and strict observance of best practices in national parks installations were subject matters for resolutions approved at the closing session Tuesday of the annual convention of the Alberta branch of the National Plumbers and Heating Contractors' Association.

THE TWO-DAY convention, attended by more than 60 representatives of the Alberta branch from all parts of the province, was held in the Masonic Temple.

The approved resolutions will be sent to the national body for final disposition.

W. B. Trotter of Calgary was re-elected chairman of the Alberta Branch for the coming association year, with William "Bill" Carse, well-known Edmonton curling enthusiast and sportsman, named vice-president. He succeeds Andy Hamilton of Edmonton in this office.

F. Deeves, Calgary, is treasurer, and J. Anderson, Calgary, secretary.

Jack Scott, Del Mould and Andy Hamilton were all chosen as Edmonton representatives on the board of directors.

Ralph Neale and Ken Anderson are the Calgary representatives on the directorate.

OTHER DIRECTORS were named as follows: M. Hayhoe, Red Deer; J. Marsh, Medicine Hat and W. Holberton, Lethbridge.

Red Deer was chosen as the venue for the next convention that will likely be held around the same time next spring.

Delegates heard an enlightening address on the new Alberta Apprenticeship Act by J. P. White, director of the Provincial Apprenticeship Board.

Mr. White cleared up a considerable amount of confusion in the minds of association members and was warmly thanked by Chairman Trotter.

Adjustments in the act that would assist in the rehabilitation of war veterans were fully explained and heartily endorsed.

A BANQUET attended by about 200 delegates, wives and friends brought the convention to a close in the main dining room of the Macdonald Tuesday evening.

The delegates and members of their families were the guests of Edmonton wholesale and jobbing firms.

Main feature of the evening was a presentation to Norman Burnett of Red Deer, senior member of the association who first joined the organization in 1904.

Mr. Burnett was presented with a photograph of those attending the annual convention in Calgary in 1910.

The presentation was made by Charles Frost of Edmonton.

—Photo by McDermid Studios.

CADETS RECEIVE CREST: Shown above is the presentation of a copy of the crest of the Canadian Light Fleet Aircraft Carrier to the Warrior Sea Cadet Corps stationed in Edmonton. The presentation was made in the HMCS Nonsuch on Tuesday night. **Lt. Cmdr. Rodney Pike**, commanding officer of HMCS Nonsuch (left), is shown presenting the crest to **Lt. J. Watson**, commanding officer of the Warrior Cadet Corps. On the extreme left is **F. G. Conroy** of Wainwright, a member of the Sea Cadet committee. In the centre, between Lt. Cmdr. Pike and Lt. Watson, is **Leading Seaman J. T. Madkin**, Wainwright.

Ceremony Held at HMCS Nonsuch

Sea Cadets Given "Warrior" Crest

Presentation of a replica of the crest of the Canadian aircraft carrier HMCS Warrior was made to members of the Royal Canadian Sea Cadet Warrior, little sister ship of the carrier which was commissioned last January at Belfast, Ireland, in a ceremony at HMCS Nonsuch Tuesday night.

LT.-CMDR. RODNEY PIKE, commanding officer of HMCS Nonsuch in making the presentation, told briefly of the tradition behind the Warrior and pointed out that there has been a "Warrior" in the British navy since 1781. He also explained that the "Warrior" was Canada's first capital ship and that it gave the Canadian navy its first wings.

He concluded by expressing a desire to see the cadets keep an interest in their corps, and to live up to the motto on the crest, "Haul Together."

The crest was received on behalf of the cadet corps by Lieut. G. Watson, commanding officer of Warrior cadets.

FOLLOWING the presentation demonstrations of specialized training were given by various groups of the 200 cadets who were on parade. Many corps from Northern Alberta points were assembled for the ceremony.

Also present were John McDougall, head of the Navy League for Northern Alberta; Roy C. Jackson, KC, chairman, Edmonton Sea Cadets' committee; A. W. Miller, KC, secretary, and W. F. H. Mason treasurer.

Trade Officials To Visit Edmonton

Five more assistant trade commissioners will be visitors in Edmonton on Tuesday, May 7, according to information received from the assistant director, trade commissioner service, Ottawa, by T. Ashenhurst, secretary of the Alberta branch, Canadian Manufacturers' Association, who will be in charge of arrangements for their visit in the city.

THE GROUP WILL visit a number of the leading manufacturing plants in the city. They will also confer with officials and members of the Edmonton branch of the Canadian Manufacturers' Association, the Edmonton Chamber of Commerce, and also with executives of the Alberta Fur Breeders' Association. They will also view the airport installations.

The names of the five assistant trade commissioners who are making a tour across Canada, and the posts to which they are being transferred, are as follows: T. R. G. Fletcher, Melbourne; M. R. M. Dale, Auckland; C. R. Gallow, Hongkong; J. A. Stiles, New York; A. B. Brodie, Brussels. All saw military service.

I SAW TODAY: D. E. Mould discussing points of the Alberta branch of the Master Plumbers' and Heating Contractors' Association convention which concluded Tuesday.

AND

John Blyth dashing up the stairs in the Redwood building with an armful of papers; **Helen Overbo** plugging in calls at the switchboard of a city hotel; **Charlie Overall** engaged in laying new tram lines on 101 street; **Lloyd Telford** hard at work with mortar-board and trowel; **Anna Malone** rearranging books in the public library; **Jack Perkins** walking east on Jasper with brief-case in hand; **Mrs. L. Melton** explaining a recipe for a deliciously-sounding food dish.

Destruction Case Is Heard by Court

Parents of children who invaded the James R. Milne home and caused damage amounting to $175 were referred to the Children's Aid Society to complete a mutual agreement between them and the Milnes, when they appeared before Judge C. F. Willis in juvenile court here Tuesday afternoon. It is understood the parents have expressed willingness to pay for damages done by their children.

To View Stars

Weather permitting the University of Alberta observatory will be open at 9 p.m. Wednesday to view Saturn and Jupiter.

ALBERTA MOTOR ASSOCIATION

The AMA Serves You Every Day

To Avoid Damage Signal . . .

When you are pulling out from the curb hold out your left arm and let the other fellow know what you are going to do. This will avoid damage to your car as well as the one approaching from the rear.

ROAD REPORTS

All roads in Central and Northern Alberta are reported to be in good condition. No snow and no rain at any point.

Pigeon Is Cause Of Power Break

A 20-minute break in city power—starting at 8:30 a.m. Wednesday was blamed on a pigeon's lack of know-how in regard to navigating high tension wires.

THE PIGEON was killed when it flew into two high-tension wires near the power house at about the same time as a short-circuit occurred in a high-tension underground cable at 104 avenue and 103 street, according to W. I. McFarland, power plant superintendent who said station auxiliaries were tripped out by the disruptions.

As a result, street cars and trolley buses were held up and lights in the northeast section of the city were off for 20 minutes until necessary repairs were brought about.

To Visit City

Lady Reading, organizer and chairman of the Women's Voluntary Services in the United Kingdom, will be in Edmonton May 20 and 21, arriving in Canada Tuesday from England. A joint committee of the Red Cross, IODE and Kinsmen Club is preparing a series of functions and meetings here in connection with the visit.

Find Man Dead

Mike Sem, 28 years old, resident of the Lavoy district, was found dead at his home Tuesday. Coroner Dr. Couillard of Vegreville has informed RCMP that no inquest will be necessary.

Two-Year Term Is Given Robber

Photographs of the tire impressions made in the mud by an Edmonton drive-yourself car which were taken outside the post office at Wayne, Alberta, following its looting on Jan. 12 and the finding of a receipt for that same car on the dates concerned, contributed to the conviction of Alec Furyk, Edmonton plumber, for breaking, entering and theft in a supreme court case before Mr. Justice Sheppard this week. Furyk was sentenced to two years, less one day in Fort Saskatchewan jail.

WAYNE POST OFFICE, eight miles east of Drumheller, was entered on Jan. 12, the safe forced and contents, some of which were later found in the Furyk garage, removed.

The car had been rented from W. C. Crowe of Edmonton on Jan. 11 and returned on the following day, having run 463 miles. The accused claimed he had hired the car for a trip to Innisfree, a distance of less than 100 miles from Edmonton.

Petty Thievery Cases Reported

Three cases of petty thievery were reported to Edmonton police on Tuesday night.

V. H. Twist, 347 Birks building, reported the theft of a German Luger, 9 mm. automatic pistol, serial 9277, from a cabinet drawer in his office premises.

A male canary belonging to Mrs. Rosak, 9340 106 avenue, was stolen from its cage, which was hanging outside the door of her home.

WHILE THE TWO small children of Mr. and Mrs. Anthony Hearns were sleeping in their home at 1074 106 street and Portage avenue, petty thieves entered the house and stole $56 from a purse Mrs. Hearns had hidden under her pillow. Mr. and Mrs. Hearns were visiting with friends next door, at the time the burglary is thought to have taken place.

DOROTHY DIX SAYS—

Parents Unfair to Expect Support of Children

Now That the Span of Life Has Been Lengthened It Is Obvious Old Customs and Habits Ought to Be Scrapped

NOW THAT THE SPAN of life has been lengthened so greatly and we have so much more time on our hands than our grandparents had, it is obvious that we need to scrap a lot of our old customs and habits and to formulate a new code of conduct. For we have evolved a new species of the genus homo who are still going strong at an age when their forebears had climbed upu on the shelf and begun to talk of their latter end, and who need a lot of education in how to keep their ideas as young as their arteries.

First of all, they should quit making a racket of age. They should realize that with this new gift of years came certain obligations, and that just because they had had a number of birthdays they were not entitled to become burdens on their family and friends and the general public. All of us know men and women who are in prime physical condition and perfectly capable of supporting themselves, but who make their age an excuse for never doing a lick of work.

THOUSANDS of grafting parents begin talking to their children about their "poor old Mother" or their "poor old Father" while their youngsters are still in the cradle, with the happy result for them that they are enabled to take a seat on the do-nothing stool as soon as Janey and Tommy are old enough to get their working papers.

The world is filled with lonely old maids and old bachelors who had to give up all thoughts of love and marriage and children because they had their parents to support. Innumerable homes are broken up by cranky old people who went to live with their married children and, nine times out of ten, these dependent parents are neither old nor feeble. Father just didn't want to be tied down by a job and Mother was tired of washing dishes; so they made age an excuse for quitting.

AND IF PEOPLE are going to live longer, it is certainly important that they should do something constructive with their additional time. This is especially true of women who, in their youth, should begin preparing themselves for the years that are to come after they have reared their families and who, only too often, are left with nothing to do and no way to fill their empty lives.

Often these women are widows. Often they are poor. Often they have no trade or profession. Nearly always they are desperately lonely. Their fate is a cruel one, yet it need not be if only they had prepared themselves for the lean years that lay ahead of them by learning some skill by which they could support themselves; by keeping up their friendships and social contacts, and by maintaining their individuality.

And, finally, if we are to cumber the world longer with our presence we owe it to our fellow creatures to be as pleasant to live with as possible. We haven't any right to make age an excuse for discarding all of the social amenities and becoming cantankerous and whining and complaining, and even repulsive to look at.

Age is what we make it. We can either be pests, or blessings. And inasmuch as we are due to stick around for quite a spell, it is up to us to, at least, try to be good company.

By JOSEPHINE LOWMAN—

Why Grow Old?

You can avoid that hurried feeling if you plan your work carefully and you can get added relaxation by playing soothing records, as Actress Joan Winfield is doing, during the time you have left over.

OFTEN DISCOURAGEMENT comes from contemplating the long road ahead. There are many casualties during the preparatory years of a career which calls for long maintained effort. The young man who wishes to be a doctor may live in a disastrous state of tension, thinking of the many years of hard work ahead before he can even begin to be successful.

JOSEPHINE LOWMAN

Women in the home often feel depressed because of the multiplicity of never ending tasks which lie ahead of them. Psychologists can teach us the trick of breaking the long road up into small pieces and then concentrating on each part as we come to it rather than on the whole.

EXPERTS WHO CLIMB high mountains plan their struggle carefully day by day, and break the ascent up into separate parts. They plan to cover just as much distance as they can in each day and then think only of the goal for each day as the time arrives. This is exhilarating. If they dwelt on the distance to the top of the mountain they would feel exhausted and the task would seem impossible.

A great many unhappy feminine moods come from the feeling of pressure and never being through. The habit of organization and planning, and the trick of thinking only of the task at hand, will do wonders in remedying this condition. Why not make lists and put into each day just as much as you can comfortably accomplish and let the rest go? When you meet each day, look at your list and do not worry about what you have to do in a week or a month or a year.

I KNOW ONE WOMAN who applies this to redecorating her house. She has mapped out the things she wishes to have done and the approximate time at which this will be possible. It is organized perfectly—a chair to be upholstered next week, wall paper to be fixed in six months, a lamp shade, to be done next month, etc. Rather than being irritated by the things which remain to be improved, she derives exquisite happiness from every improvement which is made. She feels no hurry, no irritation, and knows that these separate parts will someday create a lovely whole.

If you wish to have my leaflet No. 65 "Individual Happiness" send a stamped, self-addressed envelope with your request to Josephine Lowman in care of this newspaper.

Released by The Register and Tribune Syndicate, 1946.

Your Baby And Mine

By MYRTLE MEYER ELDRED

When the bones of a child's body curve and broaden in an unnatural way and result in bow-legs, knock-knees, pigeon-breasts, etc., it is because the child is suffering from rickets.

RICKETS is a nutritional ailment. It advertises both a lack of proper, mineral-bearing foods in the diet, and sufficient vitamin D to enable the body to make use of them in bones and teeth and nervous system.

VITAMIN D can be manufactured in the body by the action of sunlight on the oils of the bare skin. But during the winter months when sunlight is scarce and when heavy clothing shrouds the body from the sun, the vitamin D has to be provided by adequate doses of plain fish liver oils, or concentrations of these oils or plain viosterol.

There was a time when it was considered unnecessary to dose these vitamin products during the summer months. It was felt that during the hot season, with the child exposed daily to the rays of the sun, with a minimum of clothing to screen them away, that enough vitamin D would be manufactured to protect the child against rickets.

THIS THEORY no longer is upheld. It has been found that during the active growing months and early years, children in sunny climates developed about the same degree of rickets as children in colder climates, unless both were protected by vitamin D.

NOW WE NO LONGER store away the cod liver oil bottle on the first of May. Instead we continue to dose it, in slightly diminished quantities all through the hot summer.

Not only is the baby protected against rickets, but he preserves his "taste" for this flavorful product and does not develop any antagonism toward it.

THE OLDER CHILD who has been so unfortunate as to develop marked symptoms of rickets is in need of larger, curative doses of vitamin D all year round. It is the action of this vitamin on the bones of the body that returns them to their pre-destined shape.

Our leaflet No. 14 "Rickets and the Anti-Rachitics," may be had by sending a stamped, self-addressed envelope with this request to Myrtle Meyer Eldred in care of this newspaper.

Today's Needlework

By ALICE BROOKS

Spring-spirited embroidery adds enchantment to this simple apron. Only ⅞ of a yard is required, gay scrap for pockets, ribbon bows!

Tie him to your apron strings with this! Pattern 7299 has transfer of one 6 x 6½ and two 6¼ x 7 in. motifs; necessary pattern pieces.

Send 20c in coins for this pattern (stamps cannot be accepted) to **The Edmonton Bulletin**, Household Arts Dept., 60 Front Street W., Toronto 1-A, Ont. Print plainly name, address, pattern number. Please allow a week or ten days for delivery.

Blue Key, the honor fraternity for outstanding college men, was founded at the University of Florida.

Road Ahead

(Continued from Page 11)

rooms and expensive suites which they can afford to live in only because they have their gratuity cheques coming in. These won't last forever. Inexpensive accommodation, even of the worst kind, is just not available. Many others are imposing on the generosity of relatives and friends—wearing out their welcome. Others have wives coming over from the Old Country—and they want to have homes for them when they arrive. To men in this position their need assumes such immediate importance that it over-rides all other considerations, blinding their normal business judgment and commonsense. It is men in this predicament who become the victims of the sharks who are out to victimize them.

SOME OF THESE men have been guilty of fantastic indiscretions. One young veteran, expecting his wife from the Old Country, paid $1,000 in cash to a dealer who took him out to look at a lot and told him he would build him a "modern home" on it for $6,000. That was the agreement—no stipulation as to how many rooms, what it would look like, what it was to be built out of, what it should contain. The DVA came into the picture and succeeded in getting his money back for him. Others aren't that lucky.

Another favorite stunt is to offer to sell a house for a small cash payment, the balance "like rent." One dealer charges a modest ten percent fee for "arranging" a mortgage to carry the balance, which also carries six percent, the full legal interest. Payments do little more than pay the interest. It will take years and years to pay off the principal—and the sales agreements contain forfeiture clauses which permit the owner to repossess if the buyer so much as misses one payment.

THE REAL ESTATE agents' organizations are as worried about the operations of the opportunist sharks as DV is, because these unscrupulous dealers' operations tend to discredit all real estate dealers. Men who want to buy homes should consult the DVA in Edmonton or Calgary, or Canadian Legion branches in any of the towns or cities in the province before making any arrangements. These organizations will be only too glad to give assistance and advice on the deal, or to recommend reliable agents and dealers. There may be explanations as to why veterans are continually being "stuck" but there is no excuse for it. The machinery necessary to protect them is there if they will use it.

Debunker

The common saying that the famous Australian eucalyptus trees are the tallest in the world is not true. By actual measurement, the tallest of them ever measured was found to be 310 feet high. An unverified measurement places one single tree that once grew in Colac, Victoria, at 346 feet. This is exceeded by the tallest redwood tree, at Bull Creek Flat, in California, which is 363 feet high and probably the tallest tree in the world.

Yank Broadcasts "Threaten" Britain

LONDON, May 1—(Reuters)—Edward H. Keeling, Conservative, in the House of Commons yesterday said there was a "threat" of American companies pumping commercial broadcasts into Britain from transmitters in Iceland, Eire and on the continent of Europe. Herbert Morrison, lord president of the council, said it was government policy to do everything possible to prevent direction of commercial broadcasts to Britain from abroad.

Minute Make-Ups

For the tired "[illegible]" [illegible] a mint frappe. [illegible] Pour over the ice a [illegible] of peppermint oil. Apply the crushed ice to the face and throat while lying down. Lay a soft cloth over the ice. Relax, breathe deeply. You will look beautiful!

McCoy Health Service

BREATHE DEEPLY TO THINK CLEARLY

One may live weeks without food, days without water, but only a few minutes if the air supply is shut off. Everyone from the babe to the centenarian depends upon a steady supply of air for the maintenance of life. It has been determined by a series of scientific experiments that after a person has become asphyxiated the first tissues in the body to die are those of the brain and nervous system. Other parts of the body may exist for a comparatively long time without additional oxygen, but the brain, being of such delicate structure, must have a constantly renewed supply.

Anyone who finds his brain becoming sluggish and dull will undoubtedly be able to increase his mental output merely by learning to breathe correctly. As long as life lasts, poisonous carbon dioxide is being constantly discharged through the lungs, and the vital oxygen of the atmosphere is taken into the body, thereby furnishing the system with this precious element to give vitality and assist in correcting metabolism.

A plentiful supply of oxygen in the blood is important, not only to supply the requirements of the body but to act as a protective agent against many toxins which, unless oxidized, might cause serious illness or death. Most of us do not breathe deeply enough because our muscles of breathing have been insufficiently developed and it is a distinct task for us to breathe more deeply than we do unconsciously.

It does not take much breathing to sustain life, but if we want to be radiating examples of vitality we must learn to develop our breathing apparatus to an extraordinary degree. Learn diaphragmatic control as taught to singers. Whether [illegible] sing a note or not, this development of your breathing apparatus will be of service to you regardless of your station in life.

It is not as much value to you to practice deep breathing exercises [illegible] when a lecture or an [illegible] reminds you of breathing deeply as it is to build this into your system as a habit which you will do unconsciously every minute of the day and night. After you have developed your breathing muscles, you will find that your lungs are working in measured rhythm and the normal inhalation of 18 per minute is furnishing you with twice as much oxygen as you had previously been obtaining, and the increased exhalation will cleanse your system of twice the amount of poisonous gases.

All questions regarding health and diet will be answered. Large stamped, self-addressed envelope must be enclosed. Write on one side of the paper only. Letters must not exceed 150 words. Address McCoy Health Service, The McCoy Building, 1151 West 6th Street, Los Angeles, Calif.

Bridge

By WILLIAM E. McKENNEY
America's Card Authority

Canadian players are very proud of Donald Farquharson, who entered the Canadian Army as a private and came out a brigadier. Brigadier Farquharson, in playing today's hand, made what I thought was a very fine deduction.

His bid of four hearts was a forcing bid to his partner, and when West bid four no trump showing a heart stopper, Don went to six spades.

	♠ 7 3 2 ♥ 5 3 ♦ K Q 9 8 7 4 ♣ 3 6	
♠ 9 6 5 ♥ K 6 2 ♦ 10 5 3 2 ♣ 7 4 2	N / W E / S Dealer	Farquharson ♠ A Q J 10 8 4 ♥ Q ♦ A ♣ A K Q J 5
	♠ K ♥ A J 10 9 8 7 4 ♦ J 6 ♣ 10 9 3	

Duplicate—E-W vul.

South	West	North	East
3 ♥	Pass	Pass	4 ♥
Pass	4 N. T.	Pass	6 ♠

Opening—♥ A.

The opening heart lead held the trick and, although Farquharson's queen had dropped on the ace, South continued with the jack of hearts. Dummy's king won and the five of clubs was discarded.

Now the nine of spades was led. When North played the three-spot concealing the deuce, declarer had to decide whether or not to take the finesse.

His decision was that it should not be taken because South had deliberately led a heart to put the lead in dummy. Knowing that East probably had no entry into dummy, South had given him his only opportunity to take a finesse.

Recalling the warning, "Beware of the Greeks when they come bearing gifts," Farquharson went up with the ace of spades and dropped the singleton king.

Points for Parents

By EDYTH THOMAS WALLACE

Mother: "My sister raises her children by a book, but I just use my common sense. I don't know which one of us is right."

Mother: "I don't expect to find definite rules for rearing children but studying and common sense are a pretty good mixture."

'Tis neither necessary nor wise to choose between scientific facts and commonsense in guiding the development of children. Why not combine the two?

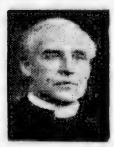

A Call to Action

addressed to All Members of the Church of England in Canada by

THE MOST REVEREND DERWYN T. OWEN, D.D., D.C.L.
Primate of All Canada

NEVER has humanity been in greater need of the Christian Gospel, the inspiration and guidance of Christian teaching and the Christian spirit.

Today we give thanks for a physical victory over forces opposed to every Christian principle. But these forces must still be fought in human minds and hearts. The only new order worth building is a Christian order. At home and abroad, the Christian Church faces a renewed challenge.

That is why the Church of England in Canada is making an appeal to her people for rededication, self-sacrifice and constructive action.

This movement seeks to make Anglicans more truly Christian; to make them conscious of the historic mission of their church; to strengthen the spiritual, educational and social work of the Church at home and abroad; and to provide funds for additional Clergy, for the pension fund, for helping the Mother Church in England and the Churches in Europe in their work of rehabilitation, for providing youth training and leadership, and for assisting all Dioceses in meeting their local needs.

The Appeal was launched in our Churches on the Feast of the Epiphany, Sunday, January 6th, and will continue till May 19th. In its spiritual aspects it has already reached the homes of our people and its programme will continue over years to come.

During the week of May 12th to 19th, every member of the Church of England in Canada, so far as possible, will be visited by a fellow member, authorized to receive contributions to the $4,300,000 fund needed to carry out the financial program.

I bespeak from every one of our members and friends the earnest, prayerful consideration of this urgent need. I am confident that if every individual does his and her part, the combined objective of spiritual enrichment and financial support will be fully achieved.

Arthur Murphy 90 Years Old

The Rev. Arthur Murphy, MA, celebrated his 90th birthday Wednesday. In his honor his daughters, Miss Evelyn Murphy and Mrs. John Cleave Kenwood held a reception for 130 persons at his home in Garneau.

HIS HONOR, the lieutenant-governor of Alberta and Mrs. John Campbell Bowen attended. His Honor spoke a few words of congratulations to Mr. Murphy.

Receiving with the guest of honor in rooms decorated with spring flowers were Miss Murphy, frocked in dusty pink crepe, complimented with a silver and amythest necklace; Mrs. Kenwood wearing a turquoise blue gaberdine dress and an heirloom bracelet, gift of her aunt, Mrs. Ferguson-Burke of Toronto; Miss Emily Kenwood, granddaughter of Mr. Murphy, who wore a black crepe dress trimmed with sequins, complimented with a single strand pearl necklace, and Mr. Kenwood.

THE TEA table was centred with a low silver bowl of snapdragons, stalks and tulips in rose, cream and mauve colors. Presiding at the old copper urns were Lady Montague, Mrs. W. A. R. Kerr, Mrs. James Walker and Mrs. O. F. Strong.

Assisting in serving were Mrs. Ancus Douglas and the Misses Edna Kenwood, Jane Ramsey, Joan Dodds, Barbara Blackett, Bunny Robb and Berniece Thyne.

Representing the Rt. Rev. W. F. Barfoot, Anglican Bishop of Edmonton was the Very Rev. Dean A. M. Trendell, who also spoke a few words of congratulations. Mr. Murphy replied giving his ideas for a long life.

Many telegrams and bouquets of flowers were received by the guest of honor.

Lt.-Cmdr. W. W. H. "Bill" Martyn

Veteran British Fleet Pilot Has Outstanding War Record

Few wartime airmen of any nation can equal the record of Lt.-Cmdr. W. W. H. "Bill" Martyn, 30-year-old, much decorated veteran of the Royal Navy fleet air arm and RAF veteran of the historic Battle of Britain.

A former Calgary youth, Lt. Cmdr. Martyn is visiting his father, Charlie Martyn, well-known Edmonton binder twine salesman, and it is the first reunion between father and son in eight long, anxious, and for young Martyn, action-crammed years.

A veteran of nearly 10 years of flying, Lt. Cmdr. Martyn has flown 1,800 hours without a single mishap. His record includes 4½ years as a first line fighter pilot.

HE HAS SERVED aboard practically every aircraft carrier in the Royal Navy, the list including such imperishable names as HMS Glorious, Ark Royal, Indomitable, Furious, Argus, Formidable, Stalker, Battler and Ruler.

His last ship was HMS Ruler in which he served against the Japanese in the closing hectic months of the Pacific campaign off blood-drenched Okinawa and Leyte.

The Glorious and Ark Royal were both sunk in Mediterranean actions while Martyn was fortunately not aboard. He survived a torpedoing aboard the Carrier Indomitable.

THE YOUNG Albertan has flown 47 different types of fighter aircraft during the war.

Martyn went to Britain about the same time as the late Wing Cmdr. Blatchford, DFC, well-known Edmonton youth who was lost in combat after a brilliant record in the Battle of Britain with the RAF.

Martyn trained with Blatchford before the start of the Second World War and later met him in London while on leave.

"It was a most happy reunion," the Calgarian recalled.

MEMORABLE highlights of Martyn's brilliant career include the photo-reconnaissance raid on Calais gun emplacements in 1940 when his machine staggered back to England with his observer seriously wounded, the flaps shot away, a huge hole in the wing fabric and the gasoline tank holed. In the Mediterranean in 1942 he was with a group of four British planes attacked by 30 JU 88's.

With his motor knocked out completely he made a safe landing on the flight deck of the Indomitable. Almost as he landed the great ship was bombed heavily by enemy aircraft and had to limp for the safety of Gib...

LT.-CMDR. W. W. H. MARTYN and HIS FATHER

loan to the RAF, he was credited with destruction of three enemy aircraft. He is credited with being in on the kill of five others in that momentous battle.

HE WAS IN the Indian Ocean at the time of the fall of Singapore, serving on the Indomitable which ferried 50 Hurricanes from Egypt for the doomed base.

One of the most satisfactory experiences of his hectic career was being in on the kill when the great German battleship Tirpitz went down under a hail of aerial bombs off Norway near the close of the European war.

It was for gallant service off Norway and destruction of oil tanks that he was awarded the Distinguished Service Cross. He was mentioned in dispatches on several occasions, for the Battle of Britain and convoy work to beseiged and battered Malta.

HIS CAMPAIGN ribbons just about cover his chest when he puts them all up.

They include 1939-45 Star with Battle of Britain Clasp, the North Africa Star with Rosette, the Air Crew Europe Star with Atlantic Rosette, the Italy Star, the Burma Star with Pacific Rosette and the Defence of Britain ribbon.

Lt.-Cmdr. Martyn is now on leave of 122 days and...

...HE BRIDE'S TABLE, laid with ...ut-work linen cloth, was centred with a three-tiered wedding cake, flanked by vases of sweetheart roses and slender white tapers. Presiding at the coffee urns were Mrs. W. T. Coote, aunt of the bride, and Mrs. Ernest Meaden. W. T. Coote proposed the bridal toast.

The couple is spending a honeymoon in Banff and for travelling the bride donned a brown dressmaker suit with brown and pink accessories. Later, they will make their home in Edmonton.

* * *

Past Mistresses' Club, IOBA, meeting at the home of Mrs. H. H. Quick, 10121 111 avenue, Thursday at 2:30 p.m.

Mildred Cates City Visitor

"The system of education employed by the United Church mission schools in Central India is unlike the general trend of the United Provinces, and more like the English system," stated Miss Mildred Cates, BA, of Central India, who arrived in Edmonton Tuesday evening, in an interview with **The Edmonton Bulletin.**

MISS CATES has spent nearly 15 years in educational work in United Church mission schools in Rutlam and Dhar. Born in Manitoba, she is a graduate of the University of Saskatchewan, and has taught school in Alberta and Saskatchewan. Since her arrival in Canada, on leave, she has been taking a course in theology in British Columbia.

"Central India where we have 11 major mission schools, is under Indian rulers, whose rule is not democratic, but definitely autocratic," she said. The mission schools, however, were run entirely independently, and not even subject to inspection. Until recently, Miss Cates said, English had been a compulsory subject, but now it was optional, and two Indian languages were compulsory, rather than English. This change was made due to the fact that there are at least 25 different Indian languages. The native states had their own system of education as compared to the United Provinces.

SOCIAL and PERSONAL

AMONG the university students who have completed final examinations and have left for their homes are the Misses Sydney Jones, Ponoka; Elfriede Milbradt, East Coulee, and Phyllis Weston, Calgary. Leaving Wednesday are the Misses Marion Davenport, De Winton, and Helen Plasteras, Regina, Sask.

* * *

A Maytime tea will be held by the Kalethes Club of McDougall United church at the home of Mrs. Wesley Bainbridge, 10082 Macdonald Drive, Friday, from 3 to 5:30 p.m. and from 8 to 10 p.m. There will also be a sale of aprons.

* * *

Price, president of the association, and Miss Anne Fleming, president of the graduands will respond. Toast to the King will be proposed by Mrs. J. Loney, and toast to the

...ral ... direct ... and he shrugs his shoulders and says he's always like that. He figures as long as he gives a girl enough time to get ready, she oughtn't to complain.

YOU CAN'T make him see that a girl likes to plan her dates ahead. She likes to anticipate her date . . . that's almost as much fun as having it really. She likes to take time over dressing. She likes to take time to dream and wonder what the evening holds in store. And she can't do that if she has a date hurled into her lap at the last minute.

You're so upset over what you ... calling you earlier, But you still feel put out about it. ...d mildly to him sev...

consider his off-hand treatment that you're beginning to wonder all sorts of weird things. Perhaps he asked some other girl first and she turned him down and he asked you as a last resort. Maybe he doesn't really care a thing about you. You're his last ditch stand.

MAYBE HE thinks he has you wrapped around his finger if you nod a yes when he asks you to go somewhere at the eleventh hour. Maybe he thinks he doesn't have to give you any warning . . . you're always ready and only too willing to go with him whenever he asks you.

You've reached the point where you don't dare make dates with anybody else for fear he'll ask you on the spur of the minute . . . and you'll miss something heavenly.

BE HONEST now. You wish he'd ask you earlier out of fear that you'll have something else to do, don't you? You wish he'd look forward to dates with you himself. You wish he'd care as much about his dates with you as you do. It's your pride bothering you.

Don't let that stand in your way of accepting his last-minute invitations. Not if you haven't anything else to do. Of course, one of these nights you might be very busy indeed. And he's the one who'll miss something by not clinching the deal with you ahead of time.

training school by Mrs. W. McCready. Guest for the evening will be Miss Evelyn Matthewson, science instructress.

* * *

A surprise party was held at the home of Mr. and Mrs. George M. Gibb, Bonnie Doon, Monday, on the occasion of their silver wedding anniversary, when 58 persons were present. The honored couple was presented with a silver tea set and tray. The presentation was made by little Roberta Winchester. Toast to Mr. and Mrs. Gibb was proposed by Andy Adamson. Soloists were Miss Bunny Hosford and Mrs. David Sissons.

* * *

Ladies' Auxiliary to the 96th Anti-Tank Battery held its final meeting Tuesday evening at the home of Mrs. Walter P. Wilson. Reports covering activities of the past four years, since 1942, when the auxiliary was organized, were presented. Mrs. William Thomson, president, presided, and tea was served at the conclusion of the meeting.

* * *

Mr. and Mrs. William McGruther of Edmonton announce the engagement of their daughter, Isobel, to George Corey McCay, younger son of Mr. and Mrs. John McCay of Bounty, Sask. The wedding will take place Saturday, June 8, at 4 p.m. in Knox United church.

Your Baby And Mine

By MYRTLE MEYER ELDRED

When the bones of a child's body curve and broaden in an unnatural way and result in bow-legs, knock knees, pigeon-breasts, etc., it is because the child is suffering from rickets.

RICKETS is a nutritional ailment. It advertises both a lack of proper, mineral-bearing foods in the diet, and sufficient vitamin D to enable the body to make use of them in bones and teeth and nervous system.

VITAMIN D can be manufactured in the body by the action of sunlight on the oils of the bare skin. But during the winter months when sunlight is scarce and when heavy clothing shrouds the body from the sun, the vitamin D has to be provided by adequate doses of plain fish liver oils, or concentrations of these oils or plain viosterol.

There was a time when it was considered unnecessary to dose these vitamin products during the summer months. It was felt that during the hot season, with the child exposed daily to the rays of the sun, with a minimum of clothing to screen them away, that enough vitamin D would be manufactured to protect the child against rickets.

THIS THEORY no longer is upheld. It has been found that during the active growing months and early years, children in sunny climates developed about the same degree of rickets as children in colder climates, unless both were protected by vitamin D.

NOW WE NO LONGER store away the cod liver oil bottle on the first of May. Instead we continue to dose it, in slightly diminished quantities all through the hot summer.

Not only is the baby protected against rickets, but he preserves his "taste" for this flavorful product and does not develop any antagonism toward it.

THE OLDER CHILD who has been so unfortunate as to develop marked symptoms of rickets is in need of larger, curative doses of vitamin D all year round. It is the action of this vitamin on the bones of the body that returns them to their pre-destined shape.

Two in Hospital Suffering Burns

Two men are in the Royal Alexandra hospital suffering from extensive burns received late Tuesday afternoon when their clothing caught fire during two fires in the city. Both fires were caused by gasoline being ignited.

QUICK THINKING by a mechanic and a city fireman saved the life of George Johnson, 7120 130 avenue about 5 p.m. Tuesday when gasoline from a truck on which he was working caught fire and set his clothing blazing.

Johnson was working under a truck in Frank Adby's garage, 118 avenue and 66 street, repairing a gasoline feed line when the blaze broke out. Terrified, he scrambled from under the truck and rushed out of the building with his clothing and hair blazing.

A fellow-worker, Cecil "Red" McElroy, 11410 72 street, ran after Johnson, ripped the burning shirt off his back and wrapped him in blankets to smother the flames. City fireman Charlie Keil, who was on his way to No. 7 fire hall to report for duty, assisted McElroy.

THE FIRE is believed to have been started by a spark flying from welding equipment being used by Jim Kinnee, 10160 94 street, in another part of the garage.

While McElroy and Fireman Keil smothered the flames, other employees sounded a fire alarm and put through a call for Dr. T. H. Field, 8123 118 avenue, who rendered emergency first aid and had the injured man removed to the Royal Alexandra hospital by Jack Hays' ambulance.

Fire equipment from No. 7 fire hall responded to the alarm under acting captain Lambert and quickly extinguished the burning truck, which suffered only slight damage.

WEDNESDAY MORNING hospital authorities reported that Johnson's condition was not considered serious but said he had suffered badly burned hands, forearms and severe burns to the right side of his body.

Less than one hour earlier Paul Penkow, 12144 95 street, was rushed to hospital suffering from severe burns to his right leg and arm when some gasoline ignited while the gas tank of his motorcycle was being filled at the Fairview Service station, 9104 118 avenue.

T. Mattison, proprietor of the station, told police that some gasoline spilled while the tank was being filled and was ignited by the engine of the machine which was still running.

THE BURNING gasoline ignited Penkov's right pant leg and spread to his right coat sleeve before the flames could be smothered by Mr. Mattison and other garage employees.

Authorities at the Royal Alexandra said Wednesday that Mr. Penkow's condition was good.

Alberta Officers Retire From Army

The following officers, residents of Alberta, have been retired from the army for week ending April 2, headquarters MD No. 13 announced today:

Capt. C. F. Bullen, RCAC, High Prairie; Capt. A. W. Swan, CIC, Banff; Capt. L. R. Amundsen, RCAMC, Claresholm; Capt. H. B. Armstrong, RCAMC, Edmonton; H.-Capt. J. H. Dicker, CCS, Edmonton; Lt. F. J. Hastie, RCE, Coleman; Lt. R. R. Mahaffey, RCA, Kitscoty; Lt. J. D. Menzies, RCAC, Turner Valley; Capt. L. W. Roberts, CIC, Calgary; Capt. W. J. Ebdon, CIC, Edmonton.

2-Lt. H. A. Larson, RCHME, Calgary; Capt. C. Orr, RCA, Calgary; Lt. E. W. Rossetti, RCA, Lethbridge; Capt. W. J. Sellhorn, RCAPC, Redcliffe; Yt. G. J. Amerongen, CIC, Edmonton; Capt. C. E. Bodkin, RCAMC, Banff; Capt. J. D. Cottrell, RCAMC, Provost; Lt. H. O. B. Kenigson, RCAC, Edmonton; Capt. C. Sklar, CDC, Calgary; Capt. C. H. Tredger, RCAMC, Edmonton.

New Tennis Club For South Side

A tennis club was formed by the young people of Scona Centre Community League at a general meeting held on Tuesday night in the community hall. Persons wishing to join the club are asked to attend the next meeting to be held Tuesday May 7 at 8 p.m. in the club house.

Elected to the executive were: President, Mureen Kelly; vice-president, Robert N. Douglas; treasurer, Marguerite Climie; secretary, Hope Russell; property committee; D. C. Parks, chairman; Boyd Vigus, Doug. Henderson and Newton Douglas.

A request for volunteers to assist on Thursday evening in fixing wire netting and making minor repairs at the tennis court was made by Harold Turnbull, president of the league.

Name Director

C. E. Halberg, technician with the mobile X-ray units of the Alberta Tuberculosis Association since 1943 and former resident of Forestburg, has been appointed full-time director for the units. While in Edmonton he will work through the office of Dr. G. R. Davison, director of tuberculosis research.

MURRAY HAMILTON

Highland Games Here on July 1st

Edmonton's annual exhibition of Highland games will be presented this year on July 1 at the South Side Athletic grounds, it was decided at a meeting of the Highland Games Association held in the board room of the Edmonton City Dairy on Tuesday night. The games association and the South Side Business Men's Association are throwing their lot together for this year's event.

OFFICERS CHOSEN for the game association for the coming season were: Hon. Pres., Hon. James A. MacKinnon, minister of trade and commerce; honorary vice-presidents, H. R. Milner, KC, Mayne Reid, KC, S. H. McCuaig, KC and Dr. A. W. McBeth; president, Murray Hamilton; vice-president, The Rev. Father J. A. McLellan; chieftan, T. H. Campbell; chaplain, The Rev. K. C. McLeod, Mannville; bard and historian, R. T. Anderson; publicity, Jack Strachan; secretary-treasurer, E. A. Myles, 10147 113 street.

Alex. Riddell, past president of the association, was in the chair for the meeting.

THE ANNUAL church service of the association is scheduled for the grounds of the Legislative buildings on Sunday, June 30.

Father McLellan, who was for a time padre to The Loyal Edmonton Regiment, will speak to the next meeting of the association on some of his overseas experiences. The meeting is to be held in the board room of the ECD at 8 p.m. on May 8th.

More Dependents Due on April 30th

Two other ranks of the Canadian Army and 99 dependents of Canadian navy, army and air force personnel will dock in Halifax aboard the Aquitania about April 30, headquarters of MD 13 announced today. Movement from port will be by special trains and exact time of arrival at their destination will be announced later.

Loss of Baby Teeth May Cause Trouble

In the majority of cases where malformation develops in children's faces the cause can be traced to premature loss of the baby teeth as one of the factors, it was stated by the chairman of the Ontario Dental Public Health committee Dr. S. A. MacGregor of Toronto, who will address a clinic and short course Tuesday for Northern Alberta dentists under auspices of Canadian, Alberta and university dental groups at the University of Alberta.

A member of the University of Toronto dental faculty and a specialist in children's dentistry, Dr. MacGregor warned that unrestricted consumption of candy and sugar by children contributed to dental troubles with children and laid the groundwork for dental decay in later life.

Lt.-Cmdr. W. W. H. "Bill" Martyn

Veteran British Fleet Pilot Has Outstanding War Record

Few wartime airmen of any nation can equal the record of Lt.-Cmdr. W. W. H. "Bill" Martyn, 30-year-old, much decorated veteran of the Royal Navy fleet air arm and RAF veteran of the historic Battle of Britain.

A former Calgary youth, Lt.-Cmdr. Martyn is visiting his father Charlie Martyn, well-known Edmonton binder twine salesman, and it is the first reunion between father and son in eight long, anxious, and for young Martyn, action-crammed years.

A veteran of nearly 10 years of flying, Lt. Cmdr. Martyn has flown 1,800 hours without a single mishap. His record includes 4½ years as a first line fighter pilot.

HE HAS SERVED aboard practically every aircraft carrier in the Royal Navy, the list including such imperishable names as HMS Glorious, Ark Royal, Indomitable, Furious, Argus, Formidable, Stalker, Battler and Ruler.

His last ship was HMS Ruler in which he served against the Japanese in the closing hectic months of the Pacific campaign off blood-drenched Okinawa and Leyte.

The Glorious and Ark Royal were both sunk in Mediterranean actions while Martyn was fortunately not aboard. He survived a torpedoing aboard the Carrier Indomitable.

THE YOUNG Albertan has flown 47 different types of fighter aircraft during the war.

Martyn went to Britain about the same time as the late Wing Cmdr. Blatchford, DFC, well-known Edmonton youth who was lost in combat after a brilliant record in the Battle of Britain with the RAF.

Martyn trained with Blatchford before the start of the Second World War and later met him in London while on leave.

"It was a most happy reunion," the Calgarian recalled.

MEMORABLE highlights of Martyn's brilliant career include the photo-reconnaissance raid on Calais gun emplacements in 1940 when his machine staggered back to England with his observer seriously wounded, the flaps shot away, a huge hole in the wing fabric and the gasoline tank holed. In the Mediterranean in 1942 he was with a group of four British planes attacked by 30 JU 88's.

With his motor knocked out completely he made a safe landing on the flight deck of the Indomitable. Almost as he landed the great ship was bombed heavily by enemy aircraft and had to limp for the safety of Gibraltar after suffering four direct bomb hits.

OFF SICILY, during the landings, the Indomitable was torpedoed and Martyn had to fly his plane to the Formidable later transferring again to the Stalker for the Salerno operations.

During the Battle of Britain, on loan to the RAF, he was credited with destruction of three enemy aircraft. He is credited with being in on the kill of five others in that momentous battle.

LT.-CMDR. W. W. H. MARTYN and HIS FATHER

HE WAS IN the Indian Ocean at the time of the fall of Singapore, serving on the Indomitable which ferried 50 Hurricanes from Egypt for the doomed base.

One of the most satisfactory experiences of his hectic career was being in on the kill when the great German battleship Tirpitz went down under a hail of aerial bombs off Norway near the close of the European war.

It was for gallant service off Norway and destruction of oil tanks that he was awarded the Distinguished Service Cross. He was mentioned in dispatches on several occasions, for the Battle of Britain and convoy work to beseiged and battered Malta.

HIS CAMPAIGN ribbons just about cover his chest when he puts them all up.

They include 1939-45 Star with Battle of Britain Clasp, the North Africa Star with Rosette, the Air Crew Europe Star with Atlantic Rosette, the Italy Star, the Burma Star with Pacific Rosette and the Defence of Britain ribbon.

Lt.-Cmdr. Martyn is now on leave of 122 days and is really enjoying the rest and reunion with his father and mother. Mrs. Martyn resides at 1608 3th Avenue West, Calgary. The officer plans to return to civilian life soon.

A SISTER, Jean Martyn, is now attending University of Alberta here after 2½ years as a sergeant in the women's division of the RCAF.

Vicious "Pet" To Be Destroyed

Dog and Owner Lose Out In Hectic Court Session

All was trouble and turmoil in the usually staid surroundings of Magistrate A. I. Millar's city police court Tuesday afternoon—and it was all caused by a collie dog owned by Mrs. Constantine Dempko, 13335 71 street.

A FEW DAYS ago the Collie bit a nine-year-old boy, Robert Turlock, and a summons was applied for against Mrs. Demko for harboring a vicious dog.

Difficulties arose as soon as the charge was read. Mrs. Dempko, a Ukrainian woman, couldn't understand English so a plea of guilty was taken through her daughter. Then it was decided that an interpreter was necessary and one was obtained with Mrs. Dempko again pleading guilty.

HOWEVER, MRS. DEMKO began putting up so many arguments on behalf of her collie that Magistrate Millar ordered her plea changed to not guilty. A few minutes later she decided to plead guilty all over again.

With that all nicely settled and things beginning to run smoothly again, the boy's mother asked for damages which were made up of $18 medical charges, $3 for taxi fare to take the boy to hospital and 50 cents for a tear in her son's jacket.

THE $3 TAXI fare seemed unreasonable to the magistrate for the distance required to reach a hospital so he tossed that charge out and Mrs. Demko was ordered to pay $18.50 damages and to have her collie destroyed.

Mrs. Turlock continued to argue over the $3 taxi bill after court had been dismissed for the day while Mrs. Demko started sadly for home to say farewell to her pet.

Plumbers Discuss Business Manager

Appointment of a business manager was discussed at length at Tuesday morning's session of the Alberta branch of the National Association of Master Plumbers and Heating Contractors Association annual convention in the Masonic Temple.

It was finally decided to leave the matter in the hands of the incoming executive that will be elected at the closing session Tuesday afternoon.

The executive will also seek advice from the Edmonton and Calgary branches.

A resolution urging adoption of provisions of a standard plumbing code drafted by the National Research Council of Canada in national parks installations, was discussed.

Other committees will present additional resolutions for consideration at the closing session Wednesday.

H. B. Trotter, Calgary, president of the Alberta branch of the association, is presiding.

American Legion Opens Post Here

An American Legion post of fifty members within six months and of two or three hundred inside a year or two was envisioned at a meeting held in Memorial hall Tuesday evening, when an executive and a name for the new post were selected.

THE POST is to be named after Lt. Col. A. R. Mensing, one-time operations officer at the local U.S. airbase whose plane was reported missing while on a flight in the north country early in 1943. No trace has yet been found of the aircraft of its 11 passengers.

The post executive for the three months allotted to organization purposes will be: Post commander, Norman W. Gibson; vice-post commander, Nels R. Gylander, Magnolia; post adjutant, Lloyd R. Atkinson; sergeant-at-arms, John R. Beatty; finance officer, Mark M. Albert; post historian, W. E. Galbraith; chaplain, the Rev. J. R. Cox.

There are many veterans of the two wars who are eligible for membership in the American Legion, Mr. Atkinson announced, and told of a conversation with an ex-service man who had served with American forces in the Spanish-American war. He regretted that veterans of other than the last two wars were ineligible for membership.

HE HAD DISCOVERED by correspondence with Legion headquarters, he said, that personnel not yet discharged from the American forces could be members in the organization.

Meetings will be held each month, he said.

Radio Programs

The following programs are supplied to **The Edmonton Bulletin** by the broadcasting companies, and any variations are due to last-minute changes by the broadcasting systems or stations concerned.

Barrister Speaks To Y's Men's Club

Anybody who wants to and makes up his mind to be, can be a competent public speaker, was a point stressed by L. Y. Cairns, KC, when speaking to members of the Edmonton Y's Men's Club at a meeting in the "Y" on Tuesday night. Mr. Cairns outlined 14 points which if followed would improve a person's ability to speak well in public. He also recommended the book, "How to Speak in Public", by C. W. Wright, as a worthwhile book for anyone interested. Harold Sprague, president of the club, was in charge of the meeting.

RETURNS HERE.—Group Capt. J. A. Hutchison, OBE, who is back in Edmonton on final demobilization leave after more than three years of service overseas. His last command overseas was the large repatriation centre at Torquay, England. Enlisting early in 1939 the officer commanded No. 2 AOS and No. 4 ITS, RCAF training centres in Edmonton before proceeding overseas. A former assistant director of forestry with the provincial government before the war, Group Capt. Hutchison plans to return to the service of the government following discharge.

Adult Education Classes Near End

Final lectures in the current series of adult education classes will be held at Garneau school on Friday. There will be no general assembly at 8 p.m. as has been the custom, and regular classes will begin at 8:30 p.m.

It is planned to resume the classes in the fall with courses lasting eight weeks instead of five as at present.

Find Summer Jobs For U of A Students

Many university students are receiving assistance in finding summer work, and in many cases, permanent employment, through the activity of the university appointments board which serves as a liaison group between employers and students. Chairman of the board is Dr. Robert Newton, president of the university, and the secretary, G. B. Taylor, assistant registrar at the university.

THE ACTIVITIES of the board were developing prior to the war but were discontinued through the war years as employment during that time was handled by the selective service. However, the appointments board is again functioning and is making every effort to aid as many students as possible. The board is especially designed to assist in the placing of graduate students.

Marcel Lambert, chairman of the Canadian University Returned Men's Association summer work committee, is also a member of the board and deals with employment problems concerning the University of Alberta student veterans.

Louis XIV had 413 beds. Some were decorated with pearls, silver and gold.

CARSON CREW

Arthur Treacher

Jack Carson

The Jack Carson Show, starring Jack Carson and Arthur Treacher, commencing tonight will be heard at its New Time—9 p.m. over CFRN.

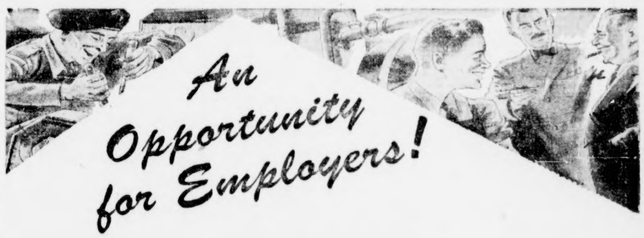

NOTICE TO SHAREHOLDERS Of RAM RIVER OILS Limited

Ram River Oils Limited No. 3 Well Drilling at 3,000 feet.

No. 4 Well drilling at 947 feet. Oil slicks appeared on the drilling fluid at 457 feet and continued to 600 feet. Gas made its appearance at 558 feet in the form of small bubbles in the drilling fluid, and continued to present depth with a noted increase at 830 feet and is continuing. Porosity is also noted in the recovered core.

For further particulars, contact Ram River Agencies, 522 Tegler Building.

Phones: 27723 - 28583

NOW is the time when an employer may secure the best type of young person to train on the job, to become one of his regular employees.

CANADIAN VOCATIONAL TRAINING — a joint program of the Dominion and Provincial Governments — arranges and supervises the placement of veterans, either men or women, for training on the job.

THE EMPLOYER pays the trainee what he earns during training, and where necessary the Dominion Government will add to this amount so that the veteran may have a living income while training.

THE DEPARTMENT OF VETERANS' AFFAIRS gives approval for training veterans on the job in any occupation which is suitable, and where the veteran will master a definite occupation, looking to his future employment.

IF YOU, as an employer, have any training vacancies in which veterans may be placed, contact the nearest representative of ***CANADIAN VOCATIONAL TRAINING.***

OR get in touch with the nearest office of the ***NATIONAL EMPLOYMENT SERVICE.***

This is a real opportunity for employers to secure trained, efficient personnel, while aiding rehabilitation.

ACT NOW!

Legal Notices

Notice to Creditors and Claimants

In the Estate of OSCAR HOLSTROM, late of Vega, in the Province of Alberta, Farmer, deceased.

NOTICE is hereby given that all persons having claims upon the estate of the above named OSCAR HOLSTROM, who died on the 3rd day of January, A.D. 1946, are required to file with the undersigned Administrator, by the 7th day of June, A.D. 1946, a full statement duly verified of their claims and of any securities held by them, and that after that date the Administrator will distribute the assets of the deceased among the parties entitled thereto, having regard only to the claims of which notice has been so filed or which have been brought to his knowledge.

DATED this 29th day of April, 1946.
J. M. THOM,
Public Administrator,
Provincial Building,
G. 573 Edmonton, Alberta.

Notice to Creditors and Claimants

In the Matter of the Estate of JAMES THOMAS LETT, late of the City of Edmonton, in the Province of Alberta, Retired, Deceased

NOTICE IS HEREBY GIVEN that all persons having claims upon the estate of the above named JAMES THOMAS LETT who died at Edmonton, in the Province of Alberta, on the 4th of March, 1946, are required to file with MESSRS. DUNCAN CROSS AND JOHNSON, Barristers, Etc., Bank of Nova Scotia Building, Edmonton, Alberta, Solicitors for MARGARET SARAH LETT and CHARLES ALEXANDER BRINE, the Executors, by the 12th day of June, A.D. 1946, a full statement, duly verified, of their claims and any securities held by them; and that after that date the Executors will distribute the assets of the deceased among the parties entitled thereto, having regard only to the claims of which notice has been so filed or which have been brought to their knowledge.

Dated this 29th day of April, A.D. 1946.
DUNCAN CROSS & JOHNSON
Solicitors for the Executors.

The Inquiring Reporter

THE QUESTION

What part do you intend taking in the clean up campaign being sponsored by the Junior Chamber of Commerce?

THE ANSWERS

TOM PERRY, trucker: First thing I am going to do is start in the attic. To tell you the truth I am almost afraid to look up there. I don't suppose everybody in the house is going to agree to some of the things I am going to throw out.

MARTIN COLLINS, market gardener: Well, I have already made a good start by getting my gardens cleaned out and in shape. I guess I will have to start on the house next. We did, however, get rid of a lot of rubbish during the war years that would have probably been hanging around yet. We gave a lot of old clothing to the clothing drive last fall.

JIM HAVERCROFT, ex-serviceman: I like the idea about painting the house and the fence—if only someone would try and get some paint from my landlord for me. I have tried and so far the results have not been in my favor. However I can assure you that our home will be free from rubbish and spotlessly clean, even if it does need painting.

Varsity Students Leave For Camp

Some 20 university students left Edmonton Wednesday morning for Fallis, Lake Wabamun, to attend the Student Christian Movement Spring camp which extends until May 8. Two students responsible for arrangements are Eileen Kennedy and Claire Bonnell. The camp leaders will be the Rev. Thomas R. Davies of Highlands United church and Rev. Gerald Hutchinson, national secretary of the Student Christian Movement in Canada. The theme to be followed in talks and discussions will be "Resources of Christianity". The purpose of the camp is to give exam-weary students a week of leisure in which to enjoy sports in the open air, games, hikes and friendly discussion.

The name comet is derived from the Greek and Latin words for hair—from a fancied resemblance between the tails of comets and long hair streaming in the wind.

ON GILLETTE BOARD.—Col. the Hon. J. L. Ralston, KC, CMG (above) who has been elected to the board of directors of the Gillette Safety Razor Company of Canada, Limited. The announcement was made by J. I. Stampleman, president, following the annual meeting of shareholders recently.

Carelessness Said Cause of Shooting

Pte. Robert John Long, 20 years old, of Delia, died after being accidentally shot "due to the careless handling of a rifle in the hands of Pte. Bruce Mountney", according to a verdict returned by a coroner's jury at Wainwright inquiring into the death of the soldier Saturday.

According to evidence filed at the inquest, Long died at 12.30 p.m. after being shot through the heart while lying in the lower part of a double-decker bunk in Hut 48 of the Guard's quarters at the Wainwright prisoner-of-war camp.

Standing beside the bunk with his rifle, Mountney, according to the evidence, was "easing the spring" of the weapon when it discharged. Presiding at the inquest was Coroner H. C. Wallace. No charge had been laid against Mountney up to Tuesday night.

Amateur Magic Subject of Talk

Frank Herman, magician, played a different role on Tuesday when he explained "amateur magic" to members of the Cosmopolitan club at their weekly luncheon held in the Corona hotel. Stating that in the United States and Canada there are more than 500 professional magicians endeavoring to make a living at the art, he went on to say that out of this number only about 10 made fair money.

Magicians as a rule have about 100 classic tricks and seldom use new ones, he said.

Mr. Herman was introduced by Wally West and thanked by Stan Wollard. J. H. Thorogood presided.

Grant Owen, a new member, was initiated into the club during the course of the luncheon.

To Show Aircraft At Edmonton Base

The veil of secrecy which has surrounded the Royal Canadian Air Force's winter experimental establishment is to be lifted on Sunday, May 5, when their aircraft will be given a public display at the Edmonton Municipal Airport. Air Vice Marshal T. A. Lawrence, CB, air officer commanding North West Command, announced today.

DURING THE PAST winter Edmontonians have showed considerable interest in the various types of aircraft which have been seen flying over the city, but due to the pressure of the work and the secret nature of many of the experiments carried out by the unit, it has been impossible to permit the public to view the airplanes. Now that the winter has been completed, the RCAF is pleased to announce that it will display to the citizens of Edmonton the finest collection of aircraft in Canada.

Spectators are requested to park their cars along Kingsway avenue, and enter the airdrome by the main gate at the traffic light on Kingsway. The aircraft will be on display from two o'clock until five o'clock Sunday afternoon, and they will take off at five o'clock.

Business Official Has Talks in City

F. L. Morris, New York City, general field engineer for the Otis Elevator Co., Ltd., manufacturers of passenger and freight lifts, was an Edmonton visitor Wednesday. On the way to the Pacific coast, Mr. Morris conferred here with R. G. Kropp, Edmonton agent for Otis-Fenson, Company, Ltd., the Canadian affiliate of the New York firm, which is said to be the largest manufacturers of freight and passenger elevators in the world. Mr. Morris is a guest at the Macdonald hotel.

Meeting to Plan Tennis Activity

To organize for tennis on the former RCAF courts in the Exhibition grounds, now turned over to the Bellevue and Cromdale Community Sports Club, there will be a meeting in the Bellevue community hall at 112 avenue and 82 street at 8 p.m. Wednesday. All interested persons in the general district, whether members of the sports club or not are urged to attend so that plans can be made without delay for utilization of the courts.

STREAM THREATENED

HODDESDEN, Herts., Eng. — (CP) — Representatives of fishermen's associations are petitioning for preservation of the Lea river known as "Izaac Walton's river," threatened by a power development program.

Paintings Attract Interest of Many

Seven original paintings by a master in the field of historical illustrating this week were attracting considerable comment from Edmontonians visiting the 102 street Hudson's Bay Company store window where the collection is on display.

The pictures, all the work of J. D. Kelly, are from the collection of Kelly's original paintings for the calenders published every year by the Confederation Life Association. They are on tour through the Dominion in connection with the Life Association's 75th anniversary and will remain in Edmonton for the balance of this week.

IN ADDITION to the well-framed pictures, there is a miniature revolving stage in the centre of the display-space, which depicts three periods in Canadian history—1871, 1910 and 1946.

Included in the collection of paintings are Kelly's "Gateway to the Canadian Granary," Winnipeg, 1872; a depiction of the opening of the first Welland canal in 1829; Capt. John Franklin, RN, at Great Bear Lake, 1825; "Toronto Purchase," the final treaty between the Crown and Indian Chiefs for the purchase of the site of present-day Toronto in 1788; Capt. George Vancouver, RN, at Burrard Inlet, site of Vancouver, B.C., in 1792; opening of the first parliament of Upper Canada at Newark (now Niagara-on-the-Lake) in 1792; and "Birth of Victoria, B.C.," showing the survey of the site for a fort and trading post on Vancouver Island in 1843.

Home, School Assn. Receives Reports

The Mountglen Home and School Association heard reports from the Alberta Home and School Federation at the regular monthly meeting at Westglen high school this week. Delegates from the association, Mrs. Stuart Bird and Mrs. Walter Williamson, stated that the federation convention had been most successful.

TWO MEMBERS of the association were elected to the federation executive, Mrs. J. D. MacDonald as second vice-president and Mrs. A. S. Bird as sixth vice-president. Theme for 1946-47 was given by the national president, Dr. S. R. Laycock, professor of educational psychology, University of Saskatchewan, as "Juvenile Delinquency." The delegates suggested that every home and school member should be acquainted with the school building situation in their own districts.

A LETTER WAS read from the Civic Recreation Commission suggesting the formation of a community council in the Mountglen area. The meeting endorsed the proposal and agreed to work with the Community League and the Mountglen YMCA to promote community activities.

Dr. V. M. Lloyd, chairman of the nominating committee, brought in a proposed slate to be voted on at the next general meeting.

RAYMOND E. SHAULL, president of the association, was in the chair. R. V. Clarke showed two sound films, "The Symphony Orchestra" and a color film on "The Salmon Run."

Before the Magistrate

Stephen Ferbey, 10032 105A avenue, was fined $300 and costs for keeping liquor for sale when he appeared in city court Tuesday. A charge of illegal possession of liquor was withdrawn, while similar charges against his father, Wasyl Ferbey, were also withdrawn.

* * *

Roy H. Teague was fined $30 and costs on a dangerous driving charge Tuesday as the result of an accident last Saturday on the Edmonton-Namao highway when he drove a vehicle into the side of a bus.

* * *

The result of the traffic squad's drive to clear up traffic by-law infringements in the city continued to show in police court records Tuesday as three motorists paid fines totalling $28 and costs. Sgt. Albert Woodwards said Tuesday that 21 summonses were applied for against motorists checked Monday, bringing the total to 66 for the first three days of the drive.

* * *

Seven persons paid fines totalling $165 and costs for breach of the Liquor Act, in the Edmonton police court Wednesday morning. Three of the accused were apprehended near the Scona Assembly Hall, South Edmonton.

* * *

Pauline Koblun, arrested Tuesday afternoon on a vagrancy charge, was sentenced by Magistrate A. I. Millar, KC, on Wednesday morning to 60 days hard labor at Fort Saskatchewan.

* * *

Three more Edmonton motorists were brought before Magistrate Millar on Wednesday morning for infringements of traffic by-laws. Their fines sent the till in the clerk of the court's office humming to the tune of $10 plus costs.

* * *

Evidence of an English member of the RAF who is returning to England shortly, was taken in city court Wednesday morning in connection with a charge of dangerous driving against Gordon Kennedy, a city taxi driver.

Charges against Kennedy were laid last March 23 following an accident on Portage avenue when a car he is alleged to have been driving struck and injured LAC Thomas Betts, RAF, and Pte. Cecil Fels of the Canadian Army.

Betts was the only witness called and after hearing his evidence the case was adjourned until June 3 as the soldier is still in hospital suffering from injuries received in the accident, including two broken legs.

IT'S A FABLE — **IT'S A FACT**

"PREFER QUALITY TO QUANTITY"

A fox once sneered to her neighbour, a lioness, that a litter of little foxes was an annual event with her but the lioness produced a cub only once or twice in a lifetime. "That's perfectly true," replied the lioness, "They may be few and far between, but every one of them is a LION!"

In shopping, too, it's quality that matters most. And that's what you're assured of every time you insist on EATON'S Own Brands—tried-and-true quality for every cent of your shopping dollar. Moreover, there's the additional assurance that each one of EATON'S Own Brands is backed by the fair-and-square EATON Guarantee: "Goods Satisfactory or Money Refunded."

IT'S A FACT - IT PAYS TO BUY
